Rugland of Appleton, Wis., arrived in Vietnam and has been assigned to the U. S. Naval Advisory Group, Vietnam Staff, headquartered in Saigon.

The Naval Advisory Group has the task of conducting the U. S. Check Tobacco Sales Cards

Tobacco sales cards and bills should be checked after each sale to see that no errors exist. Producers marketing over 110% of their quota voluntarily or as a result of an error must pay 50 cents per pound for all pounds sold in excess of 110% of the quota. Also, cards should be returned to the County Office when all sales are completed. These cards are needed to reconcile 1969 marketings and establish 1970 farm allotments and quotas.

Time is rapidly running out for producers to sign up in the AC Program. The government will help producers seed winter cover such as oats, wheat, rye, barley, fescue, rye grass and crimson clover at a rate of \$2.00 per acre. Funds remaining in our allocation are to be used for farms that are not signed up in the 1969 programs.

Farmers who can qualify may borrow up to 85% of the cost of needed grain storage structures. Also, a maximum loan of 65% of the cost of needed drying equipment of \$2,500.00, which ever is less may be approved. These loans are available through CCC and may be obtained for a five year period and repaid in 4 annual installments.

Interested producers should contact the County Office for more details.
