

we care

Is it square to be patriotic?

If it is... then, by golly, we're square. Because we're proud of our American heritage... grateful for the free enterprise system that has afforded us the privilege of serving the American people for more than a century.

The United States is today, and has been since its founding, the land of opportunity.

We've been first-hand witnesses to this fact for a long time. In our business, we've seen good, sound competition grow and prosper. We welcome it. It keeps us on our toes.

As July 4th approaches, we want to go on record as saying: "We're proud of being Americans."

As we said: "If this be square, then we're square."
