Free Trips For Contest Winners

All-expense-paid Rural Electric Youth Tour to the nation's capital city will be awarded to winners of an essay-writing contest was announced this week by J. L. Shearon, Manager of Wake Electric Membership Corporation.

All high school juniors in the area served by the Co-operative are eligible to enter the contest, Shearon said. Winners will join winners of similar contests sponsored by other electric co-ops across North Carolina on the 1969 Rural Electric Youth Tour. All expenses of the eight day trip, beginning June 7, will be paid by Wake EMC.

Contest entrants will be required to submit a 350-word essay on the subject: "RURAL ELECTRIC CO-OPERATIVES: PACE-MAKERS IN PROGRESS." Resource materials that may be helpful to contestants are available from the Co-operative's office in Wake Forest. Essays will be judged on the basis of (1) knowledge of the subject, 40 percent, (2) originality, 30 percent, (3) composition, 10 percent, (4) neatness, 10 percent and (5) grammar, 10 percent. Deadline for submitting essays will be March 14, 1969.

This is the second year that Wake Electric has sponsored an essay-writing contest. Winners last year were Bryant Henderson of Oxford, Route 5, and Jackie Phillips of Route 2, Selma. One of the highlights of the '68 tour, according to these young people, was getting to meet President Johnson.

As participants in the Rural Electric Youth Tour, local contest winners will travel by bus to Washington, D. C. where they will visit places of historical interest and see the nation's "Government in Action". On Wednesday, June 11, the group will meet approximately 1000 young people from 30 states for a program coordinated by

the National Rural Electric Cooperative Association and the Rural Electrification Administration. The program will feature presentations by officials of these organizations and other Washington personalities and possibly a member of the President's family. A fun-filled "shindig" will climax the day's events.

Careful driving pays dividends, not to the other fellow, but to you.

Advertising is the good servant of those who know how to use it.

Youngsville Conducts Campaign

Youngsville - The March of Dimes campaign in Youngsville was conducted during the past week under the leadership of drive chairman Mrs. J. T. Moss. Cooperating with her in the Mother's March were members of the Youngsville Woman's Club which served as local sponsor.

Participating in solicitations were Mesdames W. T. Holden, W. S. Preddy, J. K. Tharrington, H. H. Reddick, Ben Hudson, R. E. Cheatham, N. A. Brown, G. E. Winston, James Smith, Claude Edwards, J. J. Hart, W. O. Roberts, J. W. Weather, Sr. and Mrs. Moss.

In reporting the conclusion of a successful campaign Mrs. Moss stated that total contributions amounted to over one hundred forty nine dollars and forty nine cents, which is higher than usual for the local community drive.

Thanks

We would like to express our sincere thanks to our many friends, nurses, Dr. Perry and Dr. Medders and the Rescue Service for being so kind and helpful during our time of need. May God bless each and everyone of you.

Pam, Brenda, Tammy Phelps

Bullets Were Real

Elizabeth, N.J. While waiting for a bus, 67-year-old Walter J. Morf was held up by four youths and when they found no cash they fired at him three times. Morf rode the bus home and when bleeding wouldn't stop he went to a hospital where X-rays showed a bullet in his tongue and lower abdomen.

99th Year-Number 102

Highway Safety Program Presented At LHS Friday

A highway safety program, featuring an Indianapolis 500 mile race driver, will be presented in Louisburg High School Friday, February 7th at 8:30 A.M.

Featuring Duane Carter who has competed at Indianapolis and other tracks throughout the nation, the program is now in its 15th year and has been seen by more than 12,000,000 students in more than 7,000 high schools. It is being brought to Louisburg by Strickland Auto Supply Co.

The program has been long recognized by educators and law enforcement officers as a unique method of impressing teenagers with the responsibilities they must assume once they obtain driver's license.

Launched in 1953 with only one driver, the program was such a success that additional Indianapolis stars were added to the team; until today nine of them comprise the regular group with four others available for spot assignments.

Awards from the National Safety Council, the Alfred P. Sloan Foundation, Public Relations Society of America, The United States Auto Club and Continental Casualty Insurance Company have been presented to Champion Spark Plug Company of Toledo for developing and maintaining the program.

"Continued requests from principals who have seen the presentation, and those who have heard about it, make us feel the Indianapolis drivers are making a real impression on students," says R. A. Stranahan, Jr., president and chairman of the board of Champion. "We know from numerous surveys the majority of high school students are fine drivers. Comments from educators indicate we are getting through to the small percentage who give the young generation such a black eye."

"When such a student hears from a professional that needlessly spinning wheels is the mark of a juvenile and would cause a race driver to be sidelined, that 'showoff' driving practices bar a racer from competing, he identifies with the driver and in a great many instances changes his bad driving habits," Mr. Stranahan continued.

Whenever possible, a film is part of the presentation. The color movie was made last May at Indianapolis and the Orange County drag strip in California and shows the extent drivers, mechanics and speedway officials go to in-

sure safe race conditions.

Duane Carter has spent 32 years in racing and has appeared on every major race track in the United States. In addition to domestic racing, he has appeared in Australia, New Zealand, South America and Europe.

Five times he has finished in the first 10 at Indianapolis and on four of those instances, he qualified for the Champion 100 Mile an Hour Club, reserved for those driv-

ers who complete the 500 miles without relief and at an average speed of more than 100 miles an hour.

Mr. Carter is a member of the California Highway Safety Commission and is chairman of the sub-committee for teenage driving activities.

Junior Girl Scouts Give Performance

Youngsville - A puppet performance was presented by the Junior Girl Scout Rambler Patrol at the Scout meeting held at the Girl Scout Hut Thursday afternoon after school. Puppets used in the set were created by the juniors with each one reflecting her own originality. The characters were silhouetted from behind a shadowy screen as scouts put on their show. This performance was in relation to work on a Dramatic Merit Badge.

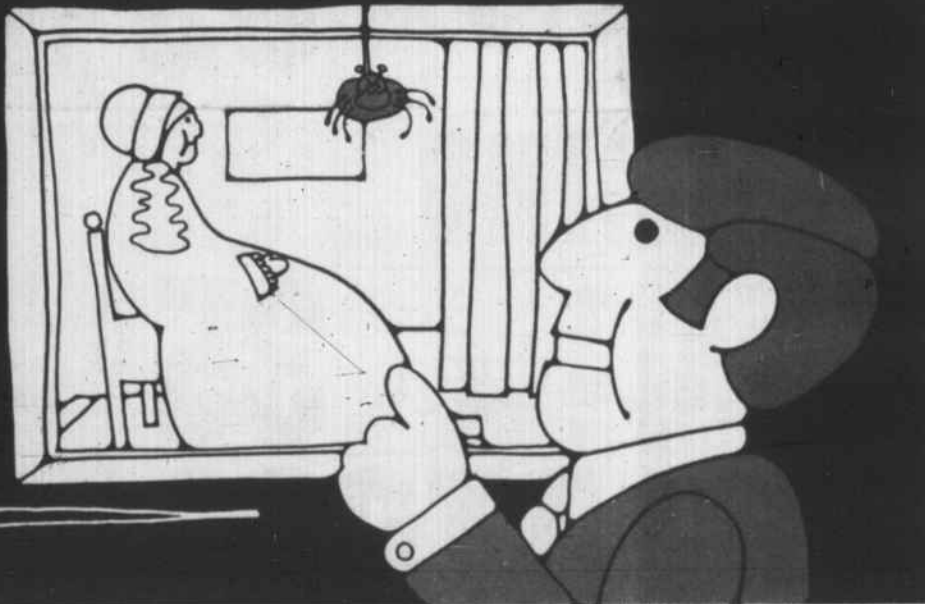

Eighteen Junior Scouts out of a total enrolment of twenty-two, were in attendance for this meeting which was under the leadership of Mrs. N. A. Brown and Mrs. W. M. Roberts.

Announcements were made in regard to the annual Girl Scout Cookie Sale which will be conducted the middle of February.

Scouts were served refreshments at the social hour by Martha Lynn Bell and Lorraine Pierson.

Just try to find someone who hasn't heard about your Chrysler Dealer's success.

It's all over town.

New Yorker 2-Door Hardtop

The Great New Chrysler. That's me!

"Highway Safety Is No Accident"

No one knows this better than Indianapolis Race Driver

DUANE CARTER

He's here to present a special Highway Safety Program that convincingly shows local high school students why it is smart to drive safely. He'll show how mental alertness, driver courtesy, safe vehicle condition prevent accidents.

The Highway Safety Program comes highly recommended by leading educators, law enforcement authorities and civic leaders across the country. It is a three-time winner of the Public Safety Award of the National Safety Council, and has been presented to over 10 million students in more than 5,000 high schools.
