

County Students Receive College Degrees

NC State-Raleigh

Raleigh -- The steadily expanding enrollment at North Carolina State University and other universities across the state and nation was reflected Saturday morning when 16 Franklin County graduates were awarded degrees at NCSU.

That number was more than double the number of Franklin students who were graduated at NCSU a year ago.

The Franklin students earned degrees in the largest commencement in history at N. C. State.

Chancellor John T. Caldwell conferred a total of 2,300 degrees, for all students completing academic requirements since June 1968.

By contrast, NCSU graduated 1,900 men and women a year ago.

Included on the Franklin list were two who earned coveted master's degrees.

William C. Stainback, son of Mr. and Mrs. George G. Stainback of Rt. 1, Youngsville, was awarded a master's degree in math education. He is married and the father of three children.

Stainback and Sykes were among a record number of some 460 master's degree winners. Another 140 won doctoral degrees, also a record number.
