**JAMES W. MERRITT**  
Ft. Jackson, S. C. (AHTNC)—Army Private James W. Merritt, 19, son of Mrs. Lucille O'Neal, Route 1, Youngsville, N. C., completed a light vehicle driver course at Ft. Jackson, S. C., December 2. During the course, he was trained in the operation and maintenance of military vehicles up to and including the two and one-half ton truck. Instruction was also given in the operation of the internal combustion engine and chassis assembly.

A trip to the Queen City and identification of the two as participants in Franklin crime, brought a solution, in part, to the mystery which Edwards and his department had been working on since mid November.

Complete details of how the two were tied in to the Franklin robbery other than their mode of operation, were not given. Also still missing is the 1967 new Dodge pickup taken in the robbery and, of course, the third man.

Chief Edwards said his department is still working on the missing truck and expects a break in this portion of the he-was aided in his investigation by SBI Agent Billy Crocker, for whom he had high praise. No money was reported found on the two suspects.

Fuller advocated to the Board that they, "at least go before the State Highway Commission and ask for an answer as to why all the money is being spent in Durham County". The Board took no action, but indicated that a further study would be made, possibly by Mr. Davis, into the matter and perhaps some actions might be forthcoming.

**HARRIS**

**FT. GORDON, GA. (AHTNC)**  
Private Steven E. Harris, 19, son of Mr. and Mrs. Russell P. Harris, 204 Ford Circle, Louisburg, N. C., completed a communication center specialist course at the Army Southeastern Signal School at Ft. Gordon, Ga., Nov. 25. During the nine weeks of training, Pvt.
