George F. (Bo) Hall, Franklin County Campaign Manager for Mel Broughton, told The Times late Monday night, "We're going to go", indicating that an announcement might imminent that a secondprimary will be called in the gubernatorial race. If so, the run-off will be held on Saturday, June 1.

Franklin County Democrats went to the polls in record numbers here Saturday and placed the county in the column of J. Melville Broughton, Jr., second-place finisher in the three-way gubernatorial race. The Raleigh attorney gained a 212 vote margin over front-runner Lt. Gov. Bob Scott, Dr. Reginald Hawkins, a Negro dentist from Charlotte finished third in the state and in the county.

Scott carried five precincts, including Dunn, Pearces, Youngsville, Franklinton and Cedar Rock. Hawkins carried Cypress Creek precinct. Scott mustered 3,061 votes and Hawkins received 1,677. In Cypress Creek, Hawkins gained an 81 to 55 advantage over Scott who was bested 56-55 by Brough-

Broughton and his supporters are now considering whether they should call for a run-off against Scott who failed to gain a plurality although he holds a comfortable 100,000 vote lead across the state.

In the three-way race for Lt. Governor, former House Speaker Pat Taylor to be the Franklin De

Fred Benton 976; and John B. Whitley 1,108. Lanier won the nomination across the state.

The total vote cast by Democrats was 8,011 in the gubernatorial race and is considered a record turnout. A great deal of interest was created in the final days of the campaigns, particularly in the gubernatorial races and this coupled with the recent registration is credited with having produced Saturday's record turnout of voters.

Franklin native Linwood Peoples of Henderson received the greatest vote in Franklin, polling 4,964. GOP Locals Give Gardner 10-1 Edge

The long-dormant Franklin County Republican Party came alive Saturday and gave Congressman James C. (Jim) Gardner an almost 10-1 win over Charlotte businessman John L. (Jack) Stickley in the race for the Republican gubernatorial nomination. Gardner polled 425 votes in the primary to Stickley's 24, receiving his largest totals in the Louisburg, Dunn and Youngsville precincts.

With 2,030 of the state's 2,191 precincts reporting Gardner has won the nomination with 116,818 votes to Stickley's 40,619. The youthful Congressman will apparently face Lt. Gove. Robert W. (Bob) Scott in November. Scott captured a majority in the Democratic primary, but not a plurality. A possibility looms that J. Melville Broughton, runner-up among the Democrats will seek a runoff.

Stickley failed to get a single vote in Pearces and Hayesville precincts and received only one vote in Dunn, Harris and Gold Mine precincts.

In other GOP races, Franklin voters gave Don Garren 235 votes to 106 for Trosper N. Combs in their race for Lt. Governor. With 1,971 of the state's 2,191 precincts reporting Garren holds a comfortable lead of 89, 295 to 30,788 and will face Democrat

The Franklin County Grand Jury returned a true bill of indictment here Monday, charging former Deputy Sheriff Lonnie House with murder in the shooting death of Franklinton policeman Carlysle Breedlove.

House allegedly killed Breedlove, 23, during a card game the night of Jan. 17 at the Franklin County Police Club. Breedlove died of a single gunshot wound in the head at Duke Hospital the following morning after being transferred from Franklin County Hospital. House and Breedlove were playing penny ante poker with Police Chief Leo Edwards and Policeman Tom Allen, both of Franklinton. The game began after a law officer meeting and was described as social rather than for gambling purposes.

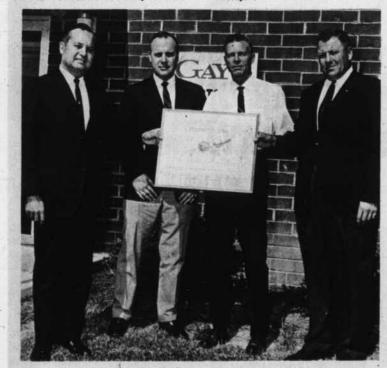

Chief Edwards said after the shooting that the incident was "unintentional." He said the game was being played while the four officers discussed law experiences, police techniques in law en-forcement and police methods.

House allegedly pulled his .38 caliber service pistol from its holster and not Breedlove in the head with a single shot. No motive for the shooting was revealed.

House resigned from the sheriff's department a few days later while still a patient at the Franklin County Hospital. Sheriff William T. Dement, in accepting the resignation, said the shooting was "an unfortunate incident," and that House had been an outstanding law officer.

The Labor Department representatives pointed out that the Department's safety awards program is based upon the following standards:

1. Industrial plants which operate for an entire year without a disabling injury are eligible for an award on the basis of their perfect safety records. 2. Plants which achieve a 40 per cent reduction in their rate of disabling injuries during a year also have made a significant safety accomplishment which merits recognition and qualifies them for an award. 3. Plants which operate 50 per cent or more below the statewide disabling injury frequency rate for their industry likewise are making an outstanding safety accomplishment which qualifies them for an award. The Cer-tificate of Safety Achievement may be won in any of these ways.

"It is a pleasure to be able to recognize the excellent work in accident prevention which was done in 1967 by the many fine employers and employees representing these 8 Frank-lin County plants", Tucker said. "Your North Carolina Department of Labor is proud of your fine safety acheivements and we look forward to even further improvements in your record of accident prevention in the years to come."

The Labor Department inspector quoted State Labor Commissioner Frank Crane's comment, made recently at a public awards presentation meeting, that: "A company that cannot af-ford safety cannot afford to be in bus-. iness.

"The economics of safety are as simple as "AP" - the symbol of Accident Prevention," they said. "A-
