

BEST FAMILY MEDICINE.

No Household should be without it, and, by being kept ready for immediate use, will save many an hour of suffering and many a dollar in time and doctors', bills.

K"My Only Family Medicine." Thave been a user of Simmons Liver Regula tor for many years, having made it my own Family Medicine. It is a pure, good and reliable medicine. My mother before me was very partial to it. I find the Regulator very safe, harmless and reliable as a family medicine, and have used it for any disorder of the system and found it to act like a charm. I believed if it was used in time it would prove a great preventive of sickness. I have of-ten recommended it to my friends and shall con-tinue to do so."—Rev. J. M. ROLLINS, Pastor M. E. Church, South, Fairfield, Va. To J. H. Zeilin & Co., Philadelphia, proprietors Simmons Liver Regulator

Or Black Leprosy, is a disease which is considered incurable, but it has yielded to the curative proper ties of Swift's Specific—now known all over the world as S. S. Mrs. Bailey, of West Somerville. Mass., near Boston, vas attacked several years ago with this hideous black eruption, and was treated by the best-medical talent, who could only say that the disease was a species of -LEPROSY-

and consequently incurable. It is impossible to de-scribe her sufferings. Her body from the crown of her head to the soles of her feet was a mass of decay, masses of flesh rotting off and leaving great cavities. Her fingers festered and three or four nails dropped off at one time. Her limbs contracted by the fearful ulceration, and for several years she did not leave ision, and for several years she did not leave alceramon, and for several years she did not leave her bed. Her weight was reduced from for 60 lbs. Perhaps some faint idea of her condition can be gleaned from the fact that three pounds of Cosmo-line or eintment were used per week in dressing has sores. Finally the physicians acknowledged their defeat by this Black Wolf, and commended the suf-

defeat by this Black Wolf, and commended the sufserer to her all-wise Creator.

Her husband hearing wonderful reports of the use
of Swiff's Spracipic (S. S. S.), prevailed on her to
try it as a last resort. She began its use under protest, but soon found that her system was being relieved of the poison, as the sores assumed a red and
healthy color, as though the blood was becoming
pure and active. Mrs. Balley continued the S. S. S.
until last February; every sore was healed; she distered chair and crutches, and was for the first time
in twelve years a well woman. Her husband, Mr
C. A. Balley, is in business at 17% Blackstone Street
Buston, and will take pieasure in giving the details
of this wonderful cure. Send to us for Treatise or

NEWS AND OBSERVER

TUESDAY, AUGUST 2, 1887.

Cupid Goes A-Fishing. A youth and a maid went a-fishing one day-One sunshiny morning in May; She with a sketch book, he with a fly, And little they guessed that Cupid so sly— That Cupid himself was fishing hard by—

Was fishing just over the way. Cupid's bow was unstrung on that morning in May. And made with the bowstring a fish-pole that day; And over the way, had he happened to

Sat he of the fishing-rod, she of the book. Little thinking that Cupid was fishing the brook,

The very same brooklet as they.

And so it fell out as they angled away, A big shiny carp came a-swimming that And as in a moment they each made a Cupid's line caught the line of the youth And tangled him up with the maiden so

In a tangle so witchingly woven they say, It has not been untied since that morning -Life.

NORTH CAROLINA NEWS.

HAPPENINGS AS TOLD BY THE STATE-PRESS

Montgomery Vidette: On Tuesday of last week, during the thunder storm of that day, Mrs. W. Gillis, while standing at the window of her residence, near Deaton's Mills, in Richmond county, was struck by lightning and instantly killed.

Greensboro Workman: Governor Scales accompanied Judge Schenck to the Guilford Battle Ground today. The Judge is working vigorously and commendably in the effort to restore the grounds to their primitive state, and we feel assured of his success.

Rockingham Spirit of the South: Robert L. Steele, Esq., president of the Roberdel Mills, left Thursday for Denver, Colorado, where he will be joined by his brother, Thomas W. Steele, Esq., of Little Rock, Ark., and perhaps other relatives and friends, for the purpose of engaging in a hunting expedition of several weeks duration in the western wild, where there is no lack of game. Wilmington Star: The officers and

members of the Salvation Army were notified by the chief of police that their street parades must be discontinued, and in consequence they did not appear on the streets last night. A white male infant was found on the piazza of Mr. Fred Rhew's residence on Fifth street, between Castle and Queen, last Friday night. A well filled basket of infant's clothing accompanied the babe, which was was taken in and kindly cared for by members of Mr. Rhew's family.

Wilmington Messenger: The Seaside Baseball Club will be invited to attend the Grand Encampment and Farmers' Institute to be held at Mt. Holly from August 8th to 13th, inclusive. The boys no doubt will at-tend, as we learn the courtesies of the Carolina Central railroad will be extended to them ..., Maj. W. P. Price has resigned his position in the express office of this city. Mr. J. F. Dorroh has been transferred here from the Charlotte office to fill the vacancy. Maj Price, we learn, goes to the Bank of New Hanover to fill the place made vacant by the resignation of Mr. Empie.

Asheville Citizen : Mr. Jas. Henderson, one of the oldest and most respected citizens of Sandy Mush township, Madison county, was found dead in the public road a few miles from Marshall on Friday evening. It is supposed he fell dead from his mule ... Mr. R. V. Blackstock says that the farmers in his, Flat Creek, township have threshed out their wheat, and the crop is so large that they actually have not house room for it, many having their barns, cribs, and even dwelling houses full. And with all, another serious trouble stares the farmers in the face, and that is, what to do with the enormous corn crop which they are promised, some fearing they will just have to let it stand in the field, unless they can erect harbors or sheds for it.

Goldsboro Argus: The passenger train of the A. & N. C. R. R. ran over a cow near Dover on its down trip Thursday night which ditched the engine and derailed several cars, besides tearing up the track in the immediate neighborhood and swinging it considerably out of line for some distance. President Bryan was on the train at the time and after putting what hands were aboard at work himself walked to the nearest tele graph station and ordered a special train for the passenger service and a force of hands for the wreck. Yesterday morning the train came over the Roe Herrings in Half Barrels, the regular line at the scene of the Kits, and at retail; Choice Mackerel, accident without a vestige of the Turk's Island Salt, (for freezing purwreck remaining, the whole thing poses), Crosse & Blackwell's Table having been cleared away in the in-Salt in Small Stone Jars; Dutch, terim.

"How tould She Say "No !"

Enterprising Agent: "I am the agent of the Anti-Matrimonial Society, Miss. Our object is to discourage hasty marriages."
Omaha Girl: "That's real good of

'Yes, you see you pay us \$5 a month as long as you remain single, and if you live to be 60 without marrying we give you \$20,000; enough to live on.

"Dear me ! \$20,000!" "But if you marry you lose every-

"Well, here is the first \$5. If I in and the \$20,000, too, wouldn't I?" "Every cent of it."

PUTZ POMADE Is the Greatest Labor-saving Polisher Made.

It is not only for use in and by the Household, but should be used in the Factory, the Workshop, the Warehouse, the Store, the Office; on the Locomotive and Fire Engine, on the Steamboat, on the Yacht; by the Manufacturer, by the Mechanic, by the Sailor, Soldier and Musician.

It is invaluable for the polishing of Scales, Show Cases, Musical Instruments, and especially Metals with rough surface, where it is difficult to apply liquid or powder polishes.

It will polish Gold, Silver, Copper, Brass, Tin, Nickel-Plate or any other Metal.

It will not scratch or injure the finest gold. It will polish quicker than any other article.

It will polish easier than any other article. It makes all metals shine brighter than any other polish. It produceds a polish that stays very much longer than that produced by any other article.

It is the best polish you can use. It is the cheapest polish you can use.

It is truly a wonderful polish.

Ten cents buys a large Box; Five cents buys a small box.
