Henry Gregory, First Federal's president, presided at the shareholders meeting. He told the group that 1966 was another good year for First Federal, with assets exceeding \$21,500,000, and reserves in excess of \$1,564,000. Both net savings and net loans also increased during the year, and savers were paid over \$750,-

Gregory pointed out that because of careful and conservative policies consistently adhered to in previous years, First Federal entered 1966 with a high degree of liquidity, which enabled it to maintain a steady flow of home loans throughout the year.

In his report, Gregory outlined numerous programs initiated or continued during the year to provide more complete and efficient service for First Federal customers.

Gregory highly praised the progress of the Louisburg unit, under the management of Frank A. Read, Jr. and Mrs. Emma D. Davis, and the contribution made by the Louisburg Advisory Committee. In closing, Gregory praised

the association's personnel, stating: "We are most fortunate in having a staff with an overall desire to render service in every area". He expressed deep appreciation to the Board of Directors for their loyalty, keen interest in the association's affairs, and their contribution to the successful year just completed.

The membership was told: "Please rest assured that your Directors, officers, and entire staff have a sense of pride in being the image of First Federal, and we will make every effort to maintain our position as the largest, soundest and most efficiently operated in the area"

The following directors were re-elected for the year: J.B. Brewer, Jr.; Julian B. Fenner; Henry Gregory; Jake L. Ros-enbloom; Alfred L. Stancil; A. P. Thorpe, III; John A. Vann, Jr.; and Robert D. Wimberley.

At the organizational meeting, the directors met and elected Henry Gregory, Pres-

Cavalier-Tar Heel **Teams Take Break**

As most members of the Cavalier-Tarheel Conference take a break for exams there are several surprises evident in the averages compiled on the basketball activity up to this point. Danville has the two leading scorers in the conference, yet they have found the going quite rough in the win column. 6'6" Bruce Burnette has averaged 28.3 pt. per game with a single game high of 59 points in Danville's 88-106 loss to College of Albemarle. 6'5" teammate Bill Vaughn has a 22.7 average with a single game high of 44 points in Danville's 85-98 loss to

Mt. Olive. Ferrum leads to Conference with a 6-0 record. The Panthers are scoring 88.1 pts. per game while their opponents have managed on 60.3 pts. per game. Jerry Venable, 6'4" forward, leads the conference

and yet to be played include

South Granville at Frank-

linton; Youngsville at Gold

Sand; and Bunn at Edward

Best. No new dates have been

announced for these games.

Louisburg and Bunn jumped

the gun and played a game Tuesday night originally sche-

duled for next Tuesday. Bunn's

home slate has been upset due

to renovation of the gym and at

least one "home" game was played at Louisburg.

The teams have passed the

half-way mark in their twelve

game conference schedule,

with some having four games left and some five or six.

Bunn, Youngsville and Gold

Sand play South Granville and

Franklinton plays Oxford Or-

phanage before the season

ends, but all other games are

Louisburg College

The First One Hundred Eighty Years

(Continued from page 1)

lin County did not match in number those of Hill and Seawell, his relatively short tenure here marked by outstanding achievement. Born in England, Dr. King was educated in medicine at Oxford. He came to America in 1769 after being disenherited by his family because of his envolvement in the Methodist movement. Before coming to Franklin County, he preached for ten years in New Jersey, Deleware and Maryland. He was appointed to the North Carolina Circuit in 1777, moved to Louisburg, married and set up the practice of medicine and continued to preach.

Unlike many of the other inspirers of Franklin Academy, Dr. King apparently did not get involved in po-litics to any large degree. He is not listed among those serving in the legislature or other such positions.

He was appointed by the legislature to the first Board of Trustees of Franklin Academy in 1787 and was named chairman of the Board. He died before the second Academy charter was granted in 1802. His will, dated 1795, is recorded in Wake County.

Of Dr. King The Raleigh Times said: "He was the leading spirit in organizing the Louisburg Academy' and he was a "sensible, zealous, and very useful man." Dr. John King was a founder of Louisburg College.

Benjamin Seawell came to Bute County in the early 70's and settled here where his brothere-in-law, Green Hill, Dr. John King and a man named Seth Mabry had earlier settled. Coming from a well-known Virginia family, Seawell soon took his rightful place in the community. On May 2, 1776 he represented Bute at the Halifax Congress and was appointed to the Committee to secure arms for the defense of the State. He returned to this colonial assembly in June and again in November of that year. It was Seawell who made the motion to divide Bute into Franklin and Warren coun-

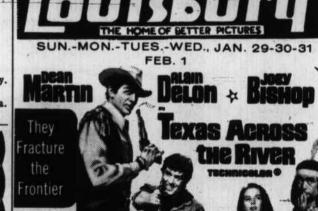

He served in the State Senate and enlisted in the Revolutionary army as a private rising to the rank of Colonel by war's end.

The first court ever held in Franklin County took place in his home by order of the state legislature.

Seawell was among those first named Trustees of Franklin Academy in 1787. He lived here for 22 years, moving to Tennessee as did Green Hill to take advantage of free lands given to members of the Revolutionary forces. Benjamin Seawell died - near Nashville at the age of 79 in 1821. Of Seawell, The Whig, Nashville newspaper said: "He was not only a great defender of the people's rights, but a real Christian. So died a great citizen." Col. Benjamin Seawell was a founder of Louisburg -College.
