The business season has reached the lowest depths of duliness, and in a few weeks a Applied by Letter. reaction will take place.

The Hayes and Wheeler club had a warn time of it last night, atmospherically speak ing, in the court-house.

Cool mornings but warm afternoons, and tolerably cool nights, is the present programme of the weather.

Two negro women had a wool pulling yesterday afternoon on McDowell street. One squealed and the fracas was soon over.

This is the kind of weather described by the poet when he wrote about the 'land where sunshine and shadow are chasing each other."

There is one consolation the can't-get aways have. Ice water through a straw tastes just as good in Raleigh as it does anywhere else.

We suggest to our friends of the Tilde and Vance club of this city not to have their proposed mass-meeting until the weather grows considerably cooler.

A letter received in this city yesterday announces that Auditor Reilly is ruralizing in Pennsylvania, much improved in health. He will return about the first of next month.

In speaking of the machinery for Swepson's new cotton factory, at Haw River, we made an error in our yesterday's issue. The cost should have been placed at \$20,000 instead of \$10,000.

The congressional candidates, Messrs. Davis and Young, spoke at Brassfield, Gran ville county, yesterday. To-day they speak at Rolesville, this county, and come to the city some time late in the afternoon.

Farmers in several sections of the county are comptaining of deprestations upon their corn-fields by lazy, negroes, who, too lazy to work, roam about the country stealing everything they can lay their hands upon.

The young men of the city have taken unto themselves Indian names. For instance, one is called "Crazy Horse," another "Sitting Bull," another "Rain-in-the-Face," and so on. Thus do they while the sultry summer hours away.

A beligerent spirit seemed to break out among the urchins of the graded school yes-terday alternoon as they were returning home. Two scrimmages happened under the ness of Justice of the Peace Magnin, and a couple in front of the postoffice. Scratch ed faces, black eyes and bloody strouts were the order of the afternoon. Enough loose hair floated around to fill a good sized mat-

More About the Sunday School Cen-

tennial Excursion.
The committees of the schools of the city, consisting of Rev. Dr. Pritchard, J. P. Pritchard, J. M. Heck and John Armstrong, from the Salisbury Street Baptist church; S. C. White and J. A. Jones, from the Edenton Street Methodist; V. Ballard, from the Person Street Methodist; S. C. Whiting, from the Presbyterion, and W. E. Anderson, from Christ (Episcopal,) met yesterday morning, at 10 o'clock, at the store of Gattis & Jopes, Fayetteville street. Alter a short consultation, Major J. C. Winder, superintendent of the Raleigh & Gaston railroad, and Capt. A. B. Andrews, saperintendent of the North Carolina division of the Richmond & Danville railroad, were waited upon. The first offered \$13 per capita by the Bay line route, for 30 days if as many as twenty took tickets. The latter offered to take the proposed excursion ists at \$12 per capita, over the York River route, if as many as fifty went, tickets to be good for 39 days. After the interview with the railroad magnates, the committees again assembled at the store of Messrs. Gattis & Jones, and it was decided that the matter should be discussed again next Sunday in various schools as to the time when the excursion shall start and as to the route to be elected, also to ascertain how many will purchase tickets. The committees will hold another conference Monday morning in the rear office of the Citizen's National bank. We learn that any respectable person, out-side of these schools, may purchase a ticket

to participate in the excursion If the exeursion is gotten up, no matter which of the routes is chosen, it will be the cheapest centerabil trip of the season.

Yesterday, in St. Mary's township, before Justice of the Peace Eli Dupree, Gilbert Hall was arraigned on the charge of assaulting David Hamlet, Tuesday, with a rock and axe. Gilbert was bound over to keep the peace, and required to give a ball bond of \$290 for fils appearance at the next term of II the citizens vote the issue down, the superior court.

Revival.

A revival has been progressing at Hol land's (Methodist) church, 9 miles south of this city, since Saturday last. Rev. Dr. Burkhead, pastor of the Edenton Street M. E. Church, this city, went out Tuesday to assist Rev. J. E. Thompson, of Cary circuit, ton has removed from this city to his old in its conduct. We learn that the meetings are largely attended and much interest manifested.

A letter was received yesterday by the board of county examiners from Alexander Mitchell, of Morrisville, for a renewal of bis certificate to teach in the common schools of the county. He held a second grade certifi-cate last year. He was informed that the law required an examination before any cer-tificate issued, and that he must come before them again and show his increased accomplishments.

Arrested on Suspicion

Yesterday afternoon Joseph Mitchell, colored lad about 17 years of age, was arested on suspicion of complicity in the recent burgiarizing of the residence of Johnstone Jones, editor of the Raleigh News. We forbear, as a matter of prudence, to state the nature of the suspicion, but it was considered strong enough to cause the arrest and confinement of Mitchell in the guardhouse. He will have a hearing before Mayor Mauly this morning.

Hon. M. W. Ransom.

This distinguished gentleman arrived in this city yesterday afternoon, accompanied by his family, en route for Catawba Springs. They leave on the 11:40 train to-day. The general states that he is at the service of our state executive committee until the day of election. We suppose that a list of appointments will soon be made for both him and Senator Merrimon, General Ransom is looking in excellent health, and is in good spirits over the prospect of a democratic triumph, both state and national.

Special Train--Speaking at Jonesboro It is now thought that at least 1,500 people from Wake, Chatham, Orange and Moore counties will be present to-morrow to hear from this city and along the line of the railroad. The special train leaves the North Carolina depot at 8 o'clock a. m. The fare from this city, round trip, is only \$1 50. For the benefit of our country friends, we give the rates from the various stations along the line: Cary, \$1.25; Apex, \$1.25; Lushley's, \$1.25; Merry Oaks, \$1.00; Lockville, 75 cents; Osgood, 40 cents; Cameron, 50 cents,

Reward Offered.

Yesterday Governor Brogden, in respons to the petition of a number of prominent citizens of Mecklenburg county, mention of which was made in the last issue of the Sentinel, offered a reward of \$400 for the apprehension of the negro, name not known, who raped the person of Mrs. Mary A. Beatty, of that county, last Saturday. The prompt manner in which Governor Bregden has re-sponded to the petition deserves praise. All good citizens join in the wish that the perpetrator of the flendish outrage may be speedily captured and brought to punishment, mot all molfabeten a we see

In calling attention to needed repairs on streets, &c., we do not wish to be understood as reflecting upon this officer. He is industrious and faithful in the discharge of duty. He has but a small force at his command, and does with it all that could be reasonably expected. That Mr. Andrews keeps up the streets remarkably well everybody will, when the limited means placed in his hands for so doing are taken into consideration, admit. The city has no more energetic, faithful officer than W. N. Andrews. He thoroughly understands his business, and is in every way the right man in the right

Finale of the Holland Shindy.

Holland, the negro who raised such shinds in Ward No., 4. Tuesday evening, by eating his step-son, wife and everybody else that came in reach, had a hearing yes terday morning before Mayor Manly. His honor bound him over to the next term of our superior court in a bond of \$200, which he gave.

The negro, Ned Goodram, who first interfered with the policeman in arresting Hol-land and then assisted in conveying him to guard-house, was made to pay a fine of \$10 besides \$2.25 costs. His last act made it go thus light with him for his first indiscretion. Holland seems to be a desperate negro, and a few years in the penitentiary

would probably cool his hot blood a little. The firm of D. S. Waitt & Bro. have leased for a term of years Jas. M. Towles' front store, No. 52 Fayetteville st., and are having the same fitted up entirely new. They will move from their old pla about the first of October.

We understand that at the next regula eeting of the board of ale ion will be introduced raising a co of aldermee and a comm take the initiatory steps towards the estab lighment of water works in this city. The committee of aldermen is very well and becessary, but we don't like the citizens part of the programme. Nine chances out of ten they will insist on the farcical proceeding of calling a citizens' meeting to consider the matter, and if this is done then farewell to all hope of water works. These citizens' meetings, about almost everything, are arrant humbugs, and always run by sore-heads and wind-bags. The whole matter rests with the board of aldermes, and they alone should deal with it. Let them have a survey made, all right, the aftermen needn't fret, for they will have performed their daty. But we do not think that there is any danger of the people voting down the proposition. A large majority are decidedly in favor of the meas-ure. The only opposition to be euconniered will come from a few miserly individuals who'd rather see a dozen new cemeteries started here than pay 64 cents addition tax in the year.

We have heard a few say that they favored the proposition for water works, but were afraid that it would be turned into a "lob." e a ring would be formed to swindle the city in their construction. This fear is an idle one. If the aldermen act properly they will keep the management of the whole enterprise in their own hands, and no ope of sense in this city will say that there is a member of the board capable of lending himself to any improper or dishonest scheme. Gentlemen of the board, the whole matter rests in your hands. Will you use your power? We hope so. Don't follow the example of this miserable generation of politicians and strive to make a demagogical record for economy at the sacrifice of everything right, proper and just. Remember that economy, when properly practiced, is a virtue that adorns, but when overstrained or used in the interest of hypocrisy, takes rank with low and groveling vices. Go to work then, gentlemen, and do what good conscience and common sense demands, and don't try to shift a just responsibility by twaddle about citizens' committees and citizens' meetings. The work is yours, and you must perform it or fail in your sworm

Doubtless many of our readers have become heartily tired of this subject and would be rejoiced to hear no more of water works for a long time, but if they will take the trouble of informing themselves of its vital importance, we are assured they would eagerly join us in the advocacy of their speedy establishment.

The Supreme Court Vacancy. Yesterday a Sentinel reporter interviewed Governor Brogden on the subject of the vacant seat on the bench of our supreme court. The governor informed the reporter that he had not yet decided who he would the discussion between Vance and Settle at appoint, as he did not think there was any state was not losing anything by the delay, but on the other hand was gaining some little in the matter of salary. When the vacancy occurred the labors of the court were nearly over, and he did not think the public interest required prompt action in the matter at his hands. The governor said, however, that an appointment would be made before the January term of the court. In response to a question as to the applications for the appointment, the governor said that no direct application had been made to him by any aspirant to the position, though the claims of Judge W. A. Moore, Judge J. L. Henry, Judge Hilliard, Thomas Ruffin, R. C. Badger, W. T. Faircloth, Judge W. J. Clarke, and a number of others, had been urged upon him by friends of the parties. In speaking of the prospects of the present campaign, the governor expressed himself as very hopeful of a republican triumph, for he thought that a large number of pronounced democrats would refuse to vote for Vance. Though speaking very decidedly as to his views and wishes, the governor did not express a superabundance of confidence in the success of his party in the ensuing election. From his expressions the reporter inferred that he thought the election would be hotly contested, but was of the opinion that the probabilities were positively in favor of his side of the question. The interview lasted but a short time and was sought more in reference to the vacant judgeship than anything else. The governor was pleasant, courteous, and answered the questions without hesitation and to the point,

> State and Special Taxes-Real and Per sonal Property in Wake County.

The state tax, as per the forthcoming and itor's report, for the fiscal year ending September 30, 1876, amounts to \$310,915.80; special tax \$229,477.29; total \$540,393.09. Writ Served. Yesterday morning Constable Caswell served a writ of arrest on Dr. H. Wilder, a his borne, 6 miles southeast of this city, for shooting the negro Blackman, Tuesday, near the store of J. R. Rogers. The doctor accepted service and gave his personal recognizance to appear before Justice of the Peace Magnin Saturday at 12 m. The doc tor is said to be quite severely injured about the eye and temple, caused by the butts of the negro. The statement of the affair by Blackman to the Sentinel reporter, Tuesday afternoon, turns out to be a tissue of

Speaking.

Our Tiklen and Vance club was highly en tertained last Monday night by elegant speeches from the Hon. Wm. N. H. Smith and W. W. Jones, of Raleigh. There were a large number of colored people present, who listened very attentively. The colored men here seem to manifest some interest in our meetings. They attend regularly and pay a great deal of attention to what is said.

There will be an excursion from Weldo to Raleigh on the 25th inst. It is for the benefit of the Episcopal church at that place. Some of our people speak of excurting.
