It will be recollected that a few years ago the daughter of Gov. Hubbard, of Connecticut, married her father's coachman, and that the Governor refused to see or communicate with her thereafter.

Later a divorce was obtained; and a short time ago the Governor died, and no man has died in years who was spoken of more highly by the Eastern press. The new spring hats look as queer and unshapely now as they always do when they appear at the beginning of each season. All sorts of dreadful rumors are rife, too, about the trimming of these summer hats, and some fashionable milliners declare that vegetables are to take the place of the fruits which were so popular last season, and that instead of seeing an appetizing bunch of grapes, currants or plums on the ladies' head-gear, there will be clustered turnips, carrots and even onions most artistically made and with the green heads left on. It is thought, however, that very few women of taste will be found willing to appear on the streets looking like foreign market women, carrying on their heads the products of their gardens. To be sure the hats will be somewhat smaller than the enormous basket so skillfully balanced by the French marchande de legumes, but they are not so very small either.

Marl is a natural compound earth, used with great success in the melioration of soils. It consists of a mixture of clay and lime, sometimes containing a little silica and bitumen. These varieties of it which contain more clay than lime are advantageous for a dry, sandy soil; white calcareous marl, or that in which the lime predominates is suited to an argillaceous soil. Carbonate of lime slowly decomposes common salt, producing carbonate of soda and chloride of calcium. We regard the decomposing action of lime by which this carbonate is produced as among the most valuable of its properties to the practical farmer, whenever circumstances are favorable for its exercise.

FORTY-EIGHTH CONGRESS.

WHAT THE COUNTRY REPRESENTATIVES DID YESTERDAY.

Senator Call Wants an Investigation of the Issue of Fraudulent Land Warrants—Blair's Educational Bill, Etc., Etc.

WASHINGTON, March 21.—SENATE.—By Mr. Mahone.—To provide for the erection of a public building at Staunton, Va.

By Mr. Call.—To authorize an investigation of the issue of the fraudulent land warrants, and to protect soldiers and sailors from loss thereby.

Mr. Hoar called up the bill increasing the salaries of United States district judges, and Mr. Morgan resumed his remarks in support of his amendment, in which he applies the increase only to judges hereafter appointed. Upon the vote being taken on Mr. Morgan's amendment it was rejected, and at 2 o'clock the matter went over until Monday without decision.

Mr. Blair's education bill was laid before the Senate, being the unfinished business of yesterday. At the request of Mr. Allison, however, Mr. Blair gave way to permit the consideration of the deficiency appropriation bill, which was read three times, the amendments recommended by the Senate committee on appropriations were agreed to and the bill was passed.

The discussion of the education bill was resumed. Mr. Garland at 4:45 p. m. moved that the Senate go into executive session, which was agreed to. Before the doors were closed amendments to the pending bill were offered by several Senators, in order that they may be printed. One by Mr. Sherman provides that money shall be applied to the education of children without distinction of race or color, and shall be distributed to counties or school districts in the proportion that the number of illiterate children in each county or school district bears to the whole number of illiterate children in the State, and that the assent of the State to this provision shall be had before the money can be given to it by the United States.

The Senate went into executive session and when the doors were reopened adjourned until Monday next.

HOUSE.—No attempt was made this morning to call up the bonded extension bill, and the Speaker proceeded to call the committee for reports of private character.

At the conclusion of the call, Mr. Money, of Mississippi, chairman of the committee on postoffices and postroads, reported the follow resolution:

Resolved, That the charges reflecting on Mr. Ellis, representative from Louisiana, in connection with the star route frauds, recently published, are untrue. Adopted.

The House then at 12 m. went into a committee of the whole, Mr. Cox, of New York, in the chair. Private calendar.

After considering the two bills the committee rose informally and H. H. Fanston appeared at the bar of the House and took the oath of office as the representative from the second district of Kansas to succeed the late D. C. Haskell.

Mr. Dockery, from the committee on accounts, asked leave to submit the report of that committee providing for an extra month's pay to the employees of the present House, discharged prior to February 1st, but Mr. Taylor, of Ohio, de manded the regular order, which prevented its reception. The committee then resumed its session.

The greater part of the day was consumed in the discussion of the bill for the retirement of William W. Averill, with the rank and pay of colonel. Finally the committee rose and a number of bills were passed, including the Averill bill. Adjourned.

New York Cotton Futures.

NEW YORK, March 21.—The Post's cotton report says: Futures continued slowly to improve in value to-day. The bull interest was assisted not only by higher Liverpool prices for strivals, but also by an advance in the price of spot cotton in Liverpool of 1-16d. and here of 1-16c. At the third call March brought, 11 1/2; July 11 1/2; August 11 1/2; October 10 9/8; November 10 8/2a; 10 8/8; December 10 8/4, showing an advance of 4-100 for March to August inclusive; 2 to 3-100 for later months. Futures closed easy, with hardly any change since yesterday.

The Mississippi Levees in Danger.

NEW ORLEANS, March 21.—A special to the Times-Democrat, from St. Joseph, La., says: The river here has risen five inches within twenty-four hours and is now within an inch of the high water mark of 1882, and the water is still rising. Kemp's levee is reported to be intact, but in such a dangerous condition that a break is expected at any moment. It is now regarded as only a question of time when they will break, pouring more water into the already submerged country. The backwater is rising at the rate of two inches per day. Live stock is being brought here for shipment to Mississippi.

A HOME FOR EX-CONFEDERATES.

An Appeal for Help.

R. E. LEE CAMP, No. 1, CONFEDERATE VETERANS, RICHMOND, VA., March 1, 1884.

The necessity for relief to disabled Confederate soldiers is growing more urgent every day. They have no government support or provide for them, and must share the fate of paupers unless a home is provided for them by private contributions, and Lee Camp have undertaken to establish such a home.

They have appealed to their comrades veterans of the Grand Army of the Republic, who have responded with a noble willingness and fraternal sentiment, worthy of their heroic record. Still the undertaking is large and the need for further aid is urgent.

We therefore appeal to the banks and bankers, capitalists, insurance and other corporations, manufacturers and merchants, for such contributions in cash or merchandise as will be easily spared from their abundance and of great help in our necessities.

We refer to Hon. W. C. Carrington, Mayor of Richmond, Virginia, or to any of our banks, bankers or other business people.

We will hold a fair in this city on or about the 1st of May at the armory. Let us at least have some contribution, which will be gratefully accepted and duly acknowledged by publication in our city papers.

Address: R. E. LEE CAMP, No. 1, C. V., P. O. Box 263, Richmond, Va.

CAPT. CHAR. U. WILLIAMS, Chairman; D. S. REDFORD, Treasurer; J. E. LANE, Sec. Committee: Gen. Peyton Wise, J. T. Ferriter, Capt. W. T. Ashby, L. L. Bass, J. M. McKenney, A. T. Minor, R. H. Fox, Folk Miller, Jas. H. Capers, A. Pizzini, Jr., N. V. Randolph, I. Newman.

Col. F. H. Cameron, Raleigh, N. C. DEAR COLLEAGUE: In a meeting of R. E. Lee Camp, No. 1, C. V. (Col. W. C. Carrington, commander) held last night, the committee appointed to solicit contributions for the purpose of establishing a Soldiers Home for invalid and infirm Confederate soldiers, were authorized to ask you, with such others as you may wish to associate with you, to act in your city as a committee to receive and forward contributions for the purpose indicated. Hoping that our request may meet with your favorable consideration and active co-operation, I have the honor to be, very respectfully, yours, J. E. LANE, Secretary.

Owing to Col. Cameron's frequent and prolonged absence from the city, Col. W. E. Anderson, president of the Citizens' National Bank, has kindly consented to receive and forward all contributions that our people may see fit to make to this needed and noble charity.

COPIAH COUNTY AGAIN.

MAJOR BARKSDALE DENIES IN TO THE CHARGE THAT HE

ADVISED DEMOCRATS TO USE THE SHOTGUN—AND SITS DOWN ON MR. HOAR—JAIL DELIVERY IN TENNESSEE—OTHER GENERAL NEWS.

WASHINGTON, March 21.—Major E. Barksdale, member of Congress from Mississippi, who, according to the testimony taken by the Copiah county sub-committee of the Senate, made a speech at Hazlehurst advising the Democrats to carry Copiah county by the shot-gun if necessary, and to hang Bufon, the Republican candidate, was before the sub-committee of the Senate committee on privileges and elections this morning and made a statement under oath in his own vindication. He denied the charge in toto. He said that the history of Copiah county had always been characterized by a love of law and order, and in the events of the last election there was nothing inconsistent with that record. He made two speeches in Hazlehurst on one day before the last election—one in the afternoon to a procession of country people on horseback, and the other in the evening to a local Democratic club. He could not remember whether the mounted men of the afternoon procession were armed with shot-guns. His attention was called to the statements of witnesses about his speech, and he pronounced all assertions that he had encouraged violence false. He referred to the opinion of Justice Miller of the Supreme court in the kuklux cases, that the public liberties were very much imperiled by the use of violence in elections in the North as by violence in the South, and said that the condition of affairs resulting from the ignorance of a large mass of ignorant negro voters was not properly understood.

Senator Hoar asked if "in the witness' allusion to the peaceable and law-abiding conduct of the people in Copiah county he included the killing of Matthews?"

"I have nothing to say in reference to that. That was a personal difficulty between those two parties. It is before the courts there and I express no opinion."

"You have said that the people of Copiah county stand high in general character, and you have announced that there was nothing in the conduct of the election inconsistent with their past history. Now I wish to ask whether if it should turn out that this mounted crowd went about to the houses of colored men, whipping them, shooting one of them, declaring as they did it that they did it to compel them to vote the Democratic ticket, or compelling the negroes to flee to the woods in large numbers, and that Matthews was shot because of his influence as a Republican leader, whether that would change your mind as to the character of the people?"

"Well, now, I suppose the object of your inquiry has been accomplished by your statement. You are yourself giving testimony in a matter which you proposed to me. I think that after the trial of Wheeler for the killing of Matthews and the facts are brought to light, then I will answer the question."

Senator Scales asked if it was right and fair when a person was likely to be placed upon trial for his life to ask a witness of Barksdale's prominence to express an opinion upon the guilt or innocence of the party, and to give an opinion upon an entirely supposititious case assuming that facts should be so and so.

Mr. Hoar rejoined that Barksdale had testified in regard to the character of the election, and that the committee had the evidence which he supposed was overwhelming in support of the assumptions he had made. He therefore propounded the inquiry whether the witness' opinion remained the same in view of that testimony.

North Carolina in Congress.

March 18th, Mr. York, from the committee on pensions, reported back with an amendment to the bill for the relief of Francis McNeil Potter; and Mr. Dowd, from the committee on claims, reported adversely the bill for the relief of the estate of Cyrus L. Dunham, deceased.

On the question of the adoption of the amendment to the postoffice appropriation bill, providing for an increase of \$400,000 for the letter carrier service, Messrs. Cox and York voted ay, and Messrs. Bennett, Dowd, Green, Scales and Vance, no. Messrs. O'Hara and Skinner did not vote. Mr. Skinner being paired. The amendment was not agreed to.

On the question of the passage of the bill all the Democratic members of the delegation, save Mr. Skinner, who was absent, voted ay. Mr. York voted no; Mr. O'Hara did not vote. The bill was passed.

March 19th, Gen. Cox, from the committee on the militia, reported back with an amendment to the bill for the special and uniform instruction of State militia, and it was referred to the committee of the whole.

CAUTION.

Two months ago I suffered with a very bad cough, which kept me awake all night. I was recommended to put on my chest two Allocock's Porous Plasters. I then procured Allocock's Plasters, and they completely cured me.
