### PERILOUS!

The way our most important officials live, the time, strength and energy they de-vote to their duties, the little attention they give to the needs of body and brains is a constant peril to their lives and their mental condition. It is time to call a

#### HALT

It is bad enough to accept the ordinary chances of ill health and disease, from action of the climate, food or accident. But to subject men, who have been selected from among their fellows for special ability to conduct and control the affairs of Government, to additional dangers from over-work, to over-drafts on their time, their ability, their strength, their very life, is indeed a great wrong.

at the record of a year and see the ability lost to the nation from over-taxing body and brain of men in high places. The record is appalling. And we tear the rendered danger threatens still others.

Do you suffer from dyspepsia? Are you tortured with indigestion? Then curich and strengthen your blood, tone and regulate your stomach by using Brown's Inon Bitters, Procure a bottle and be relieved before it is too

# LATE

Before your liver becomes sluggish and inactive, and refuses to do its work; before weakness has attacked your kidneys, before your nerves are prostrated, and you suffer from general debility. It is wiser to prevent now than to wait to cure. But if you have waited until you are suffering from these troubles you can still find a sure and speedy

in BROWN'S IRON BITTERS. We call your attention to these troubles. They may seem to you too trivial to be called perilous. But neglect of them has caused paralysis and apoplexy in some of your associates, and it may result the same in your case. Brown's IRON BITTERS stands alone at the head of all new discoveries in its special action upon impurities of the blood. Composed of the best vegetable alteratives and tonics skilfully blended with

# IRON

without the use of whiskey or deleterious and dangerous acids, it not only purifies and cleanses, but enriches and strength-ens the blood. It acts directly upon the stomach, liver and kidneys through the blood. Remember one special feature of BROWN's IRON BITTERS is that it will neither injure or discolor the teeth, this is true of no other iron preparation. It is the great Anti-Malaria. A sure cure for chills and fever, Spring fever and all malarial fevers. It leaves no unpleasant after effects. Quinine frequently leaves the patient suffering with congestion and neuralgia, sometimes with deafness, Don't use it any more. But use BROWN's IRON BITTERS,
