A OUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably been saked thousand of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't, But it does cure any disease for which a reputable physician would prescribe IROR Physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any lading chemical firm will substantiate the assertion that there are more preparations of fron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERES no perfect, attainatory iron combination had ever been found.

This is a natural result of the split of the liberal party into two sections. The unionists are apparently gaining a third of the contested liberal seats, which would, if carried through, bring their strength over to a hundred, but the Gladstonians are still confident of the Scotch vote and of the Luglish agricultural districts. Until these constituencies are heard from it will be impossible to give any forecast of the division of parties in the next parliament.

-A year ago a druggist's mistake resulted in the death of Marguerite and Ella Holz of New York. Dr. August E. Lowenthal was engaged to Marguerite, and was very greatly shocked by the tragic death of his sweetheart. He was prostrated, and for months his health declined steadily. Lately the poisoning has been under discussion in some of the medical journals. A writer claimed that there was evidence to show conclusively that the elder lady did not die from morphine poisoning, but from atropia, the antidote administered to her by the corps of physicians. Simultaneously with the appearance of the article, the chemist who prepared the drug that produced the fatal results declared his intention to re-open the case. The chemist asserted that the fault was not so much in his fatal mistake of compounding morphine for quinine as it was from the careless and indifferent form of prescription. The recent discussion of the case has had a very depressing effect on Dr. Lowenthal and the young man has gone crazy. He will be taken to a private asylum.

-Summer Newmarkets are favorite jackets for mountain and seaside wear on cool days. Plain gold brown, deep marine blue and dark green are often chosen in solid colors, but it is considered more chie to wear the kinglish heather mixtures and fancy wool stripes or checks, showing fine bright dashes of color. Short outaway jackets of white eiderdown are also fashienably worn over handsome toilets of sheer white wool.

A Surgical Operation.

Charlotte Observer, 7th. Judge A. C. Avery arrived in this city yesterday from Morganton and took a room at the Belmont Hotel, where he submitted, during the day, to an operation for the removal of a cancerous growth from the inside lining of his lower lip. The operation was very skilfully and successfully performed by Drs. Graham and Jones, and Judge Avery has since been resting well. The cancer had been troubling Judge Avery for some time past, and though it was not regarded as serious, it was deemed best to cut it out before it had a chance

to grow to any serious extent.
