

Court Order

(Continued from Page 1)

the predominantly white schools in each of these zones during 1967-68 reside, to the end that the existing white attendance areas shall become non-racial attendance zones for all of the pupils in the district. All pupils in the district shall attend a school within their attendance zone, except that where pupil distribution may result in unequal utilization of school capacities based on pupil-classroom ratios, the defendants shall assign students residing near the boundaries of zones in which the schools are overcrowded to adjoining zones which have less crowded schools, such assignments to be made, as nearly as practicable, in order of proximity to the less crowded school and without regard to race.

2. Defendants shall reorganize the grade structure at each and every school in the district so that all pupils residing in any zone who are enrolled in the same grade shall attend the same school, regardless of their race or color, and no school shall offer a grade or enroll students in a grade that is taught at any other school in the same attendance zone.

3. On or before August 19, 1968, the defendants shall prepare and file with the court, with copies served upon counsel for the plaintiffs and plaintiff-intervenor, a map showing the geographical boundaries of the attendance zones as herein designated, and showing the location of each school, the grades to be served by each and the approximate number of students of each race to attend each school.

II FACULTY

4. In reorganizing the grade structures of the several schools in the district, the defendants shall desegregate the faculties and staffs of all of the schools in the district for the 1968-69 school year by assigning each faculty and staff member, so far as practicable, to the school offering the grade or grades which that faculty or staff member has heretofore taught in the attendance zone in which he has taught, and by assigning each faculty or staff member who has heretofore taught or been associated with several grades to the school in that attendance zone at which he can most conveniently be used.

5. In any instance where any principal, teacher, or other professional staff member is to be displaced as a

Brewer To Head Loan Dept.

Paul A. Brewer, Jr. has been named manager of the Installment Loan Department of First-Citizens Bank & Trust Company in Louisburg succeeding John W. Collins who has been assigned duties in the commercial banking department of the bank. The promotion was announced by Vice President R. M. McClain of Raleigh, head of the statewide bank's installment loan division.

Brewer is a Wilson native and graduate of Atlantic Christian College. He joined First-Citizens in July, 1965, in the New Bern Office, remaining there for formal training and later installment loan functions until being transferred to Louisburg in May of this year.

Brewer is married. He has been an active member of the Jaycees and involved in programs of the Christian Church.

result of desegregation, no vacancy within his areas of certification shall be filled through recruitment from outside the system unless no such displaced staff member, absent good cause for the refusal to rehire, is qualified to fill the vacancy. If, as a result of desegregation, there is to be a reduction in the total professional staff of the school system, the qualifications of all staff members in the system shall be evaluated in selecting the staff member to be released without consideration of race or color.

6. Vacant principal, teacher and other professional staff positions, not occasioned by the conversion to a desegregated school system, shall be open to all applicants, and each filled by the best qualified applicant regardless of race.

Except as modified herein, the prior orders of this court remain in full force and effect.

The court reserves its ruling on the motion for allowance of counsel fees to the attorneys for the plaintiff.

It is further ORDERED that jurisdiction of this cause be retained.

This the 5th day of August, 1968.

porters. It is somewhat surprising that here in Franklin County, a haven of Democratic support for scores of years, that very little talk of the two Democratic hopefuls is heard. There seems to be practically no support for either Mr. Humphrey or Sen. McCarthy.

The parallel with 1964 hardly escapes locals. Talk here then was practically all Sen. Barry Goldwater, the GOP nominee. However, when the smoke had cleared on election day night, President Johnson had gained almost two to one edge in Franklin County. Johnson received 4,554 and Goldwater got 2,097 votes.

However, while the parallel in pre-election conversation exists, beyond this similarity ends. In 1964, school integration was taking place elsewhere. Today, the crisis is here. In 1964, racial demonstrations were still comparatively orderly and far away. In recent months, demonstrations have become riots and vandalism in the aftermath of the assassination of Dr. Martin Luther King, struck in both Franklin and Louisburg.

Many of the major problems of the nation were far removed from the local scope in 1964. The war in Vietnam was a long way off. Very few local men were in service, even fewer were in Vietnam. None had been killed or wounded there. In 1968, the war is very much a part of the local scene. Hundreds of Franklin men are involved in it. Some have been killed, more have been wounded. Persons with young boys are eyeing the draft and the war situation and fondly hoping that it will end before their sons have to go.

Living a little off the beaten path — or the American mainstream, if you prefer — Franklin citizens were far more removed from the problems of the nation in 1964 than they are today. Time has caught up with us.

Whether he has the answers to the problems or not, the man on the street is talking loud and clear. This is Wallace country.

Franklinton Little Leaguers End Season

(FRK. B.W.) Franklinton's Little League closed out its season with team No. 2, coached by Harold Woodlief, leading with a record of 11 wins and 2 losses. Jones led the team with a batting average of .622. Goodwin followed with an average of .581.

Mike Goodwin and Clay Cannady served as pitchers for the winning team. Goodwin's record consisted of 7 wins and no losses, striking out 66 batters for the season. Cannady had a record of 3 wins and 2 losses. Little League All-Star Tournament.

From the 3 Little League teams, 18 boys were chosen to play in the All-Star game.

The team consists of Danny Ball, Clay Cannady, Kenny Colbert, Mike Colbert, Ronnie Dement, Mike Goodwin, Carl Harris, Jimmy Harris, Tommy Honeycutt, Romie House, Alan Kearney, Barry Jones, Rommie Pergerson, Tony Phillpot, George Russell, David Strickland, and Charles Yow.

The game is scheduled to be played Monday night at 8:00 at the Burlington Mill Field against the Youngsville Little League.

Coaches for the Franklinton team will be Harold Woodlief, Bud Mendenhall, Ricky Shirey, and Jerry Champion.

Woman Foils Holdup

New York—When a man threatened Miss Thelma Bouton, a clerk at the DuBarry Jewelry Box, with a bread knife and demanded money, he got a surprise. Miss Bouton picked up a broom and began hitting him over the head until he reached the door and ran.

Another Galaxy Test

Atlanta, GA.—The Galaxy C-5, the largest airplane to fly, has set an unofficial record for takeoff weight. The plane made a second test flight with a takeoff weight of 520,000 pounds, about 10 tons heavier than any known plane has weighed at takeoff.

Kirma Appearing Here

Starting Sunday, Kirma, Internationally known research scientist in the fields of parapsychology, will appear in person, on the stage of the Car View drive-in theatre, for a 6 day engagement.

During Kirma's engagement, he will appear nightly to answer questions regarding courtship, love, marriage, health, position, business, vocation, etc. for the members of his audience. You are invited to write your questions in the privacy of your home, seal it in an envelope, bring it to the theatre.

Do not sign names or initials to your questions. All questions are given a number by Kirma's assistant before it is deposited in the question box, which will be located in the concession building. Kirma will use only the number in giving his answer. In that manner no one will be identified with their question and no one need fear embarrassment as only the writer, can know which answer is his.

Kirma spends five months of each year, away from his private practice, making public appearances. In that manner he is enabled to contact many thousands of problems and make predictions on their outcome.

Kirma makes no charge for his service. His only request is that you write him, in care of the theatre, the results of the prediction he makes for you. In that manner he is able to keep records necessary to his research.

Comments On Baseball

Washington, D.C.—Don Drysdale of Los Angeles Dodgers has recently proved convincingly he isn't washed up. Yet there were times last year when the big righthander didn't seem to have it.

Sandy Koufax said all along Don wasn't in a slump. He just wasn't getting many runs scored behind him and his head to win without it.

This year Don found the answer to that, apparently decided he'd have to pitch shut-outs to be sure of winning—or at least not losing—games. And so he broke all the
