

Home Dem. Offers Cookbooks

Cookbooks make welcomed Christmas gifts says Mrs. Frances W. Fuller, Home Economics Extension Agent. Two different cookbooks are available at the Home Agent's Office in the Agriculture Building in Louisburg.

One is the Franklin County Cookbook of Favorite Recipes. This was compiled by the Home Demonstration Club Women of Franklin County. The other cookbook is Favorite Recipes, Old and New, from North Carolina Kitchens. This was compiled by the Home Demonstration Club Women of North Carolina.

Both books contain many excellent recipes and are ideal for wedding or Christmas gifts. Every woman should own a copy of each.

N.C. Bankers Receive Top Awards

The bankers of North Carolina have been given a top national award for the 24th consecutive year for outstanding service to agriculture through the activities of the N. C. Bankers Association.

The County Key Banker for Franklin County, J. H. Talton, Vice-President, First Citizens Bank & Trust Company, was advised today that the NCBA has won the Agricultural Award presented by The American Bankers Association for notable service to agriculture. The award recognizes the wide range of projects carried on as a means of better understanding and cooperation between the farm and financial community. These projects, according to Mr. Talton, include the Short Course in Modern Farming at the N. C. State University which has been attended by over 1,800 young farmers on scholarships provided by their hometown banks; a farm credit conference for bankers and farmers; and a land judging meet in which thousands of FFA members participate.

News of the award was received by Sam K. Sain, Vice-President of American Bank & Trust Company, Monroe, chairman of the NCBA's Agricultural Committee. L. R. Bowers, President of Waccamaw Bank & Trust Company, Whiteville, was chairman of the committee last year when the record was compiled upon which the award was made.

NCBA President J. Paul Ford of Belmont said the award again shows the continuing interest of bankers in agriculture in North Carolina.
