NEWS OBSERVATIONS

-Tom Ochiltree is received in England as America's revenge for Oscar Wilde. It isn't quite severe enough, but it's the best we can do this year.

-Another prohibition convention is to be held in Ohio under the auspices of the Methodist church. The Republican statesmen seem to have made a mistake in not committing their party more emphatically to the cause of temperance.

-During the last few years the opiumeating habit has made rapid progress in the civilized world. The Dansk Nationaltidende says that there are only here and there in Denmark families where the use of the drug is not habitual with one or more of its adult members.

-It seems that the Rev. Mr. Jenkins, of Mansfield, La., was laboring under a "hallucination" when he shot and killed the Rev. Mr. Borden. Miss Butler, the young lady in the case, testifies that she never told Jenkins that she had been ruined by Borden. This is rather embarrassing for the surviving clergyman.

-In a recent decision from the bench Judge Biddle, of Philadelphia, says distinctly that he thinks that sparring exhibi tions are thoroughly inside the law, and that in his opinion sparring as a national pastime should be encouraged, tending as it does to discountenance the use of the knife and the pistol. We thoroughly agree with the Judge. Better a black eye than a murdered man.

-Buckhardt tells of a strange mode of curing a vicious horse. He has seen, he says, vicious horses in Egypt cured of the habit of biting by presenting to them, while in the act of doing so, a leg of mutton just taken from the fire. The pain which the horse feels in biting through the hot meat causes it to abandon the practice. That is on the same principle as giving a hot egg to a dog that forages upon the hen house.

-Governor Butler knows how to return good for evil. He has accepted an invitation to attend the commencement exercises at Harvard University and he will be there in all his glory. When the Overseers oversee Benjamin sitting in all his effulgence on the right hand of the faculty they will be likely to experience feelings similar to those which filled the narrowminded Haman when he saw Mordecai perched on the King's gate.

-Mr. Tennyson, according to a London paper, intends to abandon his beautiful residence in the Isle of Wight as soon as the railway is extended from Newport to Yarmouth and Freshwater. Like most English poets, Tennyson shrinks from the publicity and noise incident to railroad travel, and that sort of thing does very well in a little homestead like England. But the poets of the future, born in a land that counts its distances by thousands of miles, must learn to love the railroad, to eatch music from its snorting and sneezing and sing the coarsenesses 'out of them or sing other finenesses into them; and as to avoiding the railroads in the future, a man may as well attempt to avoid the rays of

THE DEMOCRATIC STATE CONVEN-TION.

The Ballots Yesterday-Hoadicy Nomi nated for Governor, John G. Warwick for Lt. Governor-Fire at Salt Lake City-All Quiet at Chicago.

COLUMBUS, O., June 21 .- Several committees of the Democratic State conven tion, which is to meet here to-day, held meetings last night. The committee on permanent organization selected Hon. Jno. McSweeney, of Wooster, as permanent chairman of the convention, and Wm. G. Brady, of Gallion, and seven others, secretaries. The selection of McSweeney and the defeat of Geddes' candidate is considered favorable to Headley. The committee also refused to abolish the unit rule, and counties will vote as instructed. In the organization of the central committee the chances of the re-election of John G. Thompson as chairman of the executive committee are not favorable. The committee on resolutions has given out none of its proceedings, though its composition indicates an advance step on temperance and probably license for regulation.

COLUMBUS, O., June 21.—The Democratic State Convention convened at 10 o'clock this morning. There is a larger crowd here than was ever seen before on any similar occasion, and the Opera House was filled to its utmost. The weather is sultry and rainy. The contest between Ward and Hoadley for Governor waged fiercely during the morning hours. The convention was called to order by Clark Irvin, chairman of the central committee. All preliminary organization being dispensed with, Hon. John McSweeney, of Wooster, was introduced as permanent chairman. As no committees were ready to report the convention proceeded to nominations. Efforts were made to proceed to balloting without names, but after a long wait Senator Thurman crowded on the stage amid the wildest enthusiasm. T. E. Powell nominated Gen. Durbin Ward, and in seconding Powell, Thurman made an able plea for the recognition of the services of Gen Ward, warned the convention against tying themselves to any one issue and announced that the party had always been not completed until 1:30 o'clock, and re-

—The Wilson and Florence Road, &c.

[Special to the NEWS AND OBSERVER.] WILMINGTON, N. C., June 21.

At a meeting of the stockholders and directors of the Wilmington and Weldon Railroad Company here to-day a semi annual dividend of three per cent. was declared, payable July 16th. The building of the short line to Florence from Wilson was left to the discretion of the directors.

WILMINGTON, N. C., June 21 .- A special meeting of the stockholders of the Wilmington & Worten Radigord Company was held here to-day, to consider the question of a new railroad from some point near Wilson, on the Wilmington & Weldon road, to Florence, on the Wil-mington, Columbia & Augusta road. After discussion the matter was unanimously referred to the board of directors with full authority to act. The proposed road is what is known as a short cut, as its construction would shorten the time between the points named about two hours. The whole of the line is a ready surveyed and the right-of-way purchased, and the opinion is general here that the road will be built. The directors of the Wilmington & Weldon Railroad Company have declared a semi annual dividend of 3 per cent., payable July 16. The directors of the Wilmington, Columbia & Augusta railroad have also declared a semiannual dividend payable July 10th.

St. Louis, June 21 .- The river has risen about three inches since last night. Advices from the north and west note heavy rains along both the upper Missouri and Mississippi rivers and it is now feared that another rise of a foot or two will come. Jenkins and His Brother.

MANSFIELD, June 19 .- The prelimipary trial of the Rev. B. F. Jenkins and Edward Jenkins began to-day. Counsel for the defense asked that the examination be deferred, as it was probable that on the arrival of additional counsel a preliminary trial would be waived. Judge Logan said he regarded it his duty to take the testimony of the State's witnesses to preserve the evidence, and ordered the examination to proceed. Only one witness was examined. The case will be resumed tomorrow morning.

It transpired on the trial that both brothers fired on Corden. The witness testified that he heard Ben Jenkins say to Ned: "You did not shoot him. I did." Ned said: "I fired at his heart." Ben answered: "I fired the last shot into his head."

Immediately after the killing of the Rev. J. Lanes Borden, District Attorney Hall wrote to the father of Miss Mary Butler, giving the details of the killing and the rumored connection of his daugh-ter with the matter, and to day received the following reply:

MY DEAR SIE: Your favor of the

16th inst. just to hand, and contents noted. There is not one word of truth in the charge you refer to. Myself and wife both have questioned my daughter fully on the subject, and she says there is not a word of truth in the report. I regret very much Mr. Jenkins took up such an idea. My daughter says she said nothing to Mr. Jenkins that he possibly could infer anything of the kind"

When asked why Borden was killed Ned Jenkins answered: "He seduced Mary Butler."

Miss Mary Butler has made the following statement: "I hereby deny having made at any time a confession to Mr. Benjamin T. Jenkins, Jr., to the effect that Mr. Borden had in any manner illtreated me only so far as shall be explained when asked by Mr. Jenkins if Mr. Borden had treated me badly. I told him yes. He then asked in what way. I told him: 'I can't tell, but you can think any way you wish.' The only indignity ever offered by M1. Borden to me was in the library about ten days ago, when I was

there for some books. When he approached me and attempted to put his hands upon me, I immediately left the room and was never in his presence alone again forced to abandon heir homes for higher during the remainder of my stay at Mansground.
