

Forestry Group Plans Meet Here

The North Carolina Forestry Association continues its 1969 state-wide safety program with a supper meeting of loggers here at 6:30 p.m. Thursday.

John H. Weatherly of Newton, association president, said Thursday's gathering is the third in a series of logging and sawmill safety events to be held throughout the State this year. Purpose of the safety program "is to reduce the pain, suffering and economic loss resulting from logging and sawmill accidents," Weatherly said.

Edger K. Pitman of Plymouth, Chairman of the Association's Insurance and Safety Committee, will speak. Also on the program will be Stan Blalock of the North Carolina Labor Department of Raleigh. The Labor Department is cooperating in the Forestry Association's 1969 safety program. Willis Nash of Louisburg, a member of the Association's Insurance and Safety Committee, will preside.

Thursday's Dutch treat supper at the Murphy House Restaurant is open to all log

ging contractors in the Louisburg area.

Some Difference

Teacher: "What is the difference between a primitive man and a modern man?"

Pupil: "When his wife talks too much, modern man goes to his club, while the primitive man reached for it."

Seeing Is Believing

Woman: Do you have a very large piece of beef?

Butcher: Yes, Ma'am. Woman: Would you please cut off 15 pounds in one piece?

Butcher: Here you are, Ma'am. Shall I wrap it up?

Woman: No, I just wanted to see what 15 pounds looked like. That's how much I lost on my diet.

"Your wife used to be terribly nervous, and now she is as composed as a cucumber. What cured her?"

"The doctor did. He told her that kind of nervousness was the natural result of advancing age."

Tobacco Tour Here This Week

The Annual Research on Wheels Tobacco Tour will be held on July 29, 30 and 31. The tour will include a stop at the Pinnell farm in Franklin County Wednesday, July 30, from 2:55 P.M. until 4:10 P.M., according to C. T. Dean, Jr., County Extension Chairman. The Pinnell farm is located on Highway N.C. 56 in the Cedar Rock Community. Watch for the large Research on Wheels sign.

At the Pinnell farm Dean said the group will observe an Area Soil Fungicide and a Type "E" Variety Test. The Fungicide test is located on hot black shank land. Fifteen treatments were used in the test and they are replicated four times for a total of 60 plots. The Variety test includes 17 varieties replicated four times. It includes the popular released varieties, the four new ones released for 1970 planting and N. C. Breeding Line 1076.

Dean said that anyone interested in tobacco is invited to join the group at the Pinnell farm and that free ice cold watermelon and soft drinks would be served.

Thanksgiving is a Little Early

Our Thanksgiving is a little early this year, because this is the greatest year in Waccamaw's 44-year history. And a great day is coming—the day when the Waccamaw Bank System's resources pass the \$100,000,000 mark! Starting out with original resources of only \$122,191 in 1926, we have grown to the \$100,000,000 mark through the efforts of a particularly devoted team of officers, directors and staff. We're deeply grateful. And you, our loyal customers, helped make it all possible!
