ELECTRIC LIGHTS - THE COMMONWEALTH-TOBACCO MARKET -SUPERIOR COURT -OTHER NEWS.

OXFOLD, N. C., Feb. 2. On last Monday the town commissioners closed a contract for a Thomson-Houston system of electric lights to be in operation in Oxford by April 15th. It is the intention of the contractors to have the lights in operation by April 1st, but the 15th was named in the contract in case of any unavoidable delay. The action of the commissioners meets with the hearty approval of the people, as was shown by the fact that at a meeting of the Commonwealth Club their sction was unanimously endorsed. Our people are thoroughly alive to any

enterprise that has for its end the welfare of Oxford. THE COMMONWEALTH The securing of electricity is largely due to the very active interest that the Commonwealth Club has manifested in behalf of the enterprise. This o. gani ation is now laboring actively for the establishment of a new bank and the erection of a large hotel, thoroughly equipped with every modern convenience and improvement. Acdence to the success of both enterprises before the close of the present year. As soon as these are secured, the Club will turn its attention to other internal improvements. How Men Die. we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose the ten-dency toward death. Many, however, have lest these forces to such an extent order issued by the superintendent prohibiting the use of snuffand to bacco in the mills. It is said that rather than give up their dip and chew to me of the operatives quit work.
