NEWS OBSERVATIONS.

—There are again little specks of war in Greece. The Turks fired on the Greeks at three points Thursday.

—The ages of the West bishops of the Southern Methodist church are: Bishop Galloway 87, Bishop Hendrix 89, Bishop Duncan 48 and Bishop Key 87.

—The sea which in 1778 overwhelmed the British man-of-war Somerset on the Massachusetts coast, has now exposed her remains. The Somerset took part in the battle of Bunker Hill.

—Dakota is bound to be a State, whether or not. The public is a little curious to learn how it will manage to dispense with the usual Congressional act of admission.

—Charles B. Reed, who acquired some notoriety as counsel for the assassin Giteau, was lodged in Ludlow street jail the other day, for misappropriating about \$1,500 of a client's money.

—The venerable M. Ferdinand de Lesseps and the less venerable Mme. de Lesseps have invited Mrs. Jugenrich, of Philadelphia, now in Paris, to stand as godmother at the baptism of their twelfth infant.

—Vesuvius, the world-famous volcano, is now very active. Torrents of lava are issuing from eleven craters. A stream in some places 200 yards broad is flowing toward the town of Nicolosi.

—Colonel John B. Folsom, grandfather of Miss Frankie Folsom, whom it is said President Cleveland is to marry, died Thursday at Folsomdale, Erie county, N. Y. He had been an invalid for several years.

—Maxwell, the murderer, who is on trial at St. Louis for killing Preller, is a cold-blooded fellow. The women run wild over him, and he actually flirted with a fair spectator while the ghastly story of his crime was being told in the courtroom.

—The frequent surrender, capture after surrender, parole as a prisoner, and all that, seems to make no difference with Geronimo, the Mexican-Indian chief. He continues his war against the United States troops and defenseless settlers as if no reports of his complete annihilation had ever been made.

—The investigations of the agents of the land office show some startling results. The pre-emption laws have been most shamefully abused. By making his employees his tools a single man obtained 30,000 acres instead of the 160 allowed a settler by law.

—The commencement exercises of Washington and Lee university, Lexington, Va., will take place next month, beginning June 13 and ending June 16. Col. A. K. McClure, editor of the Philadelphia Times, will deliver the annual address before the literary societies.

—Rev. Sam Jones will go to New England and undertake to convert the Concord school of philosophy. People who holdily stand up and assert that the Honorable of the Wherefore is due to the Thinness of the Sweet Afterward cannot be reformed too soon for our common safety.

—Last year the wheat yield of the United States was, in round numbers, 357,000,000 bushels, but during the same period the wheat yield of France was 313,000,000 bushels, which, considering the size of the country and the number of the inhabitants, was an output much more surprising than that of the United States.

—Two packages of dynamite were found in the sewer under the Edgar Thompson steel works, at Braddock, Pa. Tuesday. Had the man who was cleaning the sewer struck them accidentally with his shovel the loss of life and property would have been frightful, as they contained enough to destroy half the enormous industrial plant, with those employed thereon.

—For some days past there has been anxiety in naval circles concerning the U. S. man of war Nipsic, which is overdue at New York on her return from the South Atlantic station. She left Montevideo the 7th of March, and not a word has been heard from her since that date. Nearly twice as much time has elapsed as should have been required for her to reach home, and it is feared that she is lost.

—A French paper, in an inspired article, disapproves of the expulsion of the Orleans princes from France, and advises that the princes, if guilty of any offense, be punished like ordinary citizens. The republican papers are sternly opposed to permitting the Orleans princes to remain on French territory, and combine in raising the cry, "Expel the Princes!"

The session of the cabinet Thursday was mainly devoted to the consideration of the Canadian fishery troubles. Action was postponed, it is understood, in order to await the receipt of more definite information from consul-general Pichon at Halifax. The "Augusta Herrick" has cleared from Boston with two cannon, twenty-five Winchester rifles and a picked Yankee crew. Her captain promises fun if the Canadians touch him. There is great excitement in Portland, Me. Canadian vessels are also arming.

—The following was bulletined in Holland, as a synopsis of the news of America April 13: New York, April 12, 1886.—General railroad strike throughout the country. Riots in New York and St. Louis. Destruction by dynamite of great Milwaukee breweries. Marriage of President Cleveland to Miss Patterson, of Baltimore. Heavy gales along the coast. Angry debate on silver question in the House. Members come to blows.

GREECE-TURKEY.

TWO COMBATS BETWEEN THOSE BELLETTMENT POWERS.

Possibly the Sparks that May Fire Big Magazines.

LONDON, May 22.—The Greeks claim that during the frontier engagements of yesterday they captured two positions from the Turks, 20,000 cartridges and three prisoners. The commander of the Turkish troops explained that the firing by his men was due to a mistake, and he has given assurances that Turkey's intentions are pacific.

Later advices have been received stating that another fight has taken place between Turkish and Greek troops. A large number of Turkish soldiers attacked a force of Greeks at a point between Turnava and the sea. It is not known which side was victorious, as no details have as yet been reported.

Good Prospects for the Home Rule Bill.

LONDON, May 22.—The News this morning says: "The impatience of Sir Michael Hicks-Beach and Lord Hartington is a good sign and shows, in the opinion of those qualified to judge, that the more the home rule bill is examined the better become its prospects of success. If only Lord Churchill and the Marquis of Salisbury would make a few more speeches of the same tenor as those of last week, the bill might be passed by a respectable majority."

The Standard, this morning refers to Gladstone's ingenuity in deferring a division on the home-rule bill, and says that a prettier bit of comedy has hardly ever been seen in the House of Commons than the cruel display of eagerness on the part of Sir Michael Hicks-Beach, Chamberlain and Lord Hartington to hasten the despatch of the home rule bill.

Caine, a member of Parliament, writes that if both the Irish bills be withdrawn and be re-mo-ved by Gladstone, in the autumn there will be a chance of liberal unity and of carrying the measures.

Davitt, speaking at Swansea last evening, said that Lord Randolph Churchill had uttered in parliament language just as reasonable as that for which he (Davitt) had been imprisoned. There was no reason to fear persecution by Catholics. All the movements that ever occurred in Ireland had been started by Protestants.

The Chicago Pork Packers' Strike.

CHICAGO, May 22.—Delegates from all the packing houses met last night to discuss the situation in the stock yards. Every department of work was represented, and the decision was unanimous to hold out for the continuance of the eight hour day. The question of wages was not spoken of in the meeting, but from conversations held with some of the delegates afterward it was plain that ten hours pay would not be insisted on. It was rumored that a mass meeting of employes is to occur Sunday; when delegates will be sent to Kansas City, Milwaukee, St. Louis and Cincinnati, to induce the packing-house men in these cities to go out with the Chicago men. The men appreciate the fact that without these outside houses they cannot hope to make satisfactory terms with the packers.

Chicago Fute a Quietone on Prize Fighting.

CHICAGO, May 22.—Chief of police Eberold yesterday refused to grant a permit for a pending boxing glove contest. Last night officers appeared on the stage of a cheap theatre and stopped a similar affair between two local toughs. The authorities announce that no more boxing or sparring exhibitions will be permitted in public. The order covers pugilism in any shape, and if enforced will prevent many matches recently advertised, including that between Sullivan and Mitchell. No explanation is given, but the action of the police is evidently the outcome of a letter to the mayor from the citizens' association a few days ago, demanding that the laws and ordinances in relation to prize-fighting be strictly enforced.

Forty-Ninth Congress.

WASHINGTON, May 22.—House.—Mr. Reagan, of Texas, from the committee on commerce, reported back the Callum inter-State commerce bill with a substitute therefor. Referred to committee of the whole.

After passing a few private measures the House went into committee of the whole (Crisp in the chair) for a general debate on the Dunn free ship bill.

After a lengthy debate on the ship bill, the committee rose. On motion of Mr. Randall, of Pennsylvania, the Senate amendments to the urgent deficiency bill were non-concurred in and at 8:45 the House adjourned.

The Eight Hour Men Defeated.

BOSTON, May 22.—At a meeting of painters and decorators, last evening, it was decided to return to work Monday at the old wages and hours of labor. Lack of funds is the probable cause of the action taken. The organization, however, claims that the defeat is only temporary.

Total Visible Supply of Cotton.

New York, May 22.—The total visible supply of cotton for the world is 2,672,478 bales, of which 1,745,278 are American; against 2,296,410 and 1,661,210 respectively last year; receipts at all interior towns 18,140; receipts from the plantations 3,887; crop in sight 677,702 bales.

Gen. Durbin Ward Dead.

LEBANON, Ohio, May 22.—General Durbin Ward died at 2:30 o'clock this afternoon. He was a noted Ohio politician.

Three Prominent Governors VISITING CINCINNATI'S GREAT MUSICAL FESTIVAL.

CINCINNATI, O., May 22.—Governors Wilson, of West Virginia; Lee, of Virginia, and Foraker, of Ohio, who are here as guests of the festival association, were introduced to the members of the chamber of commerce this afternoon by president Stevens. Governor Wilson said he was grateful for the opportunity he had of seeing something of the enterprises and public spirit of Cincinnati. Governor Lee, who was received with shouts of applause, made a more elaborate speech, in the course of which he referred to the late war and its events, which he said should be consigned to forgetfulness, or if remembered at all, should be thought of and talked of as evidences of American valor and fidelity. No men, he said, could be brought to face such storms of shot and shell as were poured upon the Southern soldiers, unless they thought their cause was just. He was happy to say that Virginia's aim was to take her place in the coronet of the American Union and by her helpfulness in advancing the interests of a common country to become a bright and flashing jewel. His remarks were warmly applauded. Gov. Foraker followed, saying he was delighted to see the earnestness of the greeting given Gov. Lee, who now for the first time visited Ohio. It would show him that though Ohio's sons had fought Virginia's it was not through hate. Rather Ohio loved Virginia so well that she would not allow her to separate from the Union. The war had settled their differences for all time and now the common desire of patriots everywhere was to build up the whole country. Loud applause followed.

The Governors held a reception and were met by a number of the prominent members of the chamber of commerce.

Gen. Ward Wore—no Important Results of Anarchists.

CHICAGO, May 22.—A special from Cincinnati says, Gen. Durbin Ward, who has been confined at his home in Batavia, Ohio, for the last seven or eight weeks with rheumatism, became suddenly worse yesterday and grave fears are entertained for his life.

A special from Milwaukee says the sessions of the grand jury already held have resulted in two important arrests. Both of the arrested persons are prominent members of the anarchist faction. One is Antoine Palm, a leading member of the carpenters' union, and the other Herman Lampe, president of the hod-carriers union. Palm is the man who at the anarchists' meeting, Sunday, April 25th, followed Hirth in a blood-thirsty harangue. After that time Palm disappeared from sight, so far as known, or at least took a subordinate part in the scenes of the riot this week. In searching his house, the police found a breach-loading rifle with three hundred rounds of fixed ammunition concealed beneath a false floor. It is understood that several more arrests are to be made.

An Injunction Case.

CHARLESTON, S. C., May 22.—The board of directors of the Mason cotton harvester company, of this city, began proceedings yesterday against Owen T. Bugg and the United States cotton harvester company, of New York, inventor and owner of a cotton harvesting machine. The claim of the Mason company is for an injunction and damages, on the ground that Bugg's application for a patent on the machine referred to was rejected after a full hearing by the patent office, and that a patent was granted to the Mason company, and that Bugg having been defeated in the patent office, has infringed several of the Mason company's patents in the construction of his machine.

A Return to the Ten Hour System.

ST. LOUIS, Mo., May 22.—As expected, the return by the furniture manufacturers from the eight hour system recently inaugurated in their factories here to the old ten hour plan has resulted in the closing-down today of every establishment of the kind in the city, rendering idle over 2,000 men. When the furniture workers learned the intention of the employers to abandon the short hour system they resolved not to return to work on the basis of ten hours unless they should receive more pay per hour. The manufacturers refused to grant the demand, with the above result.

The Weekly Bank Statement.

NEW YORK, May 22.—The weekly statement of the associated banks is as follows: Reserve increased, \$1,304,100; loans decrease, \$1,205,000; specie increase, \$14,500; legal tenders increase, \$656,000; deposit increase, \$2,534,400; circulation increase, \$14,500. The banks now hold \$13,801,400 in excess of the 25 per cent. rule.

Holds by their own Fetter.

WASHINGTON, May 22.—John C. Callahan, a painter of this city, has entered a civil suit for \$5,000 damages against certain members of the journeymen house painters assembly, Knights of Labor. The cause for the action is an alleged conspiracy on the part of the defendant which through boycotting and other means resulted in the ruin and destruction of the plaintiff's business.

The First Annual Commencement of the Greenville (Pitt county) institute will be held at Skinner's opera house June 14 and 15. Rev. T. W. Bobb, of Hartford, delivers the address. The marshals are: F. C. Harding, chief; Allen Warren, J. S. Higgs, W. A. Jarvis and Harry Whedbee.

Another Call for Bonds.

WASHINGTON, May 22.—The treasury department today issued a call for \$4,000,000 of bonds for redemption. The call matures July 1.

THE COAL MINERS

BECOME NIGHTS OF LABOR AND CON- DENN BOYCOTS.

In Future they Will Give no Countenance to Them.

ST. LOUIS, May 22.—The coal miners at their national convention yesterday completed their preliminary routine business and organized their national assembly of Knights of Labor. Telegrams were sent to Frederick Turner, general secretary of the Knights of Labor, applying for a charter and requesting him to present to a special general assembly to be held in Cleveland the resolution adopted the day before, endorsing grand master workman Powderly and his principles. The act of the convention yesterday which will attract the widest attention was the passage of a resolution declaring that in the future the miners who are Knights of Labor will support and countenance no strikes or boycotts instituted by trades-unions and will give their patronage exclusively to Knights of Labor manufacturers.

The M. E. Church Conference.

RICHMOND, Va., May 22.—Today's session of the M. E. general conference was almost wholly occupied in discussing the report of the committee on the board of missions. The conference elected as president of the board Col. R. F. Cole, of Tennessee, and Dr. A. G. Haygood vice-president. The reports of the secretary and treasurer of the board were discussed at length and much to the credit of those officials. The indebtedness of the board at present is \$64,000. The Episcopal council, now in session at Charlottesville, sent fraternal greetings by telegraph, and referred to Ephesus: 6 ch., 24 v. At the request of the conference the bishops responded, acknowledging and heartily reciprocating the fraternal greetings, referring to Hebrews: 13 ch., 20, 21 v.

The report of the committee on hymn book was submitted. The report simply asked that the papers referred to the committee, looking to a revision of the hymn book, be returned to the conference. The committee did not have time, on account of the near approach of the final adjournment of the conference, to consider the matter. Dr. P. A. Peterson, of Virginia, offered a substitute for the report, recommending that the college of bishops appoint a committee of nine to revise the hymn book, which committee shall be divided into three sections, the members of each section to be selected with reference to the location for their work; that when the work of preparatory revision shall be finished by each section it shall be reviewed by the whole committee; that when the work shall have been approved by the bishops it shall be placed in the hands of the book agent, to be published for the use of the church; that the book agent shall have authority to pay, on order of the chairman of the committee, the expenses incurred by the committee in the promotion of the work. It is recommended that those hymns be excluded which are rarely or never used in public or social worship; that when it can be judiciously done a long hymn be abridged and that none exceed twenty-four lines; that particular attention be paid to the arrangement and classification of hymns according to subjects; that the whole number of hymns do not exceed eight hundred; that the committee be instructed to prepare a tune book as a companion to the hymn book, if they deem it necessary. After a lengthy discussion the substitute was adopted.

CURRENCY.

Truth.

Truth lies deep in a well, that she by day as well as night may look To Heaven, its starlit windows see, And read by name in God's own book. —(Willis Fletcher Johnson in the Current.)

It costs quite a sum to bury a Congressman, but the country doesn't mind the expense.

Powderly says that the most uneasy bed for a full-grown man to rest on is the boy-coot. Yet a good many who tried it were rested last week.

The word salary comes from the Latin salarium, literally salt money, from sal, salt, which was part of the pay of Roman soldiers. This will probably explain why certain young ladies regard young men who receive meagre salaries as being entirely "too fresh." —Norristown Herald.

"I notice," said a gentleman in search of information to Herr Most, "that anarchists never strike. Why is this?" "That," said the great apostle of mouth as a factor in social progress, with much dignity, "is easily explained. No true anarchist ever works." —Washington Hatchet.

"You are Mr. Talmage?" "I am, sir." "Well, sir, I am an evolutionist, and I want to discuss that question with you. I am also an annihilator. I believe that when I die that will be the end of me." "I thank God for that!" devoutly ejaculated Mr. Talmage, as he walked off and left the man perfectly dazed. —Harrisburg Telegraph.

Horace—"I see by the papers that there was a 'tie-up' in several of the churches yesterday." Angelina—"Oh, those horrid labor troubles, when will they cease?" By the way, though, how could there be a 'tie up' in church?" Horace—"Easy enough; the happy couple just walked up to the chancel rails, and the minister did the business in fifteen minutes." —New York Tribune.

The Episcopal Convention.

Cor. of the News and Observer.

TARBORO, May 22.

Most of the time of the convention yesterday and today was occupied by a discussion of the affairs of the Ravenscroft school at Asheville. There is a strong sentiment in favor of making the leading feature of the institution a classical school for boys, and this was presented and ably supported on the floor of the convention. No conclusion in the matter, however, was reached.

In the matter of the Smith legacy it was resolved that the various bequests be referred to a committee of three, to be appointed by the bishop, who shall examine the land, personal property, etc., devised, and report their value, etc., to the convention.

It was also resolved that any income arising from interest and rent of land from the estate be turned over to the treasurer of the diocese for the purposes of the diocesan missionary fund, and for the purpose of maintaining ministrations at the chapel of the Cross, Chapel Hill. It was further resolved that a suitable tablet be erected in the chapel of the Cross, Chapel Hill, to the memory of the late Miss Mary Rufin Smith. The convention then proceeded to the election of officers for the year. Mr. Charles E. Johnson, of Raleigh, was re-elected treasurer unanimously and the following committeemen and deputies to the general convention were chosen:

Standing committee: Rev. Dr. Marshall, Rev. Dr. Sutton, Rev. Bennett Smedes, Col. Wm. E. Anderson and R. H. Battle, Esq., all of Raleigh.

Executive missionary committee: Rev. Dr. Sutton, of Raleigh; Rev. Dr. Buxton, of Asheville; Rev. J. B. Cheshire, Jr., of Charlotte; Rev. Gilbert Higgs, of Warrenton; W. L. London, Esq., of Pittsboro; Dr. G. W. Fletcher, J. C. Buxton, Esq., of Winston; J. B. Stickney, Esq., Jno. Wilkes, Esq., of Charlotte.

Education committee: Rev. Dr. Buxton, T. W. Patton, Esq., and Lawrence Pulliam, Esq., all of Asheville.

Church building committee: Rev. Dr. Sutton, Rev. J. W. Murphy, of Hillsboro; Rev. J. E. Engle, of Henderson, and Messrs. David Anderson and Wm. Woolcott, of Raleigh.

Trustees of the University of the South: Rev. J. B. Cheshire, Jr., Hon. Wm. B. Cox, of Raleigh; Chas. E. Johnson, Esq.

Trustee general theological seminary: Rev. Dr. Buell, of Asheville.

Deputies to the general convention: Rev. Dr. A. S. Smith, of Ringwood; Rev. Dr. Buell, Rev. Dr. Marshall, Rev. J. B. Cheshire, Jr., Mr. Jno. Wilkes, Mr. R. H. Battle, Col. W. H. S. Burgwyn, of Henderson, and Mr. S. S. Nash, of Tarboro.

Supplemental deputies: Rev. Dr. Bronson, of Wilson; Rev. F. J. Murdoch, of Salisbury; Rev. Dr. Buxton and Rev. Wm. R. Wetmore, W. L. London, Esq., of Pittsboro, Mr. A. B. Galloway, J. F. Payne, Esq., of Monroe, and Jacob Battle, Esq., of Rocky Mount. The treasurer of the diocese, Mr. Johnson, was nominated as deputy but asked the withdrawal of his name, in view of the fact that business engagements would prevent his attendance on the convention, and his request was complied with.

Hon. John S. Henderson, of Salisbury, was also nominated, but his name was withdrawn for reasons similar to those given by Mr. Johnson. These facts are mentioned because an election as deputy to the general convention is certainly a high honor.

The convention has been a working body and has transacted its business rapidly. It has disposed of many matters of importance that it was feared it would not be able to reach and adjourns today with the consciousness of having done its duty.

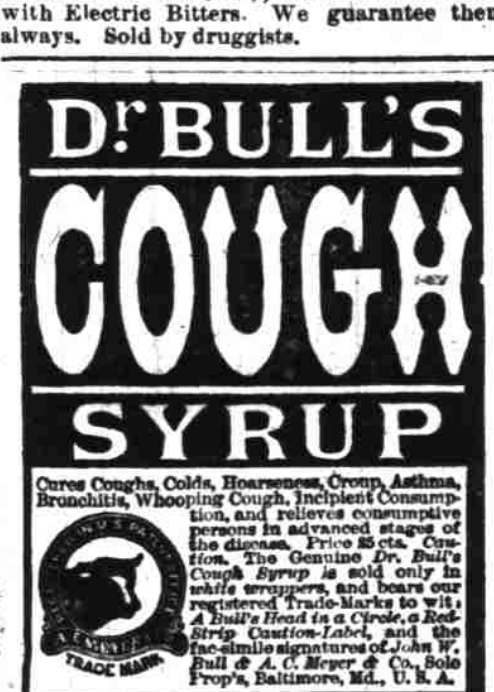

Of the entertainment of the members of the convention by the people of Tarboro I have already spoken, but too much cannot be said in its praise. There is not a delegate, I am sure, who will not agree with me in the opinion that there can be no more hospitable people on the face of the earth than those who dwell in Tarboro.

A Lady Picked up at Sea.

ST. JOHN'S, Newfoundland, May 20.—From St. George's bay, on the west coast of Newfoundland, comes the following extraordinary story: "A French vessel arrived here yesterday from Saint Malo, bound to Port au Cheix. She came for the purpose of landing Miss Louise Journeau, who was picked up from an open boat at sea, about 20 miles off the island of Jersey. The lady, with a gentleman named Farné, went aboard Sunday evening, April 18, after leaving church. While rowing, her companion let one oar slip and in attempting to recover it lost the other. Being a good swimmer he instantly jumped overboard to recover the oar. The wind was freshening, and there was a strong current setting from the land. The boat fast drifted beyond his reach, and he was compelled either to swim for the land or sink. Miss Journeau, alone in the boat, drifted to sea. The boat almost filled with water, and for forty hours she lived in agony. At length she was rescued by the French vessel, on board of which she was kindly cared for by the captain and officers. The violent off-shore wind prevented the Frenchman from reaching Jersey, and the lady was carried across the Atlantic to Newfoundland. Farné reached St. Hilaire harbor safely, but his story was disbelieved. People from the shore affirmed that they heard cries of murder from sea. Farné was arrested and charged with homicide. His liberation is of course certain, Miss Journeau having cabled her miraculous escape."

WONDERFUL CURES.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Buckler's Arnica Salve for two years. Have never handled remedies that sell so well or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by druggists.

D. BULL'S COUGH SYRUP

Will relieve more quickly than any other known remedy. Rheumatism, Neuralgia, Swellings, Bruises, Burns, Scalds, Cuts, Lumbago, Sores, Frost-bites, Backache, Wounds, Headache, Toothache, Sprains, &c. Sold by all Druggists. Price 25 Cents a Bottle.

RACKET STORE.

The Great Bargain House of Raleigh.

We kicked up a racket last week and we are going to kick up a bigger one this week, as we are going to open new goods and some great bargains. So look out, Big job in Violin, Banjo and Guitar Strings, at 4c a set; fresh from the manufacturers and a good article.

Pins and needles 2c a paper. Twenty-four sheets Note Paper for 5c. Best Calico in the market, 4c a yard. Best 4-4 Sheeting for 6c a yard. Straw Hats for men and boys from 5c up. Good Ticking 12c a yard.

Now if you want to save your money call and see me. New and advanced ideas are crowding out the old ones; pluck instead of luck; cash instead of credit; brains instead of cheek; and science and ability are beating back and crushing into oblivion moonshine merchants with their tough and tremendous long-time prices.

Our Millinery Department will be filled up with new hats and flowers and such goods as are needed as the season advances. These goods are bought in New York from first-class houses and the most fashionable in the city and not from auction houses, as I understand is reported by many persons in this city. They are bought for cash and at cost, so I can sell them cheaper than those houses who buy from drummers and on credit. The drummers are going all through the country at an expense of from \$8 to \$10 a day, besides paying heavy license fees. Who pays all these expenses? Why you people who buy goods from houses who buy from drummers and on credit. The consumer has all these expenses to pay. Come and buy your Millinery from us and save all these expenses.

Respectfully submitted to the cash trade only.
