SPRING SCHEDULES SLIM

This time of the year," there is usually very little happening on the local sports scene. The college is playing baseball, as is some high school teams and the Green Hill Golfers are participating in the Green

Pastures weekly tournaments. There is plenty of news forth coming about the ACC baseball. . . and of course the Major Leagues, but very little can be found out about things happening under our noses. We still do not have a schedule for any of the high school baseball teams, We have Franklinton's Track Schedule, but never any results of the meets.

Louisburg High School baseball team we hear, is not as strong as in year's past. They lost at least one game to Raleigh Enloc last

There has been no news on softball leagues this year. However, we feel certain there will be one at Pearce's.

Those of you that are in charge of local sporting events are invited to send us information of your teams or leagues. We'll he happy to use it.
