In establishing hunting regulations for the 1969-70 season Tuesday, the North Carolina wildlife resources Commission also:

-Said it would follow the policy in the future of opening the season on bear, deer (in the eastern part of the state), boar, raccoon, squirrel and grouse on the Monday nearest Oct. 15. Opening date this year will be Oct. 13.

Decided to prohibit bow and arrow hunting for bear on wildlife management areas supervised by the Commis-

-And agreed that short term (two weeks or less) any sex deer hunts will open on the third Friday in December. On the first two days, shooting will not begin until noon,

The season on rabbit, quail and pheasant will run from Nov. 15 through Feb. 28.

The bear season, which ran from Oct. 18 through Jan. 1 in most areas last year, will be split. The commission decided to establish a uniform season opening Oct. 13 and closing Nov. 22; then reopening Dec. 25 and closing Jan. 1.

will open Oct. 13 and close Jan. 1, but there are numerous exceptions. In the Butner area, including portions of Caswell, Durham, Person, Granville, Orange and Wake Counties, the season runs from Nov. 24 through Dec. 20. The same dates will apply to the Uwharrie area. The Butner area was expanded to and no buck deer may be include a large portion of the killed either day prior to the northwest corner of Wake

Board Awards Ag Building Contracts

The Board of County Commissioners met here last Thursday, again Monday and is slated to go at it again Wednesday as members tackle one of the toughest budgets in years. Monday's meeting was announced as solely for the purpose of studying the budget and no other matters were taken up,

according to reports.

Last Thursday, the Board heard a request from representatives of the Industrial Development Commission and the County Planning Board that a resolution be adopted requesting re-presentatives in the General Assembly to introduce the necessary legislation to have Franklin included in a law giving Boards of Commissioners the authority to zone. The Board tabled Monday's meeting.

Spokesmen for both county the request and took no action on it in

agencies voiced disappointment that the Commissioners failed to act in view of the shortness of time in which local bills could be introduced in the General Assembly. Such a resolution had been recommended to the Industrial Commission by Peirson and Whitman, a consulting engineering firm which serves the county and the Town

of Louisburg.

The Board, last week, awarded contracts totaling \$37,173.51 for expansion of the county agricultural build-ing on East Nash Street. Bids on the project which were accepted by the Board include: Neuse Tile Service, \$3,200.00; Roberson Electric Service, Louisburg, \$1,854.00; Zebulon Sheet Metal Works, \$2,685.00; Ronda C. Gupton, Louisburg, \$275.00; Wester Plumbling, Louisburg, \$1,392.54; Wilson Building Supply, Louisburg, \$14,884.77 and Raymond E. Bur-nette, Contractor, Louisburg,

Board agreed to rent the former Negro agriculture building on River Road to the Office of Economic Opportunity group headed by S. G. Dunston for \$15 a month. The building is to be used two nights a week, according to The Board continues to struggle

with what appears to be a heavily increased budget. One report says the new tax levy might reach as much as \$2.00. The present rate is \$1.71.

The Governor has gone on a whirlwind tour of the state in an attempt to get the people to pressure their Representa-tives into changing their vote in support of the measure. Republicans have sent their representatives behind the Governor explaining their position in the matter. Gov. Scott credits the GOP House delegation with the measure's defeat last Thursday.

Meantime, however, many politicians are predicting the Governor will get most, if not all, of his tax package, including most, if not all, of the tobacco tax.

Cancer Drive Shows Increase

Treasurer of the Franklin County Cancer Society Mrs. W. C. Timberlake reports that total contributions for the 1969 Cancer Crusade in the county amounted to \$3,921.48, which is an increase of almost four hundred dol-

lars over last year's record campaign. Crusade Chairman George Champion, Jr. states that several areas which were not reached last year were covered this year. Thirteen communities made the largest total contributions ever. Several large individual donations

Volunteer chairmen who led the crusade in their respective areas were Jennette Ayscue, Ruth Andrews, Mrs. R. G. Stone, Mrs. C. E. Pinnell, Edith Griffin, Mrs. Sidney Driver, Mrs. Ruby Gonella and Mrs. H. H. Utley, Earlene Gonella and Mrs. H. H. Numerous volunteer crusaders as-sisted these leaders in conducting a successful campaign for funds which will be used in the fight against cancer.

Speed Indicates He Will Oppose Louisburg **Annexation Reguest**

The request by the Louisburg Town Council that Franklin representatives in the General Assembly introduce a bill to include Franklin County in a 1959 annexation law, appears doomed for this session. The measure was introduced in the Senate by Senator E. F. Griffin and was brought out of the Local Government Committee and passed. However, its fate in the House is almost assured.

Representative James D. Speed indicated to The Times in an interview Monday that he has had a great deal of opposition to allowing the bill to pass and only "two people favoring the measure". The Town Council explained last week that the request was made in order to plan for the future of the town and its growth. Speed says that he has to go by the "sentiment of the people". He suggested that the Town call for a vote on annexation.

Speed explained a similar request in 1967 which he said was never made. He said a meeting was set between he and Representative John Church of Vance and the Town Council, for a particular night, but that the meeting did not take place and that he was informed that the council would get back in touch with them. He said a similar request by the Franklinton Town Council in 1967 was discussed

them that a vote be held to determine if those living in outlying areas wanted to be annexed by the town.

He made it clear that he favors those living outside the city limits having a say in the decision on taking them into the town. He said this could be done under present law. Speed did not say he would oppose the bill once it gets to the House but he did say it probably would not pass without his endorsement.
