MR. DAWLEY has been in the drug business in the city of Providence twenty-five years as clerk and proprietor in good standing, and knows whereof he affirms. - Ep.

Mr. D. says: "For many years I have suffered. intensely at times, with what is generally called rheumatism. When first attacked I was confined to my bed and could not walk a step. I could not bear the weight of the bedelothes, so excruciating was the agony I endured. I always noticed that before these attacks came on my kidneys were affected; before there would be any pain in my limbs or any swelling of joints or limbs, the color of the secretions from the kidneys would be very dark and the odor strong and feverish. The last attack was very severe, about five years ago, and I was confined to the house several weeks, and was unable to attend to business in three months. During the time I was confined at home and the time of my convalescence I employed four of the best doctors that I could obtain, but none of them gave me permanent relief, for they did not go to work at the cause of the trouble. Having been acquainted with the proprietor of Hunt's Remedy a long time I was induced by him to give it a trial, hoping that it might reach the seat of the disease; and after taking one bottle I found myself very much improved, and after taking the second I was feeling better than I had after any previous attacks. During many months previous to taking the Remedy my hands and fingers would be much swollen and stiff every morning; my left side, in the region of stomach and spleen, was very lame and sensitive; at times I would be taken with severe cramps over the spleen, and be obliged to apply mustard or cayenne for temporary relief; I was very nervous nights and could not sleen: I was obliged to be very particular in my diet, and my physical system was sadly demoralized. Since I have taken Hunt's Remedy systematically all these things have changed; I have no swollen hands or limbs, no pains or cramps in the side, can eat all kinds of food, sleep soundly and get thoroughly rested, and my kidneys are active and perform their functions promptly, thus taking out of the system all the poisonous secretions which contaminate the whole system where the kidneys do not act efficiently. My friends, what Hunt's Remedy has done for me it will do for all of you. I believe it to be the only sure cure for all diseases of the Kidneys, Liver, and Urinary organs. Respectfully, E. R. DAWLEY,

TUTT'S EXPECTORANT

ucts, which permeate the substance of the Lungs, expectorates the aerid matter that collects in the Broschial Tubes, and forms a soothing coating, which relieves the irritation that causes the cough. It cleanses the lungs of all impurities, strengthens them when enfectied by disease, invigorates the circulation of the blood, and braces the nervous system. Slight colds often end in consumption. It is dangerous to neglect them. Apply the remedy promptly. A test of twenty years warrants the assertion that no remedy has ever been found that is as prompt in itseffects as TUIT'S EXPECTORANT.
A single dose raises the phiegm, subdues
inflammation, and its use speedily cures the most
obstinate cough. A pleasant cordial, shildren take it readily. For Croup it is
invaluable and should be in every family.

The Durham Tobacco Plant reports a small fire there on Thursday The barn of Mr. W. H. Patterson was burned by an incendiary.

The Winston Republican says: Bishop Edmund DeSchweinitz, of Bethlehem, Pa., is on a visit to Salem.

Says the Wadesboro Times: At a preliminary examination of Dr. Richard Anderson, at Albemarle, for the murder of young t'ox, the charges brought against him could not be substantiated and he was

The Pittsboro Record says that on last Saturday a little ten-year old colored gir., named Lou Burnett, residing on the farm of Mr. T. W. Gattis, in Baldwin township, was burned so badly that she died in a few hours . . . Mr. John T. Farrell dreve his wagon into the woods for a load of wood, and as he did not return to the house for several hours his wife became uneasy and he was searched for and soon found lying unconscious near his loaded wagon, having been stricken with apoplexy.

Greensboro Patriot: A Guilford man writes back from Texas: "I have been almost everywhere in the State-north, south, east, west, centre and circumference. I have seen the different soils, productions and industries of the State; talked with all classes of population, and experienced some of the changes of its climate. Wherever I have been I have endeavored to keep both my eyes and ears open, and I think I have learned some things by observation that no amount of reading could have taught me. And after having been through the State, I have about come to the conclusion that North Carolina is better than Texas."

The Lenoir Topic says: It may not be generally known, but is nevertheless a fact, that both buffalo and elk once abounded in the valley of the Yadkin in Caldwell and Wi kes. Daniel Boone and the hunters who succeeded him soon extermina ted the buffalo herds, which it appears, were never very abundant, but the elk took refuge in the mountain gorges and were for many years the pride of the chase to the valley hunters; the last elk being killed by Col. Wm. Davenport, on the waters of Elk creek, and its broad antlers, if we mistake not, are now in the University Museum at Chapel Hill.

The Fayetteville Examiner says: On Saturday evening, Mr. W. H. Bishop was shot at Swann's Station, Cape Fear & Yadkin Valley Railway, by Mr. Harrison Graham. The shooting was believed to be entirely accidental. Both men were drinking, and Graham had a small pistol in his hand, when it was discharged in some way, the ball entering Bishop's abdomen. Graham ran off, leaving the store open, and up to last Monday had not been seen or heard of. He was donbtless confused and frightened when he ran, for the wounded man himself says that the two were on the best of terms. Little hope is entertained of Mr. Bishop's recovery. He is a married man, but has no children.

The Asheville Citizen states that on Sunday night, at an early hour, a fire was discovered in the atic room of the kitchen on the premises of the Rev. Dr. Buxton. Dr. B. went into the room and found the servant's bed on fire, and at once commenced fighting the flames. Assistance soon arriving, the fire was extin guished, but in the battle with the flames Dr. Buxton was seriously burnt on the hands and face and inhaled the steam and fire to such an extent as to cause painful injuries to his throat. He was suffering a good deal on Monday, but we hope his injuries will prove only of a temporary character.... A colored boy, G. M. Newland, who has been staying in the post office, was arrested by a U. S. Detective and tried before Commissioner Summeycharged with robbing the drawer and having tampered with registered letters. He acknowledged baving robbed the drawer at various times, but denied ever having troubled registered letters. A letter containing \$50 was lost in the office here, and it is believed the boy took

[Cor of THE NEWS AND OBSERVER]

RALEIGH, February 28, 1883. As a citizen of Davidson county, I am proud of the high eminence attained by Hon. M. II. Pinnix, who is emphatically the big man of the Senate-big brained man. His influence is potent in legislation, and second to none in the caucus, over which he presided during the entire session. Davidson may justly beast and point with pride to the ends he has accomplished and his high reputation so justly carned. Mr. Pinnix is as glad to see and promote the interests of his humblest constituent in the Senate chamber, or on the fashionable avenue, as on election day, when soliciting votes, and so long as he'll consent to serve, old Davidson should gladly return him. He has already been solicited to become a candidate in the new Seventh Congressional district.

Our Representatives, Beall and Harris, are quiet, but hard working members, commanding the respect of the House. Capt. Harris has effected much good in regard to public roads, whilst Dr. Beall is the author of a much needed law, preventing the purchase of supplies for any of the public buildings from any house or firm in which any State official is inter-

The writer has been the recipient of many courtesies from the entire delegation, for which his thanks are due.

After traversing several counties and diligently enquiring of representatives from others, the undersigned opines that Davidson is in a better condition than any other in the State.
