# Officials Attend Meet

Farmers, growers and ranchers' needs for operating and capital investment credit on an intermediate term basis will continue to expand at a rapid pace in the years ahead, according to Vassar P. Shearon, president of the board of directors of the Tar Heel Production Credit Association.

Mr. Shearon, who has just returned from Atlanta, Georgia where he and other officials of the Tar Heel PCA attended the Annual conference of Production Credit Association directors and general managers, says that the Association along with PCAs throughout the nation will continue to play a vital part in providing agriculture with a permanent and dependable source of credit.

PCAs in the Third Farm Credit District are gearing their operations to meet the future credit needs of farmers, growers and ranchers by adjusting and revising credit procedures as necessary and

through annual management training institutes for all PCA personnel, Mr. Shearon continued.

The Third Farm Credit District is composed of the states of Florida, Georgia, North Carolina and South Carolina and the 62 production credit associations operating in the District are furnishing over 44,000 farmer-members with nearly \$510 million in short and intermediate term credit.

The Tar Heel PCA is currently serving 1558 farmers with loans totaling \$10,201,970.03 in 1969, in Wake, Franklin, Granville, Vance and Warren Counties.

Other officials of the Association attending the conference included T. W. Allen, vice president of Creedmoor; J. O. Wilson, vice president of Louisburg; J. H. Buffaloe, director of Raleigh; C. C. Hester, director of Oxford; J. G. Winston, director of Wendell; J. R. Womble, director

## Standing

The Redwings of Harris Pharmacy gained revenge over Camp Butner as they outlasted them 12-8. Warren Wrenn allowed only five hits in his six innings of eligibility, but numerous errors on both teams contributed to the high scoring affair.

Wrenn and Walker each had three hits. Mike Montague provided two hits for the losers.
