CONGRESSIONAL.

THE PROPOSED RIDER ON THE PENSION BILL

Changes no End of a Discussion in Which Many Participate.

WASHINGTON, June 22.—SENATE.—In the Senate Mr. Maxey, from the committee on the Nicaragua claim, reported a resolution requesting the President to bring to the attention of the Nicaraguan government the claims of citizens of the United States against that government.

Mr. Hawley called up his motion to reconsider the bill prohibiting members of Congress from accepting employment from railroads that had received aid from the United States.

Mr. Beck replied that there was no warrant for any suggestion that he meant any insult or insinuation against any body.

At 2 o'clock the matter went over and the Senate took up the bill repealing the pre-emption and timber culture laws.

Mr. Morriss said that last Thursday he had given notice that he would today move to go into committee of the whole on the tariff bill.

Mr. McKimley held that if Mr. Morrison's proposition had any meaning, it was a confession to the House and the country that the revenues were inadequate to meet the just demands of the pensioners.

Mr. Brum, of Pennsylvania, referred to what he termed the attempt of the Democratic party to foist upon Congress a tariff bill, and commented on the fact that upon the heels of the failure of that attempt the chairman of the committee on ways and means brought in a resolution which would enable him to gain by indirect what the gentleman from Pennsylvania (Mr. Randall) and other Democrats had stood with Republicans to prevent him from gaining directly.

Mr. Reed, of Maine, argued that the purpose of the proposition was to attach tariff legislation to pension bills and to legislate in a sarcastic manner what legislation on earth could stand a tariff discussion.

Mr. Reed, of Maine, argued that the purpose of the proposition was to attach tariff legislation to pension bills and to legislate in a sarcastic manner what legislation on earth could stand a tariff discussion.

Mr. Bragg, of Wisconsin, expressed his delight at Mr. Reed's reference to the failure of the House to consent to consider the revenue bill.

Mr. Reed, of Maine, said that he had listened, with some interest, to hear the reasons which had governed the majority of the committee on rules in reporting the proposed change of the rules.
