tions into a happy part of your trip.

Take that old bugaboo of packing, for instance. No bother. With the kind for instance. No hother. With the kind of room you get in that easy-loading cargo compartment, you can just about toss things-in any old whichway and come out with space to spare. The load won't dampen the spirits of the spunky 6-cylinder engine either. It just hums along passing up gas pumps (there's also a choice of an even thriftier 4 in most-

Like a car with ginger + without a lot of needless gingerbread? Your dealer's got a full line of Chevy II's to pick from. Why 'not drop down and check now while both the trading and the traveling are especially good?
