**In Fashion
 Now**

Navy blue and white is the perennial favorite for early spring. A navy sheer two piece suit with a white and navy polka dot blouse or a white blouse is smart. The blouse may be a bow at the throat or a simple neckline that can be dressed up with summer jewelry. Other accessories, shoes, gloves, bags and hats can be of white or a combination of the two colors. It is usually safe to have a matching bag and shoes.

**Come hill... or high water
 Vacations go smoother in a Chevrolet Corvair**

Bring on those mountains! They're not so high and mighty any more when you've got Corvair's gummy six and rear-engine traction working on them.

You scurry up the meanest grades. You move with sure-footed agility on wet pavement, muddy lanes, gravel and other would-be miseries.

And with most of Corvair's weight bearing down on the rear wheels, you have an easy time steering, too. Fact is, the handling's so light we don't even offer power steering for the car.

And there's more to feel good about. No problems with your radiator boiling over or going dry,

because there's no radiator. Corvair's engine is air cooled. No concern about brake adjustments, either, because the brakes adjust themselves. Nothing much to think about at all except the good time you're having (and maybe the next mountain you're going to flatten).

Like to do that in a sporty bucket-seated Monza Club Coupe or Convertible? Like to spring into summer with a 4-speed stick shift* and Spyder package* with its 150-hp Turbocharged engine, special instrumentation and insignia? Your dealer's got just the Corvair and the Trade 'N' Travel deal on it to put you in a holiday mood.
