State Hard Hit By Severe Cold

Snow Covers Most of Eastern Carolina; Bus Travel Halted By Icy Highways

A long-delayed winter struck with full fury throughout North Carolina Tuesday night and icy winds—accompanied by a blanket of snow—sent the mercury tumbling into the freezing zone.

It was the first snow of the season for most of the State, and the heaviest in years in some sections. The amount of snow varied in many areas, with Raleigh reporting the heaviest—about two inches.

Icy roads made traveling hazardous, and many bus lines cancelled all runs Wednesday and Wednesday night. In several counties schools were ordered closed because of the danger in transporting children over the slippery roads.

Telephone and power lines were damaged some by ice, but outside of that, little other property damage was reported. Many cars were stalled and wrecked, but only minor injuries were suffered in most cases.

Clear Skies Thursday
Overcast skies were prevalent throughout Wednesday, and consequently there was no thawing of the ice. More snow and lower temperatures were forecast for Wednesday night, but weathermen predicted clear weather and sunshine Thursday.

CHRISTMAS BONUSES

TO BUILD SICK LEAVE PLAN

Board of Town Commissioners Sells Lot in Mineral Springs Section, Approves Joint Construction of Electric and Telephone Line—Many Other Routine Matters Disposed Of At Meeting Friday Night

The Board of Town Commissioners met in regular session, Dec. 10th, 1943 at 7:30 P. M. All members of the Board were present except Commissioner W. B. Barrow.

Minutes of a previous meeting were approved by the Board.

The monthly reports of the Town Clerk, Chief of Police, and Tax Collector were approved by the Board.

Mr. E. L. Lowie, who recently purchased the Quality Ice Co., addressed the Board. He informed the Board that he was planning to build a modern Ice Plant in the Southern outskirts of Louisburg, just a short distance outside of the town limits, but that his plans depended upon whether or not he could secure a reasonable power rate from the Town of Louisburg, N. C. The Board advised Mr. Lowie that it would consider his proposal carefully and offer him the lowest feasible power rate in the immediate future.

Mr. W. K. Matthews informed the Board that he paid for a Privilege License to sell wine on July 1st, 1943 and was burned out of business three days later. He has since re-opened a wine shop under his own ownership, and requested the Board to allow him to operate without paying an additional Privilege License. The Board granted this request.

The request of Dr. Paul Bagby to make the donation of \$75.00 formerly granted by the Board, directly to the Boy Scouts instead of to the U.S.O., was approved by the Board.

The Board approved the joint construction of a telephone and power line by the Carolina Telephone & Telegraph Co., and the Town of Louisburg, extending from South Main street to the Colored High School.

The Board voted to give the Town Employees a Christmas Bonus of ten percent of one month's pay, not to exceed \$10.00 to any employee.

The Mayor appointed Commissioners Lancaster, Shearin and Beck as a special committee to work out a plan for sick leaves for the Town Employees, similar to that employed by the Federal Government.

The Board approved the sale of Lot No. 1 of the Phil Williams property, situated on the East side of Mineral Springs Street, to Elmore Sills for the sum of \$200.00.

A motion was passed to increase the pay of German Catlett, plant engineer, from \$25.00 to \$30.00 per week.

After allowing a number of accounts the Board adjourned.

MRS. A. P. STRICKLAND

Mrs. A. P. Strickland, 61, of Louisburg, Route 2, died at her home Monday afternoon at 4:30 o'clock after a long period of declining health.

Funeral services were conducted from the home at 3 o'clock Wednesday afternoon, by Rev. E. M. Carter, and interment was made in the family cemetery nearby.

Quite a large number of relatives and friends attended the last rites and the floral tribute was very pretty.

There are two sides to an argument, but the trouble is convincing the other person that he has the wrong one.

Capt. Lumpkin Talks to The Lions Club

Captain George Lumpkin of the United States Marines spoke to the Lions Club Tuesday night at the regular meeting at Mrs. Beasley's. Captain Lumpkin gave an extremely interesting and vivid account of his activities as a dive bomber pilot in the South Pacific for the last twenty-two months.

He saw action at Midway, Guadalcanal, Munda, the Solomons, Bougainville, and other theatres of action in the South Pacific. Captain Lumpkin stated that he would take his turn in the muck and mire on the ground. "The boys on the ground think we pilots are probably crazy but I'll take my chance in the air," stated the Captain, "it's much cleaner fighting."

Captain Lumpkin spoke for an hour and every member of the Club and guests thoroughly enjoyed every moment of it. It was one of the most interesting programs ever to be presented to the Lions.

A list of the poor families in the county needing help was furnished by the County Welfare Department and each Lion selected one of the families to help at Christmas time.

Rev. Forrest D. Hedden was welcomed into the Club as a new member and Sergeant Carey Howard was a guest for the meeting.

The District Scout Committee met with the Club for the luncheon.

Lions A. Paul Bagby and P. H. Massey were presented handsome keys awarded by Lions International for securing two new members.

RECITATION-DECLAMATION CONTEST

The Franklin County High School Recitation - Declamation Contest was held in the auditorium at Bunn High School at eight o'clock on Friday evening, December 10.

This is one of the three activities sponsored by the County League. It has been several years since a similar event has been held. In spite of this lapse of time, a great deal of interest was shown by the students. It is hoped that this contest will become an annual affair again, because it affords an excellent opportunity in learning to express one's self before the public.

The judges, Rev. M. M. Johnson, Baptist Minister of Spring Hope; Mr. C. J. Jackson, Wake Forest College; and Mrs. R. M. Squires, also of Wake Forest, selected as winners in the girls' contest: Vivian Mae Smith, of Epsom, first place; Alice Cooke, of Franklinton, second place; Bernice Stone, of Edward Best, third place; Mae Bell, of Louisburg, fourth place. For the boys, Herbert Cooke, of Franklinton, first place; Johnnie McCauley, of Epsom, second place; Jim King, of Louisburg, third place; Irvin Stallings, of Edward Best, fourth place.

Those participating in the contest and the schools they represented were: Girls, Helen Lamm of Bunn, Evelyn Stallings of Youngville, Lola Rowe of Gold Sand, Alice Cooke of Franklinton, Bernice Stone of Edward Best, Mae Bell of Louisburg, Vivian Mae Smith of Epsom. Boys: Bill Scarboro of Youngville, Herbert Cooke of Franklinton, Johnnie McCauley of Epsom, Gerald Strickland of Bunn, Irvin Stallings of Edward Best, Jim King of Louisburg, Roy Gupton of Gold Sand.

The contest was judged on the basis of delivery, memorization, interpretation, poise, voice, and subject matter.

JAPS AVOID U. S. FORCES

Washington, Dec. 15.—Literally daring the Japanese fleet to come out of its great bastion at Truk, an American carrier task force sailed close to that South Pacific Island, but the Japs refused to fight, it was revealed today.

Capt. John H. Cassady, skipper of the aircraft carrier Saratoga, told a press conference: "We were sent up on 'guinea pig' runs on Truk trying to get the Japs to poke their nose out but they stayed securely behind their nets in the harbor."

He declined to estimate how close the Saratoga sailed to the biggest Japanese base in the South Pacific but said "We went into areas where they normally run air searches, but I don't believe we were picked up."

Tall, lean, tanned and a veteran flier, Cassady predicted that if the American campaign of pushing the Japanese back from the South Pacific should be carried to Truk that enemy base will be found "much more strongly defended than Rabaul."

He knows of the strength at Rabaul, for the Saratoga—dubbed Saracobra by her crew because she has proved deadly in action—participated in two air assaults on that Japanese base on New Britain Island.

As a result of the attacks, he said, the Japanese have abandoned use of Rabaul as a naval base. But, he hastened to add, Rabaul still is a potent base for air and land operations with its three or more "excellent landing fields and probably large numbers of troops."

With the loss of Rabaul as a naval base, Cassady said, the Japanese fleet has been "forced to withdraw from that part of the ocean." Presumably the warships blasted in Simpson Bay—principal harbor at Rabaul, moved back to Truk, some 800 miles distant, for repairs.

Ultimate capture of Rabaul by Allied forces would provide a long step toward immobilization of Truk and open the way for further advances into Japanese-held territory. Cassady, apparently recognizing this, expressed the opinion that Rabaul will "make an excellent advance fleet base for us."

Now on temporary duty in Washington, Cassady, of Spencer, Ind., told also of the record set in about a month by the Saratoga, her planes and her escorting warships in destroying four enemy air fields, sinking two Japanese warships and damaging 12 others, shooting down 25 enemy planes and possibly 23 others and destroying 24 Japanese planes on the ground.

A large part of that destruction was at Rabaul, but the task force struck also at Buka and Bonis airfields on Bougainville, at Nauru, important enemy base southwest of Tarawa, and at Tarawa itself where American troops drove the Japanese from the Gilbert Islands after long and costly fighting.

Americans Blast Nazis In Greece

Four Objectives Bombed in Athens Area; Eighth Army Advances in Italy

Allied Headquarters, Algiers, Dec. 15.—More than 300 Flying Fortresses, Liberators and escorting Lightning of the powerful new American 15th Strategic Air Force opened the winter bombing offensive from Mediterranean bases yesterday with smashing attacks on three big Nazi military airbases in the outskirts of Athens and the harbor of Piraeus, gateway to the Greek capital.

It was the greatest aerial blow yet struck at Hitler's Balkan holdings and marked fulfillment of last Sunday's promise by Gen. Henry H. Arnold, chief of U. S. Air Forces, that "terrible blows" would be launched from this area at Germany and her satellites.

Heavy Damage
(Dispatches did not disclose whether the bombers in Tuesday's raid took off from their old North African bases or from fields newly prepared for them in southern Italy.)

Returning fliers said heavy damage was inflicted on Kalamaki, Taoli and Elevis airfields on merchant shipping in Piraeus harbor. All four targets are within 10 miles of Athens and within the vital area from which the Germans must support their tenacious grip on the Aegean islands.

The big bombers directed their heaviest smash at Kalamaki airfield, where they destroyed hangars, wiped out an anti-aircraft battery and pitted the runways. Smaller Fortress formations hit the other two airfields and Piraeus harbor in what Col. K. K. Compton of St. Joseph, Mo., flying his 200th mission, called "a perfect coordinated blitz." Compton led the famous raid on the Ploesti oil fields in Rumania last August.

LOCAL AERIAL GUNNER AWARDED SILVER WINGS

Harlingen Army Air Field, Texas.—Another class of aerial triglermen to guard Army Air Forces' bombers was graduated this week from the Harlingen aerial gunnery school and among the qualified "Sharpshooters of the Sky" was Sgt. After a delay en route to visit relatives, he will join an aerial combat team, unless retained at Harlingen to serve as an instructor.

He was prepared for his place in America's stepped-up air offensive by a comprehensive six-week course in every phase of aerial gunnery warfare. Besides learning to fire every type weapon from camera guns to the deadly caliber .50 Brownings, he studied turret manipulation, aircraft identification and was taught to tear down and assemble machine guns while blindfolded. He climaxed the course by firing on towed targets from Texan training planes and medium bombers.
