WAR BOND QUIZ

Q. Can Stamps of various denominations be placed in one album?

A. More than one denomination in an album greatly increases the work and cost of replacement. Please, therefore, don't mix denominations.

Q. May a minor designate a co-owner or beneficiary?

A. Yes, if the purchase is made by the minor from his own wages or earnings.

Q. Do I lose my investment if my War Savings Bond is lost, stolen, or destroyed?

A. No; upon satisfactory proof of loss or destruction, the Treasury Department will issue a duplicate, usually without requiring a bond of indemnity.

Q. May I register the name of a beneficiary on a Bond without his knowledge?

A. Yes. Records of War Savings Bonds are confidential. It is not necessary for the Treasury to contact the beneficiary during the owner's lifetime. Only individuals may be named as beneficiaries. No associations, churches, or clubs may be so named.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

What You Buy With WAR BONDS

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a .45-caliber weapon.

The new gun used by the paratroops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. You can help buy these for our Boys in the Solomons and elsewhere with your purchase of War Bonds. Join the Payroll Savings Plan and let "Top that ten percent."

AMERICAN HEROES

Thirty-four days were spent on the open sea in a rubber boat by three U. S. Navy men, Harold F. Dixon, Gene Aldrich, and Anthony Pastula. After enduring torturous days under the blazing sun, and freezing nights, these American heroes were finally rescued. In effect, they were kept afloat by a WAR BOND. We need lots of these rubber boats, so buy as many War Bonds as you can. You've done your bit; now do your best!
