Elegant Apple Pie

Make the most of the season's bright and crunchy apples! Add some sugar and spices and arrange them atop a custard pie. It's pretty enough to have come from a French pastry shop, yet it's easy and foolproof, since the base comes from handy egg custard mix.

APPLE CUSTARD PIE

- 1 package (3 oz.) Jell-O Golden Egg Custard Mix
- 1/2 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1 teaspoon grated lemon rind
- 3 tablespoons coarse ginger snap crumbs
- 1 package (3 oz.) Jell-O
- 1 tablespoon water
- 1/2 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1 teaspoon grated lemon rind
- 3 tablespoons coarse ginger snap crumbs

Blend custard mix with milk in a saucepan. Bring quickly to a boil, stirring constantly. (Mixture will be thin.) Cool 15 minutes, stirring often. Pour into pie shell. Chill 1 hour.

Meanwhile, combine apple slices, sugar, water, spices, and lemon rind in a saucepan. Bring to boil. Simmer about 10 minutes or until apple slices are tender. Cool 10 to 15 minutes. Sprinkle ginger snap crumbs over custard in pie shell. Spoon apple slices over crumbs. Chill until set — about 2 hours.

Louisburg

Mr. and Mrs. Harry K. Johnson of New London, Conn. arrived Tuesday for a visit with his father, Mr. A. F. Johnson, Jr. and family. They are enroute to Texas to visit his mother.

Thanks

The family of Jimmy Garland Collie wishes to express appreciation to their many friends for the kindness shown to them during their time of grief and bereavement.

In Fashion

Many department stores have knitting departments where amateur knitters are helped with their work if the wool is purchased there.

Wigs continue their popularity. Some women have several for different occasions.

Knitted garments are very popular this season. So much so that many housewives have taken up this creative art and are knitting dresses and coats as well as sweaters and caps. While some of the yarn is expensive, the labor is really what makes these garments cost so much when they are purchased as handmade.

Mount Zion Baptist Announce Christmas Plans

The Christmas season will be ushered in at Mount Zion Baptist Church, Route 3, Louisburg, Sunday, December 7. This Sunday is being designated "White Sunday" and the church will be decorated entirely in white and a crude wooden cross will grace the altar table.

This will highlight the Week of Prayer for Foreign Missions which concludes with the service Sunday. Several of the ladies of the church will assist the pastor, Rev. Kenneth F. Huneycutt, in the service.

During the offertory all members of the congregation will place their mission offerings at the foot of the cross as a symbol of their interest in sending the Good News into all parts of the world.

On Sunday, December 14, at 8:00 p.m. a church wide Christmas buffet supper and children's program is planned. This will be a family affair and immediately following the meal a children's program will be presented by the Primary and Beginner departments of the Sunday School. The Junior choir will also present a program of music and the entire group will join in singing familiar Christmas carols.

Each small child present will be presented a bag of goodies. The room will be decorated with a Christmas tree and the traditional colors of red and green will be used. Mrs. Priscilla Duke is chairman of the food planning committee and Mrs. Eula Cassell is chairman of the children's program. Mrs. Faye Champion is chairman of the decorating committee.

All church families are asked to plan to attend this event.

On Sunday, December 21, at 11:00 o'clock a traditional Christmas service in the form of a pageant, "The Light of

the World", will be presented. It will be presented by the adult choir, the junior, intermediates, and young people of the Sunday School department. This pageant depicts the birth of Christ in music, drama, and the spoken word. Mrs. Roy Gupton is chairman of the program committee and Mrs. Thelma Marshall is serving as chairman of the costume committee. The pageant was written and arranged by the pastor.

The public is cordially invited to attend this service.

Health And Beauty

This is the season when cold sores or fever blisters are at their height.

It is surprising that cold sores are not more common because most people carry the virus with them all the time.

Natural resistance to this organism is lowered by certain factors, most common of which is the cold, sudden elevation of body temperature, gastro-intestinal upsets and over-exposure to the sun and wind.

A cold sore starts with a slight itching and burning of the affected area. This becomes more intense. One or more sores will occur—usually about the lips, nose or other areas where skin and mucous membranes meet.

Most often cold sores dry up on their own. They leave crusts which take about a week to fall off. Discomfort can be relieved by camphor, menthol or spirits of camphor.

In some few cases, cold sores are so recurrent and numerous that drastic treatment is called for. A doctor should be consulted and given a background picture of the patient's trouble with cold sores. He will probably advise a series of small-pox vaccinations.

Stay away from the use of make-up on the affected area. The straw-colored fluid carries the virus, so be considerate of other people.

IN FASHION'S ORBIT—The free-wheeling look of fashion 1970 is captured by Designer Stacy Ames in this T-shirt dress of diamond-patterned cotton crocheted. Lightweight and comfortable as only cotton can be, the dress comes in a natural string-color.

About Your Home

You can cut down the everyday living noises in your home by repairing all noisy appliances and equipment. Place rubber pads or other resilient material under vibrating equipment, oil doors and motors. Strap down vibrating pipes and secure loose heating ducts.

Parties in our home are one of our outstanding pleasures. Most of us love to give a successful party as much as we enjoy attending one.

Any good party is apt to be noisy. The buffet luncheon and even the family dinner usually create quite a volume of sound.

The best idea is not to fill the room beyond its capacity.

In the small, modern house this is not always possible. Carpeted floors, draped windows and acoustically treated ceilings will greatly reduce sound.

The nursery is best located away from the front entrance or the back door. It should be well away from the rooms you use to entertain in. It will be worth it to soundproof one or two walls in the nursery and to install an intercom system connected with the master bedroom, the kitchen and the family room. These items are much simpler to install when you are building. But they can be installed later.
