The Peoples Candidate for Sheriff

1. In announcing my candidacy for Sheriff I am fully aware that all the citizens of Franklin County are giving their time and thought to world-wide conditions and to our great country's mighty effort to win our war as quickly as possible, but it is also necessary that we maintain full enforcement of our laws at home and always keep a level head in regard to local affairs. It is my desire to give the people of Franklin County this type of local enforcement of our laws that will serve all our citizens without fear or favor. The times are such that an extensive campaign for a local office is out of order because every gallon of gas and every ounce of rubber saved will cause Victory to come to our people that much quicker. I stand on my past record in public office of good government for Franklin County, and if you place me in office again the taxpayer's money will be used only when necessary for the proper enforcement of our laws.

2. If and when elected Sheriff I promise to stand at all times ready and willing to work in harmony with the County Commissioners and other governmental bodies of Franklin County.

3. I will call tallies jurors only when requested to do so by the Superior and Recorder's Court and then only the number requested by the Judge and not the same ones from term to term. I pledge to the people of Franklin County that no professional jurors will be used while I am your Sheriff.

4. I will consult the people of each township before a Deputy Sheriff is appointed so that the type of Deputy will be appointed that will best serve the interests of the citizens of each township. I promise to you the people that at least seven new deputies will be appointed in Franklin County.

COMMENTS—Mr. farmer, preacher, business man, professional man, and all the ladies: My desire to be Sheriff is to help the people in every possible manner. I appreciate the many words of praise and support that have been given me by citizens from all parts of the county. If you are either for or against me don't be afraid to state your favorite for this office as I pledge the same service to all the people when elected regardless of whom they supported for Sheriff. If some complaint is made to me as Sheriff a fair and timely warning will be given before action is taken. This is to guarantee to the people that many frivolous matters will be settled before they are brought into Court, thereby saving the taxpayers time and money. My thought is always for the best interests of the county. Willie V. Avent and B. N. Williamson, Jr. have made the county two capable and efficient officers, therefore, I unqualifiedly support them for re-election on the basis of their good work in office. There is nothing secretive about my support, as I always try to support the man who is qualified to serve the county in the office he seeks. My stand on the liquor question may not agree with your ideas, and I am not raising this issue in this campaign as the people must let their own conscience be their guide on this question. I voted to abolish the liquor stores in Franklin County in the last election and I personally have not taken a drop of intoxicating liquors of any kind, including beer or wine, in fourteen months. I personally am against whiskey because it causes suffering and anguish to the man who drinks and his wife and children, who in most cases could use the money so spent to a better advantage to themselves and the county. I do promise, however, that any person charged with a violation of the liquor laws will be prosecuted as far as the Sheriff's office is concerned by fair and truthful evidence. The above statements will be my platform and if you agree with me, your support will be appreciated. I am for fearless, economical, and efficient enforcement of the law in Franklin County with courtesy to all and favoritism to none.

C. C. HUDSON.
