The Reverend Hiram King Speaker in Chapel
The Reverend Hiram King of the First Methodist Church, Henderson, was guest speaker in chapel Tuesday morning.
His real emphasis was upon the urgent need for Christians to dedicate themselves to the high ideals and purposes worth fighting for. He stressed the inescapable necessity of moral and spirited forces in a crisis such as that of today. Personal experiences as a Lieutenant in World War I gave background and color to his timely subject.

Louisburg Stages "March of Dimes"
A "March of Dimes" contest was enacted on the campus last Saturday. The girls were divided into three groups to dominate space with chairmen for each group; while the boys composed one unit with their chairman.
Solicitors for the groups were the following students: Elaine Smith, Raeford; Ruth Pegram, Winston-Salem; Frances Cridlin, Roxboro; and Melvin Smiley, Macon.
The drive netted over \$16, the boys winning with a one-hundred per cent participation and the girls missing the goal by only a slight margin.

War Recruit News
Seventeen-year-old college boys have until March 18 to enlist in the officer-candidate program of the Naval Reserve, Captain M. C. Robertson, U. S. N. Director of Sixth Naval District Officer Procurement, announced in Atlanta, Ga.
The V-1 program was designed originally for freshmen and sophomore college students and, as it concerns 17-year-olds, was not affected by the President's recent order stopping voluntary enlistments.

Only 17-year-old applicants who are regularly enrolled freshmen or sophomore students or have been accepted for admission as such are eligible to sign up, Captain Robertson said.
Seventeen-year-old high school seniors graduating in February must be accepted and actually enrolled as a student in the colleges as of March 15 to be eligible for the V-1 program.
Youths wishing to enroll under the Navy's V-1 program may apply at the Office of Naval Officer Procurement, 721 Healey Bldg., Atlanta, Ga.; Lynch Building, Jacksonville, Fla.; University of South Carolina, Columbia, S. C.; N. C. State College, Raleigh, N. C.

The guests were divided into groups and were given qualifying tasks to complete before they were admitted to the party. These tasks, assuming the nature of a scavenger hunt, consisted of everything from finding baby names to counting the owls at the power plant.
The major entertainment of the evening was various brain-teasing and physical feats, after which a delightful course of cake, cream and nuts was served.

Good Bye
Two friends met on the street. One of them remarked on the dirty state of the other's hands. "Why," he exclaimed, "your hands are covered with soot." "Well, that's because I was down at the station seeing my wife away," replied the friend. "But how does that affect your hands?"
"I patted the engine."
