contain the entire correspondence which recently passed between Mr. Richmond Pearson and Mr. B. Y. McAden. In this it appears that Mr. McAden declines to meet Mr. Pearson, on the ground that duelling is contrary to law.

In his letter Mr. McAden says: "Why challenge me to fight a duel to right your wrongs, when you are not my in-

ferior physically?" Mr. Pearson in his reply intimates that the law also forbids street fights and closes with the following words: "The world has very generally agreed that duelling is a deplorable practice, but the genius of our modern civilization, while it proneunces upon this practice its unqualrfied condemnation, in candor will de-clare that the duel is more honorable and more fair than the street fight with concealed but equally deadly weapons, in the use of which the mean advantage of the first shot or of a blow without warning settles nothing but the brutality of the assailant. The only wrong which I have ever done Mr. R. Y McAden has been the expression of my purpose to ignore him, and to this purpose I shall henceforth scrupulously ad-

Some Men Abandon Their Cars. NEW YORK, June 4.- For several days there was nothing of incident to note in the strike of the Third avenue R. R. employees. Cars were running with full complement of drivers and conductors, and the strike was looked upon as practically ended. Today, however, two of the new drivers on the cars running from Harlem to 65th street, jumped from their cars at 94th street and ran away. About the same time one driver and three conductors abandoned their cars at Grand street. A temporary blockade of the line was caused. It is rumored that others who have taken places of the strikers will also abandon their cars at various points along the

New York Cotton Futures. New York, June 4.—Green & Co.'s report on cotton futures says : The absence of encouraging reports and confirmation of a better crop showing saused the market to open weak and led to a further shading of 223 points. The bulls then came in and forced a reduction to about last evening's prices, but failed to stimulate a renewal of the demand, and the market went out rather slow without much apparent and natural strength. The new crop has been espe-cially neglected and was at no time saleable, except shading.

Total Not Receipts of Cotton. NEW YORK, June 4 .- The following are the total net receipts of cotton at all the ports since September 1, 1885: Galveston, 691,122; New Orleans, 1,696,660; Mobile, 244,471; Savannah, 786,915; Charleston, 487.581; Wilmington, 100,685; Norfolk, 548,-793; Baltimore, 76,969; New York, 63,609; Boston, 134, 955; Newport News, 87,327; Philadelphia, 46,470; WestPoint, 219,793; Brunswick, 16,252; Port Royal, 12,231; Pensacola, 19,152; Indianola, 781; total, 5,186,790.

A Word of Explanation.

Cor. of THE NEWS AND OBSERVER. A synopsis of desultory remarks can never be entirely accurate, and I find that a sentence reported this morning is liable to be misunderstood. In regard to the influence of "preachers" my remarks were in substance : "Let me not be misunderstood. I do not think it unbecoming in ministers of the gospel to take an interest or to participate actively in any movement which in their opinion tends to the promotion of morality. But I do object to the action of the colored ministers who have, unless I have been misinformed, threatened from the pulpit to turn members out of the church unless they vote for prohibition. (Many colored men in the gallery said "They have done it."

A single other correction, which is not the mistake of the paper. Upon fully considering the statutes, I am led to question very seriously, if not to abandon, the view I first entertained upon a hasty reading of the Code, that spirits, the product of one's own farm, can be sold even if there is a vote in favor of prohibition. It is in the revenue act of 1885, but does not, I think upon reflection, modify the local option F. H. BUSBER.

A Proposition to Abolish Free Trade in Fish Hereafter.

WASHINGTON, June 4 .- SENATE .-In the Senate Mr. Ingalls offered a resolution, which on objection by Mr. Beck went over till tomorrow, calling on the secretary of the interior to inform the Senate whether a certain circular had been issued by commissioner of the general land office with the approval of the secretary of the interior. The resolution recites in full the recent circular to registers and receivers of the land office, stating that no new applications for entry under pre-emption timber culture or desert land acts, would be received pending legislation by Congress on the repeal of these acts. The resolution proceeds to direct the secretary of the interior to inform the Senate by what act it was claimed Congress had delegated to the commisioner of the general land office or to the secretary of the interior, or to these officers jointly, power to suspend by executive order the operation throughout the United States of the pre-emption timber culture and desert land acts, and to deny to the citizens of the United States their rights under said acts.

On motion of Mr. Edmunds, the Chinese indemnity bill was taken up, but was informally laid aside at the request of Mr. Allison, to permit the consideration of the consular and diplomatic appropriation bills.

At 2 o'clock the consular and diplomatic appropriation bill went over and the Chinese indemnity bill was taken up. Mr. Cockrell took the floor in opposition to the bill. At the conclusion of Mr. Cockrell's speech the bill was passed; yeas 30, nays 10. The Senstors voting in the negative were: Messrs. Beck, Berry, Cockrell, Coke, Eustis, George, Harris, Maxey, Mitchell. of Oregon, and Vest. The bill authorizes the President to ascertain the actual losses sustained by the Chinamen by the riot at Rock Springs, Wyoming Territory, in September, 1885, and to pay such losses. The amount appropriated by the bill for that purpose is

\$150,000. The Senate resumed the consideration of the consular and diplomatic appropriation bill. On reaching the appropriation of \$2,270 as the American contribution to the maintenance of an international bureau of weights and measures, Mr. Conger attacked the item with ridicule and with an appeal to the national feelings of the Senators. After an explanation of the item by Mesers. Allison and Evarts, Mr. Conger moved to strike it out. This motion was rejected; yeas 1 (Conger), nays 42. (Great laughter.) The Senate at 5.50 p. m., without finishing the bill, adourned till tomorrow.

Mr. Cox, of North Carolina, called up as a question of privilege the report of the committee of civil service reform relative to an appropriation for the improvement of the levees at Jeffersonville, Ind. The report is accompanied by a resolution dismissing L. F. Warder (assistant doorkeeper) from the service of the House. Mr. Ward, of Indiana, offered as a substitute a resolution declaring that the evidence in this case does not sustain the charge that it is improper for any officer or employee of the House to seek to influence legislation, either directly or indirectly, and that the action of Warder as agent of the city of Jeffersonville at the time when said Warder was an employee of the House in securing the services of an attorney for the purpose of influencing legislation is disapproved by the House. After a long and sharp debate Mr. Ward withdrew his resolution and Mr Oates, of Alabama, offered in livu thereof a resolution declaring that the conduct of Luther F. Warder, being at that time an employee of the House, in receiving money from the city of Jeffersonville, Ind., to employ counsel to influence legislation of Congress was a gross impropriety, and expressing the emphatic condemnation of the House thereof; but stating that the evidence adduced in the opinion of the House does not require his expulsion from the office he holds. This resolution was agreed to; yeas 140, nays 67.
j. Mr. Boutelle, of Maine, introduced a bill relating to the duties on fish. Under the schedule its provisions increase the duty on mackerel from one to two cents per pound; on herring, pickled or salted, from one-half to one cent per pound; on salmon, pickled, and other fish pickled in barrels and salted cod sounds, from one to ten cents per pound; on foreign cut fish, imported otherwise than in barrels or half barrels. whether fresh smoked, dried, salted or pickled, not specially enumerated or provided for, from fifty cents to one dollar per 100 pounds; on anchovies and sardines in boxes increased from 10, 5 and 2½ per box to 15, 7½ and 4 cents Total exports to date, per box when imported in any other Stock stall U. The Fishery Dispute.

HE U. S. FLEET NEAR THE CANADIAL

Washington, June 4 .- Senator Cullom today submitted as an amendment to the river and harbor appropriation bill the "Hennepin canal" bill.

Acting secretary Fairchild today telegraphed as follows to the collector of customs at Key West, Florida : "Release the Spanish schooners Paco and Isabella unless forfeited under section 4,172 of the Revised Statutes, or under section 4,377; and release the cargoes unless forfeited under section 4,377 of the Revised Statutes. Fishing in the waters of the United States does not entail the forfeiture of a foreign vessel.'

The secretary of the navy says that the vessels of the north Atlantic squadron have been under orders for several days to prepare for sea. They will go easterly as usual, and report for further orders at Portland, Maine. They will visit the fisheries under instructions from the department, and it is hoped will help to allay rather than increase the existing antagonism. The secretary conferred with Admiral Jonett upon the subject when in New York recently.

Secretary Bayard this afternoon received a telegram from the consul-general Phelan, at Halifax. as follows: 'The American merchant vessels can purchase fresh fish of all kinds.'

WINCHESTER, Va., June 4.-Wes Honesty and Tabley Banks, negroes, were hanged at 9:22 this morning for the murder of Joseph McFaulon on the night of November 14th, 1884 The religious services in the jail were conducted by Revs. J. P. Hyde, Koontz and exhorter E. J. Evans and Rev. Whitmore. Capt. Denton of the salvation army was also present. They prayed about an hour and the sacrament was administered The criminals then They stepped up firmly ten steps to the floor of the scaffold. Banks began to tremble violently, but Honesty stood on the trap door. A Moody hymn, "There is light in the valley," was then sung by request, both joining loudly. The ministers returned to the jail steps. Honesty said : "I thank God I am converted, and I am going home to heaven. No man's blood rests on my soul. I have not to answer for it. I thank all officers and ministers for their kindness." Banks said: "I am not guilty of what is put on me." I want to meet all of my friends in heaven." Their arms were then pinioned, the black caps drawn over their heads, and in a loud voice both cried out, "Good bye: God be with you." The trap was sprung by a wire running into a cell in the were drawn up convulsively several times, and Honesty's twice. At fifteen minutes to 10 o'clock the physicians pronounced them dead, the necks of both being broken. The military, under Capt. Multon, guarded the jail. About seventy-five spectators were pres-

About one thousand cards, announcing the marriage of the President, were sent out from the White House today by mail messengers and otherwise. The cards are exceedingly simple and plain, engraved in heavy lines on a full sheet of fine note paper. They read as follows: "Mr. Grover Cleveland and Miss Frances Folsom, married on Wednesday, June second, eighteen hundred and eighty-six, Executive Mansion, Washington." These announcements were sent to the members of the cabinet, justices of the supreme court, Senators and Representatives in Congress, the diplomatic corps, the lieutenant-general of the army, admiral of the navy, and other officers in Washington, and to personal friends of the President and Mrs. Cleveland, in Albany.

New York, June 3.—A net advance of 8 per cent. in the price of Richmond and Danville and of 31 per cent. in the price of Richmond and West Point was made today. The advance was accompanied by reports that the practical amalgamation of the Richmond and Danville system, so long projected, had been consummated. It is reported that the Richmond and Danville has secured the control of all the principal lines of road heretofore controlled by the Richmond and West Point terminal company, for rear of the scaffold. The limbs of Banks the sum of about \$2,000,000. This sum, it is said, was realized by the Richmond and Danville by the sale of its Richmond and West Point terminal stock in the market. It has, therefore, parted with its control of the Richmond and West Point terminal, because it has no further use for it, and consequently there can be no interchange of the two stocks, as was rumored some weeks ago. The Richmond and West Point terminal, having parted the control of its most important properties, will, it is also declared, not be an active factor in part of the country hereafter.

THE PLIMARY CONCERT AT ST. MARY'S. A delighted audience gathered at old St. Mary's last evening, to see the young folk begin the exercises of commencement. The performance was a charming one, and in music, in acting, in declamations, in songs and in calisthenics the charming little creatures exhibited a proficiency which was certainly remarkable. The stage was very tastefully decorated with natural flowers, and light fell upon it from Japanese lamps, while "many a screen and fan" added color to the scene. The programme was as follows:

Chorus, "Come, let us all be Singing," (Gobbaerts) preparatory and primary classes; recitation, "Dame Duck," Lizzie B. Hinsdale; quartettes, "The Sailor's Song," "March," (Gur'itt) Fanny S. Carter and Mabel E. Green, Dixie C. Murray and Lillian Thompson; calisthenics, "Free-hand," primary classes; piano solo, "Gavotte," (Goldner) Mattie A.
