A Suggestion. Cor. of the News and Observer. CARY, N. O., Jan. 7, 1887. To the Honorable The General Assembly TWO MISÈRS FOUND DEAD FROM of N. C :

Dear Sirs - I as a citizen and voter of Wake county, do hereby appeal to your honorable body. As you have the power to make and change law , I wish to suggest that, according to the best information I can get, if a math a wife becomes insane, he cannot sell his iand and make a lawful title be-

cause she is not a fit subject to sign the PHILADELPHIA, Jan. 7. - This afteraced. I will suppose a case: say A noon a policeman forced in the entrance sells to B 1 000 acres of land in the to the rear of a frame dwelling No. year 1880. B is to pay A \$10,000 for 1025 Locust street, and discovered the the land. A gives B five years to pay dead bodies of two old misers, Joseph for said land. B pays \$2 000 the first year, \$2,000 the second year, and so on until the last payment has been made. A gives to B a bond of twenty thousand dollars to make him a good and lawful title when the last payment is made. Now, from the best information that I can get, if A or his while wife should either be so unfortunate as to become insane before the last payment is made, neither he nor she can make a lawful title to B. It makes no

difference how much either should desire to do so. I do think your honorable body should change the law so that in case of insanity, either the husband or the wife could have all power to make the title good, as if there were no insanity. Now, to be plain, I am a man in the above situation and no doubt there are many others. I desire to make a lawful deed without having to go through a process of law. I am in hopes you will give this a thorough consideration and hope it may meet

your approval. Respectfully, JAS. R. YOUNG.

Legislative Notes.

Yesterday Mr. Pinnix, of Yadkin, was recorded in the columns of this paper as having seconded the nomination of Mr. Killis for reading clerk. The statement was erroneous, Mr. Pinnix seconded the nomination of Mr. Burkhead and was heartily in favor of his election.

It appears that Loftin Terrell, who was cleeted state Senator by the republicans of Wake county, and who for a long time after his election could not decide whether he would take a seat in the Sonate or House, has finally concluded to deliberate in the Senate.

Both houses plunged into business proper with a will yestarday. Numerous bills and resolutions were introduced.

Dr. Tyre York, the defeated candidate for Governor in 1884, is a leading light on the republico-independent side of the House. He has a confident, sardonic smile and stays on his feet most of the time.

The boss representative of Wake county wears an iron ring on the forefinger of the right hand to keep off witches.
