Teenage Chat

By Betty Wrenn

Well, hello again. Today's column is mostly concerned with beach trips and I can't think of anything nicer to write about. If you've recently taken a beach trip be sure to let me know all about it.

Seems that ten girls from Louisburg went to Carolina Beach last week and stayed from Sunday to Sunday. Carolina Beach was the spot you can bet they're all just dying to go back. The girls were Phyllis Jeffreys, Paulette Mullen, Kate Huggins, Mary Charles Wheless, Anna Collier, Linda Faulkner, Susan Lloyd, Jean Zealand, Simmy Perry, Trudy Gupton and their chaperones were Carolyn Strange, Louise Mullen, and Mr. and

Mrs. Jeffreys, who went down for the week end. All that I've heard is that it was nothing but a blast from morning to morning. You see they didn't get too much sleep. Well, I'm very glad that you girls had such a good time and I'm sure the rest of us around here envy you.

I've been asked to ask Jean Zealand "why her eyebrows are so dark." Really, I guess I owe you all an explanation. You see all these girls who went to the beach on a beach-spre. Most of them are now platinum blonds.

Seems that Lee Allen, Larry Sledge, Lewis Pleasants, Eddie Watson, and Al Bland kind of missed the girls so they took off and went down to the beach about the middle of the week. Heard that they had a pretty good reunion.

I was very happy to get a letter from Cathy Vollmer. Thanks for agreeing with me about Virginia Beach. It really is a swinging place.

What's this I hear about Belinda Pleasants riding her bicycle by the College so much. Now, come on Bee, don't tell me it's because bicycling is such good exercise. I just don't think that could be the reason.

Why are all the girls who are working down at the Agriculture Building so excited? Could a certain boy who measures land be the reason? Well, I just wouldn't know.

Sure is nice to see Connie Rowe visiting Kay Rowe for the summer. Hope you have a very nice time in the old 'burg Connie, but then I'm sure you will.

Well, I'm always writing about someone else's birthday, so I may as well tell you all that I celebrated my eighteenth this past Tuesday. In case you're interested it was a very nice one. Thank you all who were so sweet to wish me a happy one.

Seems that Jimmy Johnson has joined the Army. I'm sure he'd appreciate it if some of you would drop him a line. His address is - Pvt. E-1 James T. Johnson, RA 24997599, Co. A., 1st Tng Regt., 2nd Platoon, USA TNG Center, Fort Jackson, S.C. That's about all the news I have for today. Be sure to write and let me know what's going on up your way. Thanks.

How are your hens doing?

More and more, profit-conscious poultrymen these days have before them the facts it takes to decide how to feed and manage birds for most profit.

Look over your records. Ask yourself if your birds, over a 12-month period, will lay more than 240 eggs per hen and consume less than 4.2 lbs. feed per dozen.

These are the standards leading poultrymen all across the nation who feed the Purina Way have come to expect.

Hens on Purina's own Research Farms perform better than these standards, year in and year out.

Reaching goals like these helps poultrymen make money from eggs in these days of lower margins.

Come in and let us give you other reasons why so many top poultrymen feed their hens the Purina Way today.
