DISSATISFACTION REPORTED ON THE ATCH-ISON, TOPEKA AND SANTA FE SYS-

TEM -OTHER NEWS.

By Telegraph to the News and Observer. CHICAGO, Feb. 29 .- Emporia and Topeka dispatches printed here this morning assert that dissatisfaction exists among the engineers on the Atchison, Topeka & Santa Fe system, who, it is stated, claim that the company has not lived up to its agreement. When these dispatches were shown to officials of the Brotherhood in this city they declared it was the first they had heard of it and they did no believe the ceport was true. Had their men had any grievances they would have heard of it at least as soon as the newspapers. No complaints whatever have been made by the lodges on the Atchison system. United States Marshal Marsh has no official notification calling upon him to take any measures whatever in relation to the strike on the C. B. & Q. road. So far there has been no interruption beyond trivial and indirect delay to the transmission of the U.S. mail, and no obstruction in this direction is apprehended. Thirty-two engineers in charge of a Burlington agent arrived on the Pennsylvania road last night. The agent would not say where they came from, but extensive reductions have been from remarks dropped by some of them it is understood that they are takes off all the internal tax on tobacco part of a consignment from the Reading road.

Another surburban train was in operation this morning. All trains coming into and going from the union depot were practically on time. The fast mail west went out in good shape at three o'clock this morning. POSITION OF THE E. OF L. ENGINEERS.

PITTSBURG, PA., February 29 .- The Knight of Labor engineers of the Reading Railroad have clearly outlined their policy. According to an interview with one of the engineers they will take the places of the Burlington strikers, and will promise Chief Arthur, of the Brotherhood, to return to their homes if he calls his engineers off the Reading and Brooklyn Elevated roads.

Five car-loads of engineers and firemen passed through the city this morning en route to Chicago. There were 300 in the party and they were nearly all Knights of Labor and mostly former employees of the Reading road. They were a fine looking body of men In an interview one of them said:

Labor engineers out on the Reading fore the republicans get their bill is correct. The balance are to follow House passed the bill relating to filling every place. You see this postal crimes. It provides for the party! How can you blame us for going to work on the Burlington system? We are not going as Knights of Labor, but as individuals. Every man in the party is an experienced engineer and each of us has with him for the punishment of persons forging his fireman, so that a question cannot be raised as to whether we are competent to take the places of the strikers. We are compelled to make this move. We could get work no place else. It is a question of home and family with us. On the Reading road the Brotherhood jumped in and special to the News and Courier assisted the company to defeat us, today says: There is no foundation and now we go to Chicago to take the places of their own men. There are 360 men who were in Reading who may all go to Chicago."

William H. Bailey, of the executive board of the Knights of Labor, this morning. He did not sanction not with the party, but that it was purely accidental that he was on the same train that brought them to Pittsburg. Last night, however, while on the train, he mingled with their exact position, as they talked freely to him, whom they recognized Labor. Mr. Bailey intimated that strikers the proper course for the Brotherhood to pursue was for Chief Arthur to call his engineers off the Reading and Brooklyn Elevated roads and then the Knights of Labor and the Brotherhood could each handle

nelly is the last of four brothers that

We learn from the Asheville Citizen that information has been received of the capture near Landrums, South Carolina, of two men who are believed to be the murderers of Ben Ross, who was killed on the night of Feb. 2nd. The murder was traced to the parties through the agency of detective W. H. Deaver, chief of the Pinion Detective Agency of Asheville. Evidence points strongly to the accused as the guilty parties, and they have Carolina, for a preliminary hearing.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Lee, Johnson & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Chugh Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You bottle warranted.
