Perry's Chapel

There will be a Thanksgiving Fellowship Supper at the Needmore Community House on Sunday, November 23rd at 6:00 P.M. after the meal the pastor, Rev. James R. Luck, Sr., will bring a brief Thanksgiving message.
All members are urged to attend and bring a picnic supper.
These will be no evening services at the church.

The Homebuilder's Sunday School Class of Perry's Chapel Church and their families enjoyed a supper at the Needmore Community House on Saturday night, November 16th at 6:30. The cold weather failed to chill the spirits of the thirty-seven who attended. The group enjoyed singing familiar hymns and choruses, accompanied on the guitar by Mr. T. H. Edwards, teacher of the class. Mr. Jerry Frazier, president of the class, thanked those who prepared the food and especially thanked each one for coming and making it an enjoyable occasion.

The Current Missions Group of the Perry's Chapel W.M.S. met in the home of Mrs. T. H. Edwards on Monday at 2:30 P.M. The program subject "God Guides Individuals" was led by Mrs. E. C. Pearce.

Corinth Baptist

With concern for the dilemma facing home life in America and our community, Corinth Baptist Church has planned a weekend of services emphasizing the Christian Home. Dr. W. Perry Crouch, General Secretary of the Baptist State Convention of North Carolina, will be the preacher for these services which begin at 7:15 P.M. on Friday. The conference will open with informal discussions between Dr. Crouch and parents on Friday and between the visiting preacher and teenagers on Saturday night. The church pastor, J. Marion Rector will lead the group discussions on alternate nights. The discussion groups will offer an excellent opportunity for dialogue on subjects of critical need for all age groups.

Following the informal discussions will be a Worship Service, beginning at 7:45, at which Dr. Crouch will preach on the Christian home. It is hoped that those who can not attend the discussions will be present for the later services. Throughout his most effective ministry Dr. Crouch has given particular attention to the necessity of good home life. He has lectured and written much on this aspect of Christian living. Everyone in this area is invited to share in the ministry of Dr. Crouch at Corinth this week. Entire families are encouraged to attend together.

Nursery facilities will be open for all services providing care for pre-school children. The services close Sunday morning with Dr. Crouch preaching at the Morning Worship service at 11:00.

Better Be Quiet

"Young man," said the old man severely, "when I was your age, I, too, thought I knew all. Now I have reached the conclusion that I know very little."
"Great Scott!" explained the lad in astonishment. "Has it taken you this long to find that out? Why, I knew it the minute I saw you."

Local Dealer Sees Preview

Youngville - Jones H. Winston, partner with Youngville Tractor & Equipment, White Oliver dealer on highway 96, Youngville, attended White Oliver's "Fly-In" - a presentation and demonstrations of its new products for 1970, at the Advanced Products Division of White Motor Corporation in Torrance, California, on November 10.

A new White Oliver tractor line, topped by an articulated tractor with 139 engine horsepower in diesel and 169 horsepower with LP gas, was presented to more than 1200 White Oliver dealers, sales personnel, and invited guests flown in by chartered jet aircraft for the massive 24-hour airlift; which was characterized by air line officials as one of the largest movements of this type in commercial aviation history.

In a tour of the Advanced Products Division under the direction of Dr. John Beck, president of the research and development center which serves all White Motor Corporation divisions, the White Oliver dealers and sales personnel glimpsed some of the important new developments in engine and power train components that will emerge in production model tractors during the 1970's.

Chartered planes began lifting off from airports ranging from the Atlantic to the Rockies, from the Canadian to the Mexican borders, and points in between, during the early morning hours on November 10. Landing at airports in the Los Angeles area, with the advantage of time zone changes, the entire 1200 people were seated in the arena at Torrance for the program kickoff before 12 noon, P.S.T. With activities running into the evening hours, the participants were lodged in local area hotels and motels for early departure on the return trips November 11.

Civilians & Pentagon

The Pentagon has issued an order for a three-month freeze on hiring new civilian employees. Hiring preferences will be given to employees displaced by recently announced base closings or reductions.

On Job Absenteeism

The Labor Department has reported that women workers had a slightly higher record of job absenteeism than men because of illness and injury. It also reported that single men lose more work time because of sickness than single women.

Wilder was a member of Phi Kappa Phi scholastic fraternity, Alpha Zeta, Gamma Sigma Delta and the Ag Education Club.
