OBSERVATIONS. The circus band is an excellent one. The great cattle show will be held tomorrow.

The police reported the city as very quiet yesterday. Today all the preparations for the cattle show will be complete.

A drummer's license was issued to W. E. Schurts & Co., Pittsburg, Pa. A number of new dwellings are in course of erection in northeast Raleigh.

A fight between two white men was on incident of Monday evening. It was a small affair. The Durham brass band will play here memorial day. It is a good band and has been here several times.

This morning the mayor will try the case of a liquor dealer who is charged with having sold whisky last Sunday. Some inferior grades of tobacco have been on sale at the last two or three breaks. Brights are what are wanted.

At the mayor's office this evening at 8 o'clock there will be a meeting for the organization of a white military company. Owners of cattle which will be exhibited tomorrow are requested to prepare as much information as possible about them, in order that it may be published Friday.

It is probable that the fire department will have a parade and inspection May 20. It ought always to appear that day. Some years ago it was the custom. Thursday night a negro woman set fire to the bed of another negro woman. But for the smoke and the early discovery of the trouble there might have been a bad fire.

Many people had an idea that at the municipal elections of last Monday the local option matter was voted-on. It is an error. All the voting on local option will be done Monday, June 7.

It is proposed to decorate the stage of Metropolitan hall handsomely memorial day, and Mr. A. B. Stronach asks that persons who have Confederate flags will lend them to him for use there. The badges which are to be worn by the members of the ex-Confederate association memorial day are for sale at the stores of W. C. & A. B. Stronach and W. H. & R. S. Tucker. The design is very neat.

Yesterday the board of county commissioners paid the quarterly visit to the poor house and work house. Thanks to Capt. W. G. Allen's good management, everything was found in very excellent order.

There is a great rush for seats at the Petersburg musical festival, which begins next Tuesday, the 11th instant, and continues four days. Tickets will be on sale next Monday, good for one week. The rate of fare is two cents a mile, round trip.

Mr. John R. Ray, who has been on a trip through the State in the interest of the Knights of Labor, organized assemblies at Wilmington, Chapel Hill, Greensboro, Winston, Salisbury and Charlotte. Altogether he organized twelve assemblies, with a membership of 1,198.

The Commencement Season. Very neat invitations are out to the commencement of Greensboro female college. Rev. Dr. A. W. Mangum preaches the annual sermon May 23; Hon. James W. Reid addresses the alumni May 26. The graduation exercises take place May 27, Gov. Scales presenting the diplomas.

Particularly tasteful are the invitations to the ball at the University, to be given June 3 at gymnasium hall. Mr. John C. Engelhard is chief manager, his assistants being Messrs. John W. Atkinson, Jr., Robert L. Holt, John M. Bonne, E. B. Borden, Jr. The music will be furnished by Kessnich's band.

Wake Superior Court. Court met at 9:30 o'clock yesterday morning, his honor Judge H. G. Connor presiding. The following business was transacted: J. D. Allen, trustee, vs. A. C. Dunn; judgment for plaintiff.

A. Syme, administrator of G. E. Badger vs. Thomas Badger, administrator et al.; trial resumed, and pending testimony, court took a recess until this morning at 9:30 o'clock.

The following is the calendar set for today: B. F. Moore vs. R. A. Blalock et al.; N. A. McNeill & Co. vs. Ellis Lawton.

A boundary survey. Mr. Arthur Winslow goes to Charlotte Monday, to run the boundary line between North Carolina and South Carolina, on the border of Mecklenburg. If a map of this State is examined it will be noticed that a very queer little angle of South Carolina projects into this State, like a spear head, as if it intended to pierce North Carolina. It is said that this little angle, which is really not so very small, of right is North Carolina territory. The survey, a very careful one, is to be made under the supervision of commissioners representing North Carolina and South Carolina. It looks very probable that Mecklenburg county will get a good slice of York county, S. C.

The Wake County Cattle Club.

IT IS ORGANIZED AND HELDS ITS OFFICERS. Last evening, pursuant to call, there was a meeting of this club at the Yarrow. Col. J. M. Heck was called to the chair and Mr. T. H. Briggs, Jr., was requested to act as secretary.

Article 1. We organize under the name of the "Wake County Cattle Club," with headquarters at Raleigh, N. C. Art. 2. Membership shall comprise any citizen of Wake county and such breeders or advocates of fine cattle as may be elected by the club pursuant to the by-laws.

Article 6. Any member may be expelled by a majority of all members of the club. Art. 7. Alterations or amendments to these by-laws may be made by a two-thirds vote at an annual meeting of the club; thirty days' notice being given of the proposed change.

BY-LAWS. Article 1. The order of business shall be as follows: 1. Reading of minutes of previous meeting; 2. Nominations and elections; 3. Reports of committees; 4. Deferred business; 5. Communications; 6. New business; 7. Discussion of questions.

Article 2. Outside of charter members of the "Wake County Cattle Club" applicants for membership shall be nominated at the annual or quarterly meetings and shall be elected only by a majority of those present.

Article 3. Nine members shall constitute a quorum. Article 4. The executive committee shall transact the preliminary business of the club. It shall select its own chairman and secretary. Four members shall constitute a quorum.

Article 5. The entrance fee shall be \$5 and annual dues \$1, beginning the present year. Article 6. The president shall appoint a committee of three, whose duty it shall be to select a subject for discussion at the subsequent annual or quarterly meetings, and the president shall also appoint the speaker to open the discussion.

Article 7. Alterations or amendments to these by-laws may be made by a two-thirds vote of those present at a regular meeting of the club.

ELECTION OF OFFICERS. On motion of Dr. McKee the "Wake County Cattle Club" was duly organized. The following were elected officers for the year: W. C. Stronach, president; R. H. Lewis, J. M. Heck, vice-presidents; T. H. Briggs, Jr., secretary and treasurer; B. P. Williamson, James McKee and J. B. Burwell, executive committee.

One thousand copies of the constitution and by-laws were ordered printed for distribution Thursday. The executive committee was instructed to take the steps necessary to procure a charter for the club.

THE CATTLE SHOW AND PARADE. Steps were taken to arrange for the parade of cattle Thursday. The cattle will leave McKee's stables at 1 o'clock. A brass band will lead the procession. The route will be as follows: From the stables to South Wilmington street; up that street to East Edenton; along Edenton to North Salisbury; down Salisbury to West Morgan; thence to Fayetteville; down Fayetteville to Cabarrus street; thence up South Wilmington street and East Morgan street to the stables. Mr. W. B. Grimes was elected chief marshal of the procession and will have twelve assistants.

A Pleasant Excursion. The Raleigh amateurs are certainly going to Henderson to produce the play and farce they played here last Thursday. Their friends who wish to go will be well taken care of if they will report themselves to Mrs. Argo or Mrs. Miller, who will be chaperons on that occasion. A large crowd is expected from Raleigh on account of the fair railroad and hotel fares, as the total expense will scarcely amount to over \$2.55. The Henderson people have shown themselves to be very hospitable, and their kind consideration for the amateurs on this occasion is much appreciated. In addition to the performance, the Philharmonic orchestra will discourse sweet music before the rise of the curtain and between the acts. It is scarcely necessary to say that the music will be enjoyable, as this orchestra is not surpassed by any in the State. It certainly deserves praise, as by its untiring efforts it has done so much to reduce and elevate the taste for music of which Raleigh boasts. The play and farce that the Raleigh dramatic association will produce in Henderson next Friday evening will be enjoyed, and the actors will bring out all the merits of both.

The Medical Examiners. The State board of medical examiners will meet at New Bern, Tuesday, May 13th, and will remain in session until all applicants for license to practice medicine in North Carolina shall have been examined.

Personals.

Col. S. L. Fremont died at Memphis, Tennessee. For many years he lived in this State and was very prominent. Col. W. H. S. Burgwyn was here yesterday. He examined a site near the city and will examine that of Dr. Bonbow at Greensboro. He is much interested in chivalry. He says he will attend the cattle show.

Gen. George Burgwyn Anderson, whose monument is at the Confederate cemetery here, was killed at Sharpsburg, or Antietam, as it is known North. Hon. R. T. Bennett passed here yesterday morning on his way from Wadesboro to Washington.

The general conference of the Methodist Episcopal church, South, meets at Richmond, Va., today. Mr. Donald W. Bain and Rev. Dr. Black are among Raleigh's representatives.

Mr. Eugene G. Harrell has gone up the R. & A. Air-Line to select a location suitable for the picnic of the First Baptist Sunday school.

Capt. J. M. Patton, of Asheville, is at the Yarrow. Miss Lizzie Jones, of this city, who is visiting friends at Wilmington, is quite sick.

Mr. W. C. Stronach left yesterday to attend a meeting of the directors of the Atlantic & North Carolina railroad at New Bern, and will return this afternoon.

Mr. W. E. V. Jackson is very sick with meningitis. Maj. Graham Daves, of Wilmington, is at the Yarrow.

Mr. A. M. McPheeters leaves for Baltimore this morning. The Governor's Mansion. As has been stated, work on the mansion now progresses so rapidly that it is hoped and expected to have the spacious and handsome building ready for occupancy by November 1. The plans for the laying-out of the grounds are now in the hands of a civil engineer. There are four acres in the square; or rather a little over four acres. The squares in Raleigh are supposed to be 420 feet square and to contain four acres. But they are not all equal in size. The square on which the mansion stands is found by an accurate survey to be 445x435 feet. This irregularity in the size of the squares leads to corresponding irregularities in the lines and width of the streets. Persons who claim to know say that these errors in lines are in some cases very gross. The square in question is an example of those in laying off the squares. The work of laying granite curbing around the mansion square has begun. On this will stand the fence, a neat, low railing of iron. In a little while the laying off of the grounds, under the plan now in preparation, will begin. The plan will conform to the grade of the ground, which inclines somewhat on the east side, and there will be terraces and slopes.

What Locality is Exempt. From malaria in city and suburb, village and hamlet, in the mining districts of the West, the bottom lands of the south, in regions teeming with the fruits of husbandry, in trackless wastes inhabited by half naked savages, etc. But travelers, sojourners, old settlers, all who are liable to it, can protect the diseases to which it gives birth, or prevent them, with Hostetter's Stomach Bitters. Chills and fever, bilious remittent, dumb ague and the bottom ague, are each and all overcome by this potent and searching specific. It is not less efficacious for liver complaint, dyspepsia and constipation, ailments not infrequently complicated with malarial attacks. Rheumatism, kidney and bladder troubles, and a want of vital strength, are also remediable by its persistent use. Appetite and sleep, always seriously injured by the malarial disease, and biliousness consequent upon fever and ague, are invariably restored by the Bitters.

The Children's Easter Service at Christ Church.

Mention has not yet been made of the Easter service of the children of Christ church Sunday school, which brightened the afternoon of last Sunday. It is pronounced by all those children of a larger growth who witnessed it a particularly pleasing and appropriate rendering of homage to Him who is the Lord of all. Its simplicity was probably its chief charm, but the accuracy of the drill of the children and the well-trained singing evinced earnest and careful work on the part of Mrs. F. H. Busbee, the directress of the exercises, and the ladies of the school who assisted her. No more successful service, it is safe to say, was ever rendered within the walls of beautiful old Christ church and certainly none more touching than the innocent prayer and praise of the hundred little ones of whom we speak. Verily of such is the Kingdom of Heaven.

The more substantial feature of the service, as we poor mortals understand it, was the offering of the children, made up of their little savings during the forty days of Lent, the results of their self-denial in the great cause of missions—a cause whose importance they are just beginning to appreciate. This amounted in the aggregate to more than \$50, and such charity, we opine, bears a munificence in the sight of Heaven unsurpassed by the richness of any giving by those who glory in the power of maturity.

The Cattle Show. Great interest is manifested in the show of fine cattle which is to be held here tomorrow. Yesterday many workmen were preparing stalls for the cattle in a level lot on East Morgan street, opposite McKee's stables. There will be 100 stalls in this lot. All will be neatly laid with saw-dust. The lot is as clean as a floor, and the cattle will make a brave show as they stand in their neat, new stalls on all four sides of the lot, which in shape is square. At McKee's stables there are stalls ready for 100 more cattle. Seats will be provided for ladies, and a band of music will play in front of the stables. It is a cool place, and so is the large room in Capt. Yapey's warehouse next door, where the display of milk and butter will be made. The latter will be arranged on long tables neatly covered with snowy white cloths. Everything will be as neat as a pin. All will be in readiness today. Announcement will be made tomorrow of any additional details.

The following additional entries of stock were made yesterday in the registration book at Briggs' store: Mr. M. T. Norris, one grade Jersey cow; Mr. Len. H. Royster, one grade Jersey cow; Dr. Charles W. Dabney, one pure bred Jersey; Mr. R. L. Johnson, one grade Alderney; Mr. W. W. Smith, one Ayrshire and Jersey cow and calf. This brings the total number of entries up to 194. Others will be made today and tomorrow.

How to Save Money. We might also say—time and pain as well, in our advice to good housekeepers and ladies generally. The great necessity existing always to have a perfectly safe remedy convenient for the relief and prompt cure of the ailments peculiar to woman—functional irregularity, constant pains, and all the symptoms attendant upon uterine disorders—induces us to recommend strongly and unqualifiedly Dr. Pierce's "Favorite Prescription"—woman's best friend. It will save money.
