Reading for the Children.

CIRCULAR LETTER ON THE SUBJECT FROM PROF. B P MOSES, SUPERINTENT CITY GRADED SCHOOLS.

A recent writer in the Forum declares that no one, unless he be a teacher of youth, should prescibe, unasked, another's reading. Because I am the teacher of your children and have made a study of children's literature for a number of years, will you allow me to make a few suggestions on the subject? Many men who are actively engaged in business have not time to carefully investigate this matter. For this resson, I trust I may be permitted to call your attention to it, without even the sppeararee of a desire on my part to alude in the remotest manner, to any affair of yours or of your children which does not bear directly upon their intellectual life.

All children should have access to books that are healthy in tone and suited to their capacity. If such books are supplied, you need have little fear of the pernicious literature with which the country is now flooded. * * * *

No child ought to be allowed to choose its own books The old rule that one should select his books as he selects his friends, only after an introduction by some responsible party, is a good rule for children to follow, at least until the habit of reading good books becomes irmly fixed.

Some people, anxious that their children should early learn to love the books of the greatest authors, place Macaulay and Gibbon and Thackeray and Shakespeare into the hands of young children who cannot appreciate such literature. As a result, children be-come disheartened in the attempt to read what they cannot understand, and harm, rather than good, is the result The main object in selecting books should be to get such books as children will read and enjoy and learn to love. It should be the constant aim of parents and teachers to see that children soquire, early in life, the reading habit which, if once fixed, will never be eradicated.

On the other hand, some parents seem to have an idea that pupils ought not to read books while they are atwhole time to their school work, and not attempt to read books until after school days are over. I think that this is a dangerous doctrine, for in all probshility if children do not acquire a love of reading early in life, they will never learn to love books. When people are grown, it is too late to look for the formation of a habit which might easily have been formed in childhood. The reading of books need not and ought not to interfere with the child's regular work at heme in the preparation of lessons for school. There is time for both and smple time, besides, for recreation. If only one-half an hour a day be devoted to the reading of books, a revolution would occur in the lives of many

Again there are some who think that they ought not to spend money for other books for their children than the regular school text-books. Although the latter are indipensable, I do not hesitate to say that you need never expect your children to become educated men and women by the use of school text-books alone. I do not believe that any teacher will gainsay this A course of reading, wisely selected, should be followed as sup plementary to the regular lessons of the school. * * * *

For the views which I have expressed on this subject I alone sm responsible. Believing with Dr. G. Stapley Hall. that "the school has no right to teach reading without doing more than it now does to direct the taste and confirm the habit of reading what is good," in the absence of a public library in this city, I have felt it my duty to make showed that the vote really was, year this aj peal to you in behalf of your | 121, nays 129. The error had occurred children. A sincere desire to be of some service to them in this direction is the only spirit which has dictated the unusal course which I have pursued. and that spirit is the only spology which I have to offer for this letter.

> Respectfully, ELWARD P. MOSIS.

I be Missing Girl.

Many suggestions doubtless are being m : de as to the wheresbouts of the missing girl. I have a theory very different from that entertained by these in search of her. I do not think she went to. 132 to 25. two miles from the city of Raleigh. Let the parties on the look-out commence at the woods beyond Col. Hinsdale's and searho every hidden place near the road for two miles, and I venture say the body will be found.

CONGRESS.

YESTERDAYS PROCEEDINGS IN BOTH BRANCHES OF THE NATIONAL CONGRESS.

THE PENSION APPROPRIATION BILL CON-SIDERED-GTHER MATTERS CON-

SIDERED

WASHINGTON.D. C., Dec. 21-SENATE. Mr. Morrill, from the finance committee, reported back favorably the bill to fix the charge for passports at \$1, and it was immediately passed.

Mr. Allison, from the committee on appropriations, reported back the House bill making appropriations to supply the deficiencies for the public printing, with

Mr. Morgan offered a resolution call-1885. Adopted.

The concurrent resolution for the holiday recess from tomorrow to January 4th, was presented and agreed to.

Mr. Cullom called up the conference report on the inter-state commerce bill. He said that he did so for the purpose of giving the Senator from Iowa (Mr. Wilser) an opportunity of making some remarks upon the bill, after which (in accordance with the suggestion of many Senators on both sides as to the imprac ticability of the action on it before the holidays) he would let the bill go over until after the holidays. He announced however that when the Senate resumed its session he would sgain call up the conference report and insist upon its consideration from day to day till disposed of.

Mr. Wilson, of Iowa, thereupon proceeded to address the Senate in favor of adopting the report. At the conclusion of Mr. Wilson's remarks Mr. Camden ir quired from Mr. Cullom as to his intentions in regard to the management of the bill. He said that he regarded it as a wise and conservative measure; that the country demanded the passage of some such bill, and that it was the duty of Congress to act upon it. A large portion of the time of the session after the holidays would be taken up by the appropriation bill, and unless this bill was acted upon promptly and in the early part of the session it was liable net to be acted upon at all, and would

fail for want of time Mr. Cullom replied that his own preference would be to proceed with the consideration of the bill after the holidays. He sppreciated the fact that the bill might be easily allowed to fail for want of time, but so far as he was concerned it should not, for he had the power to prevent it. He would ask he Senate to resume its consideration immediately upon reassembling after the recess. The bill then went over, and the bill to establish agricultural experiment stations in connection with the agricultural colleges was taken up as unfinished business, and it was arranged that it should retain its place on the laws. calendar. The Senate then went into executive session and afterwards ad-

After the reading of the journal the speaker called the attention of the House to the vote on the question of adjournment yesterday evening, as the result was handed to the chair. The vote stood, yeas 124, pays 121, and thereupon the speaker had declared the House adjourned. An examination by reason of the great confusion existing in the hall during the roll-call.

Mr. Reed, of Maine.-Then we are again in session. Mr. Townshend, of Illinois, contended that as the House had refused to adjourn, the legislative day of Monday

must now be continued. The Speaker .- The chair thinks the House did adjourn. (Laughter.) Mr. Morrison, from the committee on

ways and means, reported back a concurrent resolution for a holiday recess from December 22d to January 4th. Agreed

On motion of Mr. Buchanan the Senate smendment to the bill for the relief of the survivors of the Arctic exploring steamer, "Jeanette," was concurred in Mr. Dingley presented the remonstrances of the boards of trade of Pensacola, Fla., and Portland, Oregen against the free ship bill; also, the memorial of the vessel owners' and captains' national association for the passage of the bill to place coastwise sailing vessels on the same basis as to pilotage as constwise steam vessels. Referred. Mr. Wellborn, from the committee on Indian affairs, reported the Indian appropriation bill and it was referred to

a committee of the whole. Mr. Wheeler, from the committee on military affairs, reported the military academy appropriation bill, and it was referred to the committee of the whole. The House went into committee of has been harder and more general ap-

the whole on the army appropriation bill. There was no general debate and "Great (se ar! I hope you didn't do the bill was immediately read by para-Un motion of Mr. Bragg, of Wiscon-

sin, an amendment was adopted providing that when any officer traveling on don't you know." 'You're saved my duty travels on any railroad on which by. Pop as soon as you wish." the United States are entitled to be transported free of charge, he shall be day the 5th of January, recitations goallowed only four cents per mile as a ing on according to the present schedsubsistence fund.

The committee soon rose and reported the bill to the House. Other amend- ORSHEVER. ments had been adopted in committee,

but the above is the only one in which the House concurred. The bill then

passed. Mr. Townshend, of Illinois, from the committee on appropriations reported the invalid pension appropriation bill, it was referred to committee of the whole. It appropriates \$76,254,500, the exect amount of the estimate being \$179,300 more than the appropriation for the current year.

Mr. Morrison, from the committee on Ways and Means, reported a resolution for the distribution of the President's message, and it was referred to committee of the whole. Adjourned.

Washiggton News. WASSINGTON, D. C. Dec., 21 .- The Senate adopted the resolution to adjourn from tomorrow to January 4th.

Acting Secretary Fairchild has a cepted the offer of the Nashville, Chattancoga & St. Louis railroad company middle district of Tennessee, founded ing on the President for the correspon- on certain matured and unpaid interest to the United States by the state of Tennessee as accurity for certain Indian trust funds held by the United States and leaned to that state.

The unpaid coupons were those dated from January 1st, 1861 to January 1st,

In 1880 the suit was brought to recover the amount of these coupons, as well as the interest which exceeds the face value of the coupons. The defendant interposed a plea of

the statute of limitations and the court sustained the rles. This doc sion was, however, reversed by the United States supreme court on a

writ of error, and the case was remanded to the court below, where it is now pending. The offer to compromise contemplates the payment of the total sum in six monthly installments of \$25,600 each. Its scoeptance was recommended by the United States attorney and by Judge McCue, solicitor of the treasury.

An Assignment in Minnesota. MINNEAPOLIS, Minn, Dec. 21.-The & Co. suspended payment this morning. The liabilities are not yet known. The cause of the failure is said to be the necessity of Hush's carrying the paper of Jackson & Collins, owners of the Puritan Iron mine, on which he was endorsed to the extent of \$300,000 or \$400,000 The bank itself is said to be solvent. Hush himself is worth at least \$150,000. It is believed he will be able to pay in

Presidential Pardons.

WASHINGTON, D. C., Dec. 21 .- The President has pardoned T. Z Simmons, of Georgia, who was convicted of viclation of the internal revenue laws, and sentenced to three months in jail and to pay a fine of \$200 and costs. His term of imprisonment has nearly expired. The President has also pardoned John Spencer, who was sentenced to five months' imprisonment in Georgia and to pay a fine of \$100 and costs for violation of the internal revenue

MITCHELL SOCIETY. Special Cor. of the News and Observer. The last meeting of the Mitchell So-

ciety was full of interest. Dr. Wm. B. Phillips discussed the external characteristics of lodes and views of mineral deposits. He showed the modes adopted by old-time miners for finding such deposits. He told of the violet growing over sine deposits in Belgium, of the "lead cabbage" found in Iowa, &2., and of the luminous appearances, due to electricity, above the copper veins of Cornwall, &c. Very few sejourners in Europe have used their eyes more intelligently than Dr.

Prof. Graves followed a paper read some time time ago by him on astronomy, as understood by Ptolemy and other ancient worthies, by another on mathematics in classical days. He showed the methods of of the mathematicians of Greece and Rome for sacertaining the length of the solar year and solving other like problems.

Prof. Gore followed with a paper on rolar colipses. "Astronomers," he said, "are seeking by their observations on eclipses to ascertain the physical constition of the sun, the nature of sun-spots, &c. As the sun is the source of life on earth, it is clear that a more thorough | take breakfast at home, come to Raleigh be of vast value to the inhabitants of the to supper the same day The young

earth." Dr. Venable read a paper on the Isolation of Fluorize He told us of the many unsuccessful attempts to procure fluorine, ending with the late successful effort of Moisson, a French chemist, who operated with powerful electric currents.

These papers were all couched in language intelligible to the non-profes- and the business men of the city will sional and were thoroughly enjoyed by probably not be slow to appreciate the the very intelligent audience. I heard a senior say today that there

plication on the part of the students this term than he has ever seen before. At the request of President Battle, reduced rates have been granted by the railroad companies to studen's going home for the Christmas holidays, and by Thursday next the village will be com-

paratively deserted. The next term will begin on Wednes-A merry Christmes to the Naws AND

He did not say what cause he had for such enmity, and west off after he had informed Mr. Peet that he was going to Jersey City, a station on the Pentsylvenia railroad to meet the man and kill him.

The Work of the Flames. GALVESTON, Dec. 21 -A disastrous fire broke out at 3 o'clock this morning in a residence in a portion of the city on avenue K, between Twenty-first and Twenty-second streets. This section of the household furniture was saved about \$50,000.

A Simultaneous Fire.

ST. LOUIS, Dec. 21-A special from Little Rock, Ark., says: News has been received here from Vituri, an inland town of Faulkner county, this state, to the effect that about 3 o'clock Sunday morning every business house in town was simultaneously set on fire and burned to the ground; including barns, cribs and out-houses of Mesars. George and Thomas Harris, residing about a half mile from Vituri. Nothing at all was saved, and the Harris Bros. lost great quantities of corn, fodder, cottonseed, hay etc. They were considered the wealthiest farmers in the county. Total loss about \$150,000. No one has yet been arrested, but suspicion points to one or two suspicious characters.

A Case of Lynching, Tocooa, Ga., Dec. 21 .- The reported burning of Frank Sanders, the murderer of five members of the Swillin family, proved to be incorrect. As he was returned to jail yesterday, however, a party of 125 men surrounded

the jail at an early hour, battered down the door and took Sanders to a convenient tree where they swung bim up. It has deloped that Mrs. Rachael Baty, who lived in the neighborhood, was an accomplice in the crime, and that it was the design of herself and Sanders to get married with the money thus gained. The woman has been put in jail and there are fears of another lynching.

The Pittsbore Bailread The first through Monday night. A large crowd was out to meet it, the whole village, old and young, big and little, greeting it with three sheers and every other demonstration of welcome. The ladies decorated the coach with a wealth of evergreens. That coach now runs and will continue henceforth to run through without change from Raleigh to Pittsboro. The first through train from Pittsboro to Raleigh came in yesterday morning, with President London, of the Pittsboro road, aboard and a goodly number of other passer gers. Travel ever the road is good a'ready. This schedule will be of the greatest advantage to the merchants of Raleigh as can be reen at a glance. The Pitteboro people can knowledge of that wonderful orb will for a day's shopping and get back home folks of Pittsboro had a danco Monday evening in honor of the first train. The dignified General Superintendent Smith was present and could not resist the temptation to join in the pleasing exercises, shaking a foot with the youngest and best of the dancers. The through train is one of the best things for Raleigh that has occurred in a long time,

Mothers, do not let your darlings suffer with the whooping cough while you have a remedy so near at hand. Use Dr. Buil's Cough Syrup, and the little sufferer will soon find reThe Bingham-Turlington Affair,

THE PERLING IN DURHAM.

Great excitement has been created

DURHAM, Dec. 21.

here by the Bingham-Turlington affair. Some of our citizens went on the search for Miss Turlington yesterday and returned last night. They report in substance what appeared in the Naws and OBSERVER this morning. It is certain that Bingham passed through Morrisville with the young lady in his buggy and that about a mile this side of Morrisville, where hands were working the Naw York. Dec. 21.-Late last road, he was traveling alone. The is said he seemed excited. Today the

Tre Bingham-Turlington Affair. Nothing has been learned up to this time of the whereabouts of the probably murdered young lady, Miss Turlington. The strictest search and inquiries have been made along the road taken by Bingham when he left the city. and the facts so far learned clearly indicate that he parted with Miss Turlington within one and a half miles northwest of Morrisville. They were seen together in the buggy going through that town about 12 o'clock in the day, and about 2 o'clock Bingham was seen driving alone along the road to Durham one and a half miles from Morrisville, by a party of men who were the city is composed almost exclusively repairing a small bridge over of wooden buildings. The fire spread a ditch running across the road. with great rapidity, owing to the water | This makes it appear that two hours had in the cisterns in the vicinity becoming been sorsumed in driving one and a exhausted, and before the flames were half miles. Between these two points a controlled they had swept over the party of fourteen men with Mr. Jno. G. greater portion of two squares, from av- B Grimes, steward of the institution and enue L to Broadway, bounded by Chief Police Heartt, of this city, have Twenty-first and Twenty-second streets for the past thirty-six hours been Twenty-eight dwelling houses and two making a thorough search for a distance grocery stores were burned. Much of of one mile from the road on each side Various buggy tracks and tracks of inprivate banking house of V. G. Hush The total less is estimated at from \$80,- dividuals have been discovered in out-000 to \$100,000. The insurance is of-way places, but nothing was distinct for a long enough distance to be of aid in a discovery of any kind. Last night a special messenger of the Naws and Ou-SERVER came in from the vicinity in which the search is being prosecuted, and reported that preparations were being made to draw the water from a well behind an uninhabited house near

the road. Mr. Grimes gave it as his opinion that the dead body Miss Turlington would be found therein, and it is really a place well fitted for such a deed of violence as is supposed to have taken place. The following is a brief description of the locality:

Between the town and the bridge there are, leading from the main road three by-ways over which vehicles are

accustomed to pass, all of which if followed for the distance of a mile lead to secluded and gloomy spots. Two of them lead from the left and one from the right of the road. Near the points which two of these paths lead there are inhabited residences. There is an uninhabited houses near where the other path leads from the road, not farther off than one hundred yards. Behind this house, and probably twenty yards distant from it, is a well about seventy feet deep in which there is usually from sixteen to twenty feet of water. The well is a very old one and was never used for drinking purposes. This was the object for which it was dug, but a free flow of water was never secured and it was afterwards used as a cistern for holding water for stock, etc., when the dwelling was inhabited. This locality is familiarly known in the vicinity as the Taylor Place." Having been uninhabited for years, there is a thick growth of shrubbery and weeds in the grove around the house which gives the place an isolated appearance. This spot is about one half a mile from the nearest habitation and is not in view of any, and at the latest reports the searching party were exploring the old well. Chief police heart sent a message to Mayor Dodd yesterday, saying that if no discovery should be made during last night, that more help would be so ceptable today. Two brothers of Miss Turlington arrived in the city yesterday and dined at the institution, after which one of them went to the hardware store of Messrs. T. H Briggs & Co. and purchased ropes and hooks for the purpose of dragging streams, sounding wells, &c., and left for the scene of the search. The Star says: "One of Miss Turlington's brothers left Wilmington for Charlotte to endeavor to overtake the supposed murderer, and will probably go on to New York in search of him. A gentleman who lives near Durham

was in this city yesterday, and said that last Friday evening he was in Darham when Bingham reached that place and saw him go into a hardware store, buy eartridges and load a pistol. This circumstance was not noticed at the time, but since

he would sit all day and look into the fire and could not be aroused to take any interest in anything. She would try to get him interested in reading, but failed in every effort. Last Thursday he roused up and told her that he was going to Durham. She thought he was going there to make arrangements for the sale of some tobacco and was glad

to see him taking an interest in some

she states that he had been suffering for some time past with a malignant case of catarrh which had gone so far as to disfigure his nose. He told her about a week ago he felt like the catarrh had eaten a hole up into his brain, and

he would go crasy or it would kill him. There is scarcely any doubt as to the insanity of Bingham at present and the sympathy of the people of the State generally be felt for the famtly of the young man.

It was stated yesterday that a detective left the train bound for Raleigh at Brassfield yesterday. This point is simply a railroad siding eight miles from Dorbem. Another detective is pursuing Bingham, who is thought to have started for Council Bluffs, Ia., to find Mr. E. M. Goodwin. whom he supposes to have been his rival, with the intention of killing him. Mr. Goodwin has been notified by telegraph to keep a lockout for him, and have him arrested is case he should go there.

GREATLY EXCITED.

Not a few of the citizens of Raleigh have re cently become greatly excited over the astounding facts, that several of their friends who had been prenounced by their physicians as incurable and beyond all hope—suffering with that dreaded monster Consumption-have been completely cured by Dr. King's New Discovery for Consumption, the only remedy that positively cure all throat and lung diseases, Coughs, Colds, Asthma and Bron-ehitis. Trial bottle free at Lee, Johnson & Co's Drug Store, large bottles \$1.

The Campbell Case Dismissed,

LONDON, Dec. 21 .- Judge Butt this morning formally dismissed the petitions for divorce presented by Lady Colin and Lord Campbell in view of the verdict rendered by the jury yesterday, finding neither of the parties guilty of adultery. The judge granted Lady Colin £150 costs in her suit against her husband and the full costs of her defence against ber husband's suit. He also granted full costs to the Duke of Marlborough, Chief Shaw and Dr. Bird, corespondents in Lord Colin's suit against his wife. Gen. Butler, snother corespondent, did not apply for costs.
