Three corn plots will be visited on Mr. Moss' farm, including a plot where Hybrid seed corn is being produced, also single Hybrid cross and his contest acre. Mr. Moss announced he would have on display some of his registered Percheron horses and beef cattle. The tour will not leave the farm of Mr. Moss prior to 10:30. The tour will then be routed down the Tarboro road and off to S. V. Hill's farm to visit corn contest plot, after which it will return to Tarboro road and continue to J. D. Morris' store. A stop will be made there for cold drinks, refreshments and observation of dairy and beef cattle, also work horses.

## Farm Bureau Picnic

The Executive Committee of the Franklin County Farm Bureau announces that the quarterly meeting of the general membership of the Farm Bureau will be held in the form of a recreational and picnic meeting to be held from 3:00 p. m. to 7:00 p. m. at Jackson's Pond on July 21. Plans are being shaped to have an old fashioned picnic, boating, swimming, very little business and barbecue supper for the entire Farm Bureau family, according to announcement of Walter Fuller, Secretary. Chairman John O. Wilson appointed a Committee of Messrs. W. B. Tucker, O. B. Burrows, A. N. Pearce and Crawford Kearney to look after arrangements on having the food prepared and served. Tentative plans are made to have the program built chiefly around recreation with very little time devoted to business session.

Mr. J. E. Winslow, President of the N. C. Farm Bureau, has been invited to make a short talk on "What Farm Bureau is Doing in Behalf of the Farmer at the Present Time."

Interest in Farm Bureau today is strongest in its history with a membership of 240. Mr. John O. Wilson, President, announces that approximately twenty-five new members were added at the last quarterly meeting which was held in Louisburg on May 5. The State and National Farm Bureau have been very active during recent months. State Committees have appeared on National Legislation of tobacco, fruit and vegetable production, farm labor program, selective service program, dairy program and Office of Price Administration control. The Executive Committee of the Franklin County Farm Bureau feels that each and every farmer in Franklin County is indeed fortunate to have such a farm organization which they may rely upon to do all within their power to protect the best interests of the common dirt farmer.

Walter Fuller, Secretary to Farm Bureau, wishes to request

Death is not pretty in the jungles of Bougainville or anywhere else. Here you see litter-bearers, too often the unsung heroes, gently loading their dead comrades for transportation to the rear. Look well at this picture and remember it when you are asked to buy an EXTRA War Bond during the Fifth War Loan.

Raleigh, July 6.—Price ceilings on used cars, effective July 10, do not in any way involve rationing of used cars, Theodore S. Johnson, Raleigh district OPA director, declared today.

Johnson said that the national office of OPA in Washington had informed the regional and district office that it has not received a directive from the War Production Board to ration used cars, and that the Office of Defense Transportation and WPB have not reached a decision on the question of whether used cars will be rationed.

Johnson's statement was made to answer erroneous and widespread reports that used cars would be rationed by July 10.
