POWDER Absolutely Pure. This powder never' varies. A marvel of purity, strength and wholecomeness. More reconomical than ordinary kinds and cannot be cold in competition with the multitude of low test, abort weight, alum or phosphate powders old only in cans. ECYAL BARNE POWDE (e., 108 Wall Street, Naw York. dold by W C & A B Stronach, George T :ronarh and J B Fe rall & Co.

Are You Bilious? Is Your Liver Out of Order?

So closely connected with the blood is the liver, that any medicine which acts upon the blood must of necessity be a remedy for biliousness and liver diseases. Liver complaint is most commonly caused by impure blood. All the blood of the body, be it pure or impure, strong and healthy or weak and vitiated, passes through the liver every few minutes. The liver is the filter for the blood, separating its impurities from it. It is also the organ for secreting and preparing the bile. Think what will happen when the liver becomes clogged or when it secretes too much bile. Then comes the dull heavy headache, loss of appentite, drowsiness pain in the right side, the skin assumes appearance. This is called biliousness, and if not at once relieved will result in

The Knights of Laber in Working Garb THEY APPROPRIATE FIFTHEN THOUSAND DOL-LARS. RICHMOND, Va. Ost. 14 .- The exec-

utive board of the Knights of Labor held a meeting this morning, to consider the question of sending aid to the locked-out cotton-workers at Augusta, Ga., the curriers and tanners of Salem and Peabody, Mass., and the journeymen plumbers of New York city. The general assembly had already voted that

money should be appropriated for their relief. It was resolved that the sum of \$15,000 be devoted to this purpose, \$5,000 in each of the cases considered. and that further sums be sent as needed. Mr. Powderly held a conference at Ford's hotel last night with fifteen or sixteen colored delegates to the general assembly. They represented colored assemblies of the Knights of Labor of Virginia, Georgia, Florida, Mississippi and other Southern States. The object of the conference was the formation of of a bureau of colored Knights throughout the Southern States for the purpose of procuring accurate statistics relative to the condition of the colored laborers and their relation to the white laborers, wherever they are employed together. These statistics are to comprise everything in councetion with the hours of labor, treatment they receive from their employers, their wages, cost of living, etc. It is purposed to learn whether they receive the full liberty and rights to which they are legally entitled. But Mr. Powderly said, in speaking of the conference and its objects, that the question of social equality is not one of the objects of the bureau. Its object is to stimulate the colored people to work for their own elevation. The delegates he met were bright, intelligent men who seemed well fitted to aid in improving the condition of their race.

It was decided to elect a chairman and secretary, and to have assistants in each of the Southern States. Immediately after the general assembly was called to order at 9 o'clock this morning the work of balloting for members of the executive board began. There are six members of the board to be elected. The general master workman, general secretary and general treasurer are ex officio members of the executive board.

The entire morning session was consumed in balloting for members of the general executive board. The vote stood as follows: Thomas B. Barry, 304: John W. Havs. 284. Barry was elected on the first ballot. Second ballot, John W. Hayes, 335, A. A. Carlton, 124; Hayes elected; Third ballot, W. H. Bailey, 307, A. A. Carlton, 176; Bailey elected. A recess was taken at 12 o'clock until 2, when balloting for the remaining three members began. Barry, Hayes and Bailey are at present members of the executive board. The term for which Hayes and Bailey are elected will be their third consecutive term. The general master workman is ex-officio chairman of the general executive board. The general worthy foreman is not a member. He occupies a place somewhat similar to the Vice-President of the United States and succeeds to the office of general master workman in case a vacancy is caused by death or resignation. Under the constitution as revised neither the general secretary nor general tressurer is a member of the board. In the co-operative board, consisting of six members, two are elected each year. The election of members in the place of those retiring will be held this afternoon, if the election of members of the executive board is concluded in time.

A TERRIBLE TALE AN AWFUL CALAMITY WHICH HAS BEFALLEN A TOWN.

A LONG DEATH ROLL-LOUISIANA SUFFERS AS WELL AS TEXAS.

GALVESTON, TEXAS, Oct. 14.

Chief operator West, of the Western Union Telegraph office this city, last night received the following from the operator at Orange, Texas: The town f Sabine Pass was totally destroyed by the overflowing of the Sabine river last night. It is known that sixty-five lives were lost. Last night, during the overflow, a hotel containing 15 or 20 persons was swept out into the bay and all the occupants were drowned. The captain of a schoonr from there today says that not a house left in the whole country and that every living thing there was drowned. A party of men came from Beaumon this evening on a train with the intention of joining the people of Orange and

going down to Sabine Pass with a relief boat. The wires have been down all day on

ooth sides of Orange. Sabine Pass is twelve miles below)range on the Sabine river, in the extreme south-eastern part of Texas. NEW YORE, Oct. 14 .- 10.30 .- The Vestern Union officials report that the storm which prevailed in Texas and Louisiana yesterday and the day before is now travelling in a northwesterly direction and is cutting off telegraphic communication as it progresses. New Orleans reports that it has no wires west. and that the whole coast of the territory from New Orleans to Galveston is out

off. As the storm is still raging in the asylum, and any information that would southwest it will be some considerable throw light upon the probable causes time before any details of the disaster at and best treatment would be gladly re-Sabine Pass can be obtained.

FEAUMONT, Texas, Oct. 14 .- Qur town is in a state of intense excitement tonight at the news just received from Sabine Pass. It is news of terrible loss of life and destruction of property in that place, from high water. We have no telegraphic communication with Sabine Pass, as the wires are all down, but an engine arrived here toght over the East Texas railroad, that left there about 6 o'clock. Two citizens who rowed in a small boat across an within the hoof-horn. The inflammaexpanse of tossing waters, a distance of several miles from Sabine to the railroad track, came in on the engine and gave a heartrending account of the affair. They say the waters began to envade the town from the gulf and lake together about 2 o'clock Tuesday afternoon, and rose with unprecedented rapidity. The citizens of the doomed place did not realize the imminent danger until it was too late to escape. When safety by flight was recognized as being out of the question, the people horn; none have died. who were situated so they could do so betook themselves to houses and other resorts which they judged to be safer. The water kept rising and between 3 and 4 o'clock the smaller houses began to yield to the resistless force of the waves, which not only moved them from their foundations but turned them over on their sides and tops, and a little later the large houses began to give way and death by drowing seemed in store for every person in the place. By the yielding of the smaller houses several persons who had remained in them were drowned and when residences and business places began to crumble the fatality began to double. The following complete list of the drowned was obtained from the two gentlemen whe camo in on the engine: Miss Mahala Chambers. Jim Vondy and family of six, the wife of Otto Brown and two children, Homer King, wife and child, Mrs. Strunger and son, Mrs. Pomeroy and family of five. Mrs. Stewart, daughter and son, a man named Wilson, Mrs. Arther Mo-Reynolds, Mrs. McDonald, daughter and grandson, Frank Mulligan and family, Columbus Martin and family. names and description as follows: About twenty-five colored persons "Pat. Brewer, the principal; about whose names could not be learned, were 32 years of age; six feet in height; dark drowned. The above list comprises ginger-cake color; high forehead; slin over fifty human victims of the storm, legs, somewhat bowed; wore side whisamong them some of the leading famikers and small moustache, and would lies of the place. THE DELEGATES FROM THIS STATE. Special Cor. of the News and Observer. CHICAGO, Oct. 12, 1886.

Of our North Carolina delegation. Rev Dr Smith is on the committee of the state of the church, and Rev. Dr. Buell on the committee on elections Col. W. H. S. Burgwyn, of Henderson, has been announced on the standing committee on canons of ordination, taking the place of Senator Edmunds, of Vermont, who is not here. The only other layman on the committee is Judge Sheffey, of Virginia, and its chairman is Dr. Dix, of Trinity church, New York, the president of the house of delegates. This is one of the most important committees of the house. All of our delegation except Mr. Richard H. Battle are here and constant in their attendance at the proceedings. The matters of Prayer Book revisal; the establishment of a court of appeals: Christian unity; the relation of the church to the colored people of the South;

marriage and divorce are all now in the hands of committees and the convention has settled down to hard work. For the past two days, however, it has been in session with the house of bishops as a board of missions. The board will again meet Friday.
