About 177,000 Americans will be saved from cancer this year. However, the American Cancer Society says that about 88,000 cancer patients will probably die in 1963, who might have been saved by earlier detection and treatment. Have a health checkup once a year as a safeguard against death from cancer.

### Circle No. 1 Meets

(Frk. B.W.) Circle No. 1 of the W.S.C.S. of the Franklinton Methodist Church met at the church on Monday afternoon with Mrs. J.E. Whitfield presiding.

During the business session, a financial report was given by Mrs. A. H. Vann. Mesdames R. J. Rose, E. J. Cheatham, A. H. Vann and W. L. Stone were appointed as a committee to serve refreshments at Bible School on Wednesday.

Mrs. J. E. Whitfield gave an informative program about how W.S.C.S. money was spent in the United States during last year. Of the more than 8 million dollars raised, \$235,180.84 was raised by the two conferences in North Carolina.

Announcement was made of Mr. and Mrs. W. E. Horner's gift of \$100,000 to Methodist College in Fayetteville and of an anonymous gift of \$50,000 to Wesleyan College in Rocky Mount. Both colleges operated without a deficit.

Final announcement made was the election of Bishop Garber as president of Council of Bishops.

Canadian Parliament told of A-arms need.

Teenage Chat  
By Betty Wrenn

I've had quite a few requests for another problem like the one on the two boys. Finally ran across one about money, which is a most interesting matter to most of us. This is it. Three men went into a hotel and each gave the hotel manager ten dollars, which means that each man pays ten dollars for the room. The hotel manager decided that he had charged them too much so he gave the bellboy five dollars and told him to divide it equally between the three men. The bellboy began to think about this so he decided that you can't divide five dollars between three people equally. He gave each man one dollar and kept the other two himself. This made each man pay nine dollars for his room. Three times nine is twenty-seven and the bellboy only kept two dollars, so what happened to the other dollar. There were thirty to begin with. I've been told that you can not locate this missing dollar and that this problem is a mathematical error. If any of you can figure this one out, let me know. However, I don't think you will be able to.

You teens from Youngsville are really on the ball about sending me your news. I should think the teens from other parts of the county would take the hint that they're being left out. Keep it up, Youngsville.

Seems that Linda P. of Youngsville and Marie C. of Cary, had a real swinging time last week end. They went up to the Methodist Orphanage in Raleigh. Tell me what really went on in those cottages? Was it really that much fun? Friday night M.C., B.H., S.D. and M.T. went to the Forest Drive-In in Raleigh to celebrate school being out. Heard they all had a ball. What time did you get home, B.H.?

Heard there was a new change at Y.H.S. L.P. has fallen for W.R. now that F.B. is out of the picture.

S.U.'s slumber party was quite a rocking one, wasn't it? Heard that all the lights went out and the result was split ginger ale. Too bad you had to go to bed at 2:30 because of the lighting problem.

What's this about the two Y.H.S. girls who went to Raleigh? By the way, what made you fall out of the swing L.P.? Were you really thinking about F.B.?

I wonder if D.W. misses L.G. now that school is out, better still, wonder if L.G. misses D.W.? How about this Lin? Now for a little Louisburg
