Feed Grain Sign-Up Dates Set

The sign-up period for corn and grain sorghum crops under the 1963 feed grain program will begin February 1 and will run through March 22, E. G. Brewer, Chairman of the Franklin ASC County Committee, announced today.

The sign-up period will apply to 1963-crop acreages of barley, corn, and grain sorghums. Fall seeded wheat was signed up under the wheat stabilization program during the period ended December 14.

Under the two programs, Brewer explained, farmers help bring production into line with needs by diverting wheat and feed grain acreage to approved conservation uses. The early sign-up dates will give farmers and farm servicing industries an opportunity to make plans for the coming crop year.

As outlined by Brewer, the main provisions of the 1963 Feed Grain Program are: (1) voluntary participation; (2) acreage diversion of not less than 20 percent of the base acreage (1959-60) as adjusted; (3) payments to be made on acreage diverted from feed grains to soil-conserving uses, and (4) "advance" payments, and (5) price support to co-operators on the normal production of acreages planted to feed grains.

Board Sets Bond Vote

Youngsville Town Commissioners Monday night set March 9 as the date for a tripple-barreled \$42,000.00 municipal bond issue for improvements to the sanitary sewer system, a new fire truck and a new fire station.

The issue will be submitted in three separate parts: 1. \$25,000.00 for extending and enlarging the sanitary sewer system of the town; 2. \$7,000.00 for building and equipping a new fire station, including the acquisition of the necessary land; and 3. \$10,000.00 for the purchase of a new fire truck.

Youngsville Town Clerk Robert E. Cheatham said that the bond money, if approved by the voters, would be used to provide the town with its first new fire truck in history, to build a house for the new truck and to extend sanitary sewer service to the eastern section of town.

The town's only piece of fire apparatus at the present is a surplus vehicle purchased in 1959 and converted for fire use. Cheatham also disclosed that the town had made application to the Federal Government under the Accelerated Public Works Program, for a matching federal grant to be used with the proposed bond money to carry out the proposed improvements.

Registration books for supplemental registration (voters not there before registered) will open February 9 and remain open until February 23. Saturday, March 2 will be Challenge Day.
