## Health And Beauty

This writer has been telling the public for a long time about the dangers of sunning, as practiced today.

Wear dark glasses in bright sunlight, particularly when physical surroundings are well-adapted to reflect the intense blaze from below, as on white sand or snow or water.

People who cannot absorb sun rays are apt to suffer temporary illness, and in some cases may suffer permanent damage to their health.

Life is pretty tough! There is always someone eager to knock the joy out of living! But you better take the advice of the experts.

The dangers are advanced by science of super-sunning have

## Penny Cardwell Honored At "Going Away" Party

Little Miss Penny Raye Cardwell was honored Saturday evening at a "Going Away Shower" given by Mrs. Grace Marks and Mrs. Lonnie Insoce at the Ingleside Community House.

Upon arrival Penny was presented a corsage of red carnations by Mrs. Insoce. Penny, previously been discussed in these columns. Now it is learned that there is another menace hovering in the sands to attack the unwary worshippers of Sol. Not much is heard on the subject. It is the kind of thing the victims do not care especially to talk about.

The unwelcome visitor to the epidermis is the sand worm, said to be a parasite derived from the intestines of dogs and cats. It enters the skin while the sunbather is sprawled upon the beach, regardless of towels, blankets or other gestures of protection. It operates after the manner of the well-known but equally little discussed ring-worm, causing the most frantic itching that yields only to the most drastic treatment.

It would seem to be advisable that beachcombers make a mental note to do their future sunbathing on portions of the beach removed from those frequented by canine and feline vacationists and preferably at low tide on portions laved twice daily by the ocean.

## About Your Home

Refreshing cottage cheese is one dish that is as much at home in a cabin or a castle. It is high in protein and low in calorie count. This makes it the dieter's best friend. Good cooks tell us it is a wonderful mixer.

For warm-weather salads and desserts, cottage cheese is tops.

Cottage cheese is made from skim milk. Usually some cream is mixed with the cheese curd. Dieters will be interested to learn that if the cheese contains four per cent, or more of fat, it is called creamed cottage cheese.

A delicious combination with almost all fruits and berries, cottage cheese can be tossed lightly in a green salad or served on lettuce as a salad by itself. An especially attractive way to serve cottage cheese is to make cheese balls rolled in chopped nuts and placed on a pineapple slice or a peach half.

Cottage cheese can be used as a base of a salad mixture, for stuffing celery or making sandwiches. A very good

with an arrangement of summer flowers and lighted tapers. Mrs. Jack Cooper poured an iced punch from a crystal bowl and was assisted by Mrs. Rocky Saunders in serving homemade pound cake and nuts.

## In Wilson Bridge To Be Played

Top bridge players in more than two hundred cities of the U. S. and Canada will compete with one another, playing the identical set of hands at the same time as they are played at the Summer National Championships of the American Contract Bridge League in Chicago, Illinois, on the evening of Friday, August 6. The area game will be held at the Elks Home on Nash Street in Wilson, beginning at 7:45 p.m. Entry fees will benefit the ACBL Charity campaign which last year gave nearly a quarter of a million dollars to the American Cancer Society and the United Cerebral Palsy Association.

Players everywhere are dealt the exact hands as the experts tackle in the Charity Pairs game at the Summer Nationals in Chicago. Each individual section of the continentwide game is scored independently, but the averages are compared with those of all players in the contest. Awards, in addition to top score prizes for each section, include prizes for the best scores in each district and prizes for overall national first, second and third place winners. It is not necessary to be a member of the American Contract Bridge League to play in this Charity Game.
