

Married 75 Yrs

Raola, Kans. - Recently Mr. and Mrs. Harry W. Sherar observed their 72nd wedding anniversary. She is 94, and her husband is 92. "We've never had a serious argument - I guess because we had the good sense never to get mad at the same time," Mrs. Sherar said. They celebrated in the same farm house where they began living in 1893.

Doctor Talk

John B. Rembert, M. D.

This article will prove of interest to all readers in their late thirties and early forties and this has no connection with the many remarks or jokes made about the changes occurring in people in this age group. Glaucoma is the subject for discussion - this being a condition which affects the eyes in such a way that the internal pressure within the eyeball increases and brings about visual changes which can result in blindness. This disorder causes one seventh of all the blindness in the United States and is found in one person in 50 more than 40 years of age. Glaucoma is divided into two types referred to as primary and secondary glaucoma. Secondary glaucoma usually follows known conditions of the eyes such as acute inflammation or injuries, whereas, primary glaucoma denotes the cause to be unknown.

Luckily, glaucoma can be easily detected early by a simple office test, measuring the intraocular pressure. The pressure in the eyeball is measured by first anesthetic eye drop and then using an instrument called a tonometer.

Primary glaucoma is the type all persons in the 40 year age group should be aware of. One type of primary glaucoma usually arises as an acute condition, resulting in pain near the eye, sometimes severe nausea and vomiting, poor visual acuity, dilated pupils, and the appearance of rainbow colors or halos around lights. The diagnosis of this type of glaucoma is fairly easy to make by your physician, but at times may be confused with sinusitis or an acute abdomen.

A second type of primary glaucoma, referred to as an open-angle glaucoma, has an insidious onset which causes no acute changes and can progress to the point of near blindness before correct diagnosis is

ter stresses. You can top Purina Mix-R-Mycin or let us Check-R-Mix it with your regular feed. Either way, Mix-R-Mycin will help bring your cattle through strong.

Quick Roast Chicken Stuffing

Dinner parties present a true test of a homemaker's table-setting arrangement as well as her culinary skill. The food served must measure up to the table finery. Fully without churning the hostess to the kitchen. Modern convenience foods such as instant whipped potatoes and Brandywine canned sliced white button mushrooms help the modern hostess to short-cut dinner preparation. The Borden Kitchen shows how this can be accomplished in this recipe for a roast chicken stuffing:

- Instant Whipped Potato Stuffing**
(Makes enough stuffing for one bird)
- 1 (4 to 4 1/2-lb.) roasting chicken
 - 4 tablespoons butter
 - 2 medium-size onions, chopped
 - 3 (4-oz.) cans sliced button mushrooms, drained well
 - 3/4 cup mushroom liquor
 - 1 teaspoon salt
 - 1/2 cup milk
 - 1 1/2 cups (4 servings) instant whipped potato flakes
 - 1/2 teaspoon black pepper
 - 1/2 teaspoon poultry seasoning

Clean and truss bird; salt the inside. Melt butter in small skillet; saute onions and mushrooms in butter until onions are tender and slightly transparent. Pour mushroom liquor and salt into small saucepan. Cover and bring to a boil. Remove from heat and add milk immediately. Add potato flakes. Stir with a fork until all moisture is absorbed. Whip briskly. Add sauteed vegetables, pepper and poultry seasoning and mix well. Cool slightly. Lightly stuff bird with dressing and close cavity. Cover bird with clean cheese cloth which has been dipped in melted butter. Roast, breast side down, on rack, in an open roaster in slow oven (325°F.) about 1 1/4 hours or until tender. Remove cloth, turn bird breast side up and continue to roast 15 minutes longer. If desired, garnish with small bunches of green Thompson grapes, spiced red peaches, green minted pears and parsley.

Gets Missile

Washington - West Germany has received its first United States Sergeant Missile, a fast firing bombardment weapon which can hurl a conventional or atomic warhead up to 75 miles. The United States retains control over any nuclear warheads that may be mounted on German Sergeants, as with all other atomic capable weapons.

The Cause Of His Downfall

Lady - Here are five pennies for you, my poor man, but tell me how did you come to get this low? Beggar - Ah, my dear lady, you might well ask - once upon a time I was like you - gave away magnificent sums to the poor every day.
