Intemperate-Untimeir.

Hillshorn Recorder We have read quite a number of communications purporting to come from Farmers in reference to Capt. Alexander for Governor, and much of their doctrine and expressions we regard as intemperate and untimely. Notably we refer to a newspaper item in the last issue of the Progressive Furner representing a conversation between a Farmer and a Lawyer. The Farmer said, or was made to say, That he and all the Farmers were in favor of the nomination of Capt. Alexander, and if they did not get him they would have no one else," or words to that effect, (we have losned out the paper to a farmer). Now these kind of expressions, we think, are not only intemperate, but wrong in every sense of the word. We are for Fowle for Governor and Alexender for Lieut. Governor, not that we love Alexander less, but that we love Fowle more. Have we any right to say that if we did not get Fowle we would have no one else ! This would be undemocratic and unwise in the extreme.

Should Fowle be defeated for the nemination and Capt. Alexander secare the prize, we would work just as Alexander as we would have done for Fowle, and should the reverse of this proposition be true, we know every in 1880. (The commissioner representdemocratic farmer will act the same

ADVICE TO *OTHERS.

Mrs. Winclow's Socian Syrup should la'ways be used when children are cutting teeth. It relieves the little sufferer at lonce, it produces natural, quiet sleep by relieving the children from pain, and the little cherub awakes as "bright as a button." It is very pleasant, to taste; soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrices, whether right from teething or other causes. Twenty-five cours a bottle.
