CONGRESSIONAL.

THE SENATE AGAIN TAKES UP THE PORILE CASE

to be a Mdetve

WASHINGTON, June 24.—SENATE.— After the routine morning business in the Senate, the bill repealing the preemption and timber culture laws was laid before the Senate On the request of Mr. Pugh, it was informally laid aside, to permit the consideration of the bill providing for the appointment and compensation of a United States district judge for the southern district of Ala-

Mr. Logan moved as an amendment provision of the bill heretofore passed by the Senate fixing all district judges salaries at \$5,000 a year. Messrs. Kenna and George opposed the amendment so far as it related to increase strong in Bavaria, judging by the fuss of salary, Mr. George maintaining that when cotton was down to seven cents per pound, wheat to seventy cents per bushel and all our industries were depressed it was no time to increase the salaries of gentlemen who had life places. Mr. Logan advocated the amendment, which was agreed to; the first division (relating to salaries) by a vote of 32 years to 20 mays; the second division (prohibiting nepotism) by a viva voice vote. The bill, as amended, was then passed.

The bill repealing the pre-emption and timber culture laws was then proceeded with and after a short debate passed; yeas 34, hays 20. Un motion of Mr. Dolph, a committee of conference was ordered on the disagreeing votes of the House and Senate on the bill.

The Fitz John Porter bill was then aid before the Senate. Mr. Sewell said it was the same bill that had passed before. There was nothing to be said tha. would throw any new light on its subject-matter. A mere statement of facts would be sufficient. Mr. Scwell then recited salient facts in the military history of Gen. Porter.

bate, Mr. Sewell had the clerk read a number of resolutions of Grand Army retary Fairchild were promptly in atposts, urging the passage of the bill. | tendance, but the President informed The people, he continued, had finally them that he would prefer to dispose of inal Gen. Porter was a martyr. "He them rather than take up the business president, to demand it. The time has there was nothing requiring immediate gone by to ask that favors may be action the meeting adjourned. have seen in the front of many a fight, demand justice of the Senate of the United States for this man who has been so grossly wronged."

Mr. Logan obtained the floor to reply to Mr. Sewell, but yielded for a motion go into executive session. At 4.45 the Senate went into executive session. At the information that the lady is hand- 5.50 the doors were reopened and the Senate adjourned.

Mr. Randall moved to dispense with

the morning hour. Mr. Reed, of Maine, inquired sar-

castically whether it was the intention to call up the sundry civil bill. "You will see in the regular course of

business," replied Mr. Randall. "The other wing of the Democratic party seems to have taken charge to-

observed Mr. Reed. 'Oh, both wings will flap together after awhile," retorted Mr. Randall, amid applause on the Democratic side. The motion having been agreed to, the House went into committee of the whole (Mr. Reagan in the chair) on the sundry civil bill, Mr. Reid remarking that a very sensible wing of the Dem cratic party had control of the day (This was greeted with loud applays on both sides of the House.) The pen

ing amendment was that offered by Mr. Warner, of Ohio, providing that uo money appropriated for the bureau of engraving and printing shall be used in printing United States notes of large denominations in lieu of notes of small denominations canceled or retired. The amendment was agreed to-yeas 99, Then a debate sprang up over the

propriety of the amendment just adopted, Mr. Bland, of Missouri, vigorously denouncing it, on the ground that it would have the effect of interfering with the circulation of the standard silver dollars; and Mr. Weaver, of Iowa, as vigorously supporting it and declaring that the standing of greenbacks must not be disturbed.

In answer to a remark made by Mr. Cannon in presenting an amendment which would have the effect of placing twenty-five additional employees of the the provisions of the civil service law, Randall said: "I have one reply to make: I will not vote to put

THE PONTAL CLERES OF THE WEST MAKE A POOR JOB

Of Their Attempt at Concerted Action

Washington, June 24 .- The Anglo-American insurance company which was organized in this city, June 23, 1884, and issued fire and marine policies, suspended business today.

WASHINGTON, June 24.—The following special notice was today issued by the general superintendent of the railway mail service:

By order of the Postmaster General. the clerks named below have been removed from the service for insubordination in conspiring to obstruct the regula-tion of the service by the department and to injure its efficiency. They have secretly attepted to form an association with a view to dictate action to the department, and many of them have also been guilty of deception towards their fellow-clerks by representing the purpose of such association to be merely a benevolent one, and thus entangled them. At the same time the postmaster general directs me to express his gratiticasmall number could be found to engage

tion that so far comparatively only a in such a scheme and his acknowledgments to those who have kept the department informed. A list of twentyseven clerks in the railway mail service is appended, all of them being located west of Pittsburg, north of the Ohio river and east of Omaha, a majority of them being in Ohio, Indiana and Illipois. The postmaster general in further explanation of the causes which resulted in the issuance of this notice, in an interview this afternoon said that several weeks ago information was received by the department that a few postal clerks who were apparently conscious that there were reasons for their removal from the service were endeavoring to enlist the co-operation of the postal cierks g. nerally in an association to be formed for the purpose of main building was laid, more than interposing their opinion on the questions of removals by threatening a strike or the combined resignations of many clerks at one time, to menace the department with embarrasment. The attempt to enlist general co-operation all in white, and fifty orphan boys led, the greater number of postal

cierks who were approached on the subject refusing to entertain it. It was the form of the asylum. The children, one plan of the originators, after the initiation of a member, during which he was bound by an oath to secrecy and obedience, to secure his resignation in blank and to have all resignations in the hands of the executive committee, to be filed simultaneously, and require the clerks who were members of the association to abandon their run at a time to be fixed. Their object was to maintain their own position and tenure of office. The department has waited until the principal ringleaders and executive officers were certainly known and those removed embrace those who have been specially active. "In point of fact," continued the postmaster general, "the scheme never secured general favor and the department is not desirous of punishing by removal those who have been cheated into a neminal co-operation, but does not wait for resignations from any who have been active in the enterprise." "It is men," said the speaker, "that upon examining the files in the cases of men who are removed by this order it appears that very many of them have been complained against for some reason and their removals sought before, but the department had refused to make the removals, and an outery had been made in their cases for their retention. Their position would have been quite secure had they not forfeited it by in ubordination. The headquarters of the movement has been in Indiana. Some little effort was made to organize at Chicago and other places, but with no success. do not anticipate trouble or inconvenience to the business interests of the country," concluded the postmaster

Laying the Corner Stone.

YESTERDAY'S INTERESTING CEREMONIES AT

THE OXFORD ORPHAN / SYLUM. Yesterday, as St. John's day, has a high place in the Masonic calendar. Right worthily did the grand lodge of that noble order observe it. With impressive ceremonies it laid the cornerstone of an industrial building at the Oxford orphan asylum. There was a large gathering of people there, and Masonic lodges in various parts of the State were well represented. It was estimated that 500 Masons were present and fully 3,500 persons had the pleasure of witnessing the exercises and of

hearing the speeches. The train left Raleigh with 83 on board, most of them Masons. His excellency Gov. Scales was of the party, as was also the grand master of Masons, Fab. H. Busbee, Esq. The train took on a number at Henderson, which place it left at 9.15. It was crowded when at 9.45 it reached Oxford. At the depot the Granville Grays, Capt. Bobbitt, were drawn up in line and saluted the Governor and commander-inchief. The marshals on the part of the Masons also joined in doing the honors. thence to the court house.

The procession went to the hotel and There were many strangers in Oxtord; hearty, happy people, evidently in a humor to enjoy the day. It was evident that good old Granville county was well represented. At the spacious grounds of the asylum the scres of white-oaks gave a generous shade. A stand for the speakers was erected near the building, while seats for many people surrounded it. Meantime the quaint looking chapel of the asylum was filled with people, but these soon joined those under the shade It has been many years since such a collection of vehicles had been seen in the grounds. From the white-topped, roomy wagon, to the daintiest phaeton or skeleton buggy, all sorts, shapes and sizes of vehicles were represented. The a semblage of people was the largest at the asylum since the cornerstone of the thirty years ago.

THE PROCESSION. As the procession entered the sight was a pleasing and picturesque one. One hundred and thirty orphan girls, boys were all in the brown linen uniand all, were tidy, healthy and happy,

and evidently enjoyed the occasion. The procession was in the following order: Masons, Oxford lodge and visiting brethren of the order, under direction of the marshals, about 400 being in line, the officers of the Grand Lodge closing the rear; the Granville Grays; the orphans. The troops presented arms as the orphans passed them. The Masons opened ranks and through these passed the officers of the Grand Lodge, escorting Gov. Scales, who walked rm in arm with Capt. Oct. Coke. The gentlemen took seats on the platform. Among those there were, besides those named, Col. T. S. Kenan, Dr. Grissom, Col. Charles R. Jones, Mr. T. B. Kingsbury, Grand Master Busbee, Grand Secretary Bain, Rev. Dr. C. T. Bailey, Capt. A. H. A. Williams, Col W. F. Beasley, Mr. John Nichols, Mr. Julian S. Carr, Col. W. E. Anderson, Messrs. J. M. Currie, J. K. Wood, W. a curious commentary on the folly of [] Smith, R. Y. Minor, L. C. Taylor

and J. J. Meadows. The exercises were opened by Grand Master Fab. H. Busbee, who called the Masons from labor to refreshment, and anneunced a prayer by the Grand Chaplain, Rev. Dr. C. T. Bailey. Dr. Bailey invoked God's blessings upon the orphan children, the asylum and the principal and teachers. He prayed that it might have a warm place in the hearts, not only of the Masons, but of all the

churches. Capt A. H. A. Williams made an address of welcome on behalf of the Masons. He expressed his pleasure at the presence of so many dist nguished gentlemen. He said the occasion was an inspiring one. He returned the thanks of the Masons, of the pouple of Oxtord, of Dr. Dixon the superintendont of the asylum, and of the 180 little orphans. He expressed his regeet at the absence of Gen. R. B. Vance, the orator of the occasion, but said disappointment never chilled the heart of

Grand Master Fab. H. Busbee said he was sorry for Gen. Vance, who had lost the opportunity of addressing such a splendid audience. Mr. Busbee said it had been determined to have the address on the formation and purposes of the industrial school delivered now. He introduced as the orator on the subject Capt. Oct Coke.

Capt. Coke spoke of the noble part the asylum was playing in the State. Particularly did he dwell on the industrial work to be today inaugurated by the laying of the corner-stone of this industrial building. He warmly and in glowing language complimented the Masons of North Carolina for their singleness of purpose, generosity of heart and constant zeal in aiding this asylum. He made a formal plea for industrial education as a necessity for North Carolina. Labor and letters, he asserted, made up the greatness of a

GOV. SCALES SPEAKS. Mr. Fab. H. Busbee introduced Gov. Scales, saying that he found special pleasure in showing the Governor the orphan asylum and its management. Gov. Scales said this was in very

truth a proud day for North Carolina, for the Masonic order, for the people of may 28 damos all the State. He said the State had estabasylums two deaf and dumb institutions, a university, a system of public schools. many normal schools, and last, but not least, had provided for this orphan asy-

lum. He felt warranted in saying that for the orphan asylum the State would do much more. He alluded in terms of the highest praise to the Masons, who had started this noble charity in their wildom and benevolence, and who had so managed it as to make the State see its true interest and co-operate in the work of maintaining it. He spoke of the exceeding value of industrial edu-cation and of its direct and practical purpose here. He said the orphan asylum was deep set in the people's hearts and had the aid of the churches and the prayers of the Christian people of the State. He declared that this was a proud day for this charity and for every true son of the State. This laying of the corner-stone of a department of labor, the first step of that kind taken in North Carolina, marked a new era in progress in be old State which was now in the forefront of her Southern sisters in matters of public education and advancement. He desired to see constant aid given the asylum; to see it enlarged so that its walls would give a glad shelter to every orphan in the State. He asked for the institution the heartiest aid pecuniarily, and he pledged good men everywhere for its continued advancment In conclusion his excellency expressed his pleasure at being present, ais satisfaction at the sight of such an audience. He pledged his heartiest aid to the work of advancing every interest of the asylum and called upon God to bless it bountifully.

Grand Master Busbee, on the part of the Masons, returned thanks to Gov. Scales for his words of encouragement and good cheer.

At 12.30 the speaking ended and the great assemblage devoted itself to the demolition of a capital dinner, which was laid upon long tables in the grove and which was served by the ladies, for the benefit of the asylum.

There are at present five buildings; the main one, the hospital: the boys' building; the farmers' cottage; the Walker memorial building. The latter is occupied by Dr. B. F. Dixon, superintendent of the asylum.

LAYING THE CORNER-STONE. At 2.30 the Grand Lodge reassembled and at 2.45 marched to the site of the proposed industrial building. The ex-ercises were opened by an address by Grand Master Busbee, who briefly explained the purposes of the building whose corner-stone was to be laid. The stone, of brown sandstone, was laid with the appropriate and interesting ceremonies of the order. The building
