Mr. Nichols' Negrophilia.

HOW HE WHIPPED THE DEVIL AROUND THE STUMP.

Durham Recorder. Some time ago we made a statement that Col. Nichols, the self-nominated candidate for Congress, while postmaster of the city of Raleigh, turned off white clerks and put a negro in their places.

Col. Nichols wrote us a letter stating that it was not true. While in Raleigh yesterday Mr. Chas. C. McDonald, son of Col. John A. McDonald, a leading Knight of Labor in that city, said that he was a clerk in the postoffice at the time mentioned; that Col. Nichols informed him he could not employ him any longer but he could remain a month until he could get a place.

Mr. McDonald then tendered his resignation and Col. Nichols immediately appointed the negro. Now what do you call this? Mr. McDonald is a gentleman of the highest character and integrity.

He is a young man, working on a salary with Messrs. Alfred Williams & Co., at Raleigh. We give this to show that the old "boy" was chased and chastised all around the stump yet Col. Nichols claims to be the friend of the workmen.

Let the white men of this district read and reflect. Let the white men of Chatham read how an honored son of that county was treated.

WINSTON, Oct. 14. A. C. Snipes who killed Jesse Smith Monday night, has had his hearing and been discharged on the ground that the killing was in self defence.

Our tobacco market is making preparation for next year's work, and our warehouses and leaf dealers look for a good business.

Winston sold its share of tobacco last year, and so far as I know the year's transactions in all departments of the trade were satisfactory.

Winston is going to have a big hotel. It is to be located in a central part of town and will be one of the handsomest and best arranged hotels in the State.

DURHAM, N. C., Oct. 13.—The town talk this week has been the Chapel Hill tragedy and the county canvass.

The fall goods of our enterprising merchants are attractive, and the trade is looking brighter.

More building is going on in the town than for some time.

The Darham land and security company is extending its purchases of real estate, and we hope and believe will do much for the town.

Sound About Town.

CASUAL ITEMS FROM A REPORTER'S NOTE-BOOK.

The past week has certainly been a busy one. The cotton receipts were heavy every day. Over twelve counties are selling cotton here, and the farmers all realize the fact that Raleigh prices are higher than those of any inland market in the State.

This week will be made notable by the beginning of work on the street railway, and by next Sunday a good deal will have been done, no doubt.

The tobacco sales this week will be large and the season will open regularly. The warehousemen have advice of much tobacco which will be here, and Raleigh will handle the leaf from over a dozen counties.

Next Tuesday will be a field day at Durham Vance, Graham and Fowle will speak.

RACKET STORE.

THE GREAT BARGAIN STORE OF RALEIGH.

I have just returned from New York, where I have purchased the largest and cheapest stock of goods ever brought to the Racket.

Just as we have said all the time, goods cheap enough will sell themselves. This and this alone accounts for the tremendous trade at the Racket.

Our goods are cheap and it is time that our sledge-hammer bargains may be hard hitters for those who buy and sell o time, but they are real blessings to those who can pay cash for their goods.

Gathered up from the slaughter-pens of credit and laid at your doors with but one profit, you get a dollar in real value in every dollar's worth you buy, measure for measure, dollar for dollar, at the Racket Store.

The erect system is a system of sleepless nights of deferred hope, of blasted expectations, of bad debts, of disputed ledger accounts; a system which makes an honest man, who pays and intends to pay, support and pay for those who never pay.

The merchant who sells goods on time never knows how much he ought to charge to bring him a reasonable profit on his goods, for the reason he never knows what his losses will be.

The Racket is cutting to the right hand and to the left, knowing no law but the greatest value for the least money.

This week we will offer some good bargains in umbrellas, just from the manufactory, good bargains in gold and silver watches, some big bargains in clothing, hats, shoes, boots; also in ladies' and misses' and children's shoes, and all kinds of notions.

Most respectfully submitted to the cash trade only. We will open this week our second supply of clothing; 50 Cashmere suits, a great slaughter at \$13, worth \$20; 5,000 yards Hamilton Calico, at 8 cents per yard; worth 7 cents. Some great bargains in gentlemen's underwear and jeans. We are also receiving this week our second supply of Millinery Goods, from Hill Bros., New York; the most fashionable goods in this market. The ladies are particularly invited to call and examine my stock before purchasing, as I will save them money in the goods.
