

Teenage Chat Youngsville

By Jo Anne Frazier

Hi I am your new teenage chat reporter. I hope that you will enjoy reading the column this year as much as I feel I will enjoy writing it. With your help, I will do my best to meet the standards which Vickie has set. If you have any news that you would like printed please contact me and I will be glad to use it.

Taking advantage of the last few days of vacation were Debbie and Polly Roberts. They spent a few days at Myrtle Beach last week. How cold did you say it got, Debbie? By the way Polly, why couldn't you play the piano Sunday morning? Could it have been because of a certain visitor?

Elaine and Darnell Holmes didn't let the last weekend of summer slip away either. They spent the weekend visiting relatives in the mountains.

Visiting with Debra Woodlief this weekend was Carol Jo Frazier. It was nice to see you Carol Jo, maybe next time you won't have to cook dinner.

Seen around Person County dragstrip Sunday were the Johnson brothers and Tommy Lloyd. How late did you say Tommy was, Jenny?

Darrell Cooke has some strange feeling that people like to back out in front of him. Where did you ever get an idea like that, Darrell?

Morris Catlett just couldn't seem to fight tobacco priming any longer. He decided something had to give—his knee. Hurry and get well Morris.

From the excited and frustrated look on their faces you can tell that college for freshmen holds many surprises. Good luck to Elaine, Pam, Vickie, Linda and all the other teens around the county who are confronted with this new and confusing experience.

Darlene Cash seems to be in a state of shock. What answers did your mother check on your college questionnaire, Darlene's Yes for boys and no for girls—the world is filled with many surprises.

We are all sorry to hear that Marilyn Mangum is sick.

Gun Top Murder Weapon

In a report recently compiled by the Federal Bureau of Investigation, it was revealed that the gun is gaining favor as a murder weapon in the United States. Last year the gun was used in the nation's more than 12,000 homicides. This is a 17 per cent increase over 1967.

Really cultured persons never mistake vulgarity for originality.

In Fashion

Heavyweight coats are necessary for those who live in cold climates but there is very little use for them in some of the warmer states. In fact, soft tweed coats are ideal for these climates throughout the year. The long coat with harmonizing skirt and over blouse seems to be one of the favorite costumes for fall. The coat may be a few inches above the skirt hem or the same length as the skirt.

We hear that clothes will be more fitted into the waistline this coming season but so far as we can observe in the shops the straight line for frocks and coats seem to be the popular line.
