Antismoking Drive

Bakersfield, Calif. - An anti-smoking campaign has been designed by teen-agers and has federal backing. The project is aimed at teen-agers and the U. S. Public Health Service has granted \$52,000 to the two-year pilot project.

Surprise Senate Wives

Washington - Mrs. Richard M. Nixon made a surprise visit to the first weekly meeting of the Senate Ladies' Red Cross Unit. Mrs. Nixon explained so many of her old friends were there and she had enjoyed rolling bandages and making layettes for families of servicemen overseas.

Beauty is not a necessity for a woman but it surely makes life easier for her.

Dr. Claye Frank Speaks At PTA

(FRK. B.W.) Dr. Claye Frank of Henderson was the guest speaker at the meeting of the Franklinton High School P.T.A. on Tuesday evening in the school auditorium.

Introduced by Mrs. S. L. Colbert, program chairman, Dr. Frank spoke about developmental vision. Beginning with the infant, the speaker pointed out that a baby recognizes sound and touch before he can see. He is three months old before his eyes begin to focus on objects. As the child develops so does his vision.

The Optometrist stated that many children are not ready to begin school at six years of age because of physical, emotional or visual problems. A visual disability could be a lack of eye coordination. When a child is usually immature, he will have posture problems, poor classroom behavior along with other problems.

"Seeing is integrated with all the child's skills and personality", remarked Dr. Frank.

The belief that 20/20 is an indication of good vision is a fallacy. It's only value is to determine the visual acuity of 20 feet. Most of the child's learning takes place at 16 inches.

Dr. Frank emphasized that we see with our brains therefore we have to learn to see.

A question - answer period concluded the program.

Mr. Roy Holland presided over the meeting. Devotional thoughts were presented by

the Rev. Horace Jackson, pastor of the Franklinton Baptist Church.

Mrs. George Kearney read the minutes and also gave a financial report.

Mrs. R. B. Gordon, E.S.S.A. Director, reported that all equipment, (which the P.T.A. purchased), had arrived with the exception of two articles.

Mr. Wesley Jackson, prin-

cipal, expressed thanks for the worthwhile equipment.

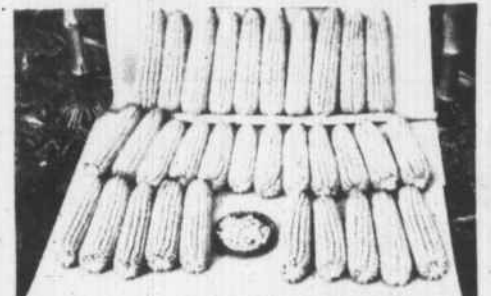

The following nominating committee was appointed: Mrs. Lamar Greene (chairman), Mrs. Pauline Ayscue, Mrs. E. A. Harris, Jr., Mrs. J. D. Mode and Mr. Jim Shirey. Attendance prizes were won by Mrs. Nancy Wilson's third grade and Mrs. Mary Green's first grade.
