

Youngsville Baptist Work Begins On Chapel Funds

Youngsville - A paving project is being completed this week to provide more efficiency and convenience for motorists and pedestrians. The entire driveway around the church has been paved, as well as parking areas on both sides of the drive. There will be curb-like stops for parked cars, and several short walkways. Marked parking spaces for cars will be painted on as soon as possible. One paved

square area is large enough to be used for recreational purposes. Church members, with Rev. L. Jervais Phillips as Minister, are busy in preparation for a new year which begins October first. L. A. Woodlief has been named chairman of the nominating committee to recommend church and Sunday School officers who will be elected this month. Three deacons will also be elected this

month in accordance with church rotating system for the board of deacons which is composed of nine members. The Forward Program of Church Stewardship will be conducted again this fall under the leadership of Rev. Phillips and the Steering Committee. With interest in The Chapel Fund for Franklin Memorial Hospital, the church here recently made a one hundred dollar contribution.
