ROYAL BAKING POWDER. Through this section of the State nearly every route and office petition has been granted. If the department establish postoffices the next two years at the rate it has for the past two other vocabularies than the English will have to be consulted to supply the demand for names.

THE DEMOCRATIC PARTY IN THIS STATE. There are many such men to be found in the Democratic party in this State, but none so thoroughly equipped in every essential as the Hon. Daniel G. Fowle, of Wake county. Notwithstanding the brilliant attainments of this distinguished gentleman as a fact it is essential to the success of the party that he is more deserving and has stronger claims upon his party for his many personal and pecuniary sacrifices and for his brilliant and signal services rendered the party in the past than any one man to be found in it, and if they desire success in the coming campaign and at the same time wish to pay a debt of gratitude to the party which has long owed, the delegates in that convention will not hesitate to nominate him for their chief magistrate.

THE RAINBOW PARTY. The Rainbow Party, conducted by the Ladies' Aid Society of the Disciples' Church at Lottin's Opera House last Thursday evening, the 3d inst., was in every respect a decided success. The Society was organized by the ladies of the Disciples' Church for the purpose of securing funds for the erection of a new house of worship of which the congregation in Kingston now stand much in need. To this end the party was given, and we are glad to say that the handsome sum of \$50 and upwards was realized. Then, too, it was by common consent adjudged a most thoroughly enjoyed occasion. That awkward feeling of restraint which so often attends festivals visited no one, while perfect freedom and ease and their attendants, good humor and mirth, pervaded the entire assemblage. The management cannot be too highly praised, and particularly are Misses Estelle H. Rountree, Annie Phillips, Fannie Kilpatrick and Mattie W. Rountree, of the part of the ladies, and Messrs. H. E. Mosely and N. J. Rouse, on the part of the gentlemen, to be commended for the industry, taste and good judgment displayed in the preparations therefor and in the programme and conduct of the order of exercises of the evening.

SIXTY-FIVE YOUNG LADIES. Sixty-five young ladies carried aprons of various cuts and colors, and ready for hemming. For each lady with her apron as gallant had been provided, and in a scene amusing and interesting as well as ridiculous to behold sixty-five untutored and unpracticed youths stitching away at their aprons with anxiety and determination to be successful in winning one of the two prizes which had been offered, one for the best and one for the most carefully hemmed apron. After carefully considering and deliberating, the committee awarded the 1st prize to Mr. Flavius Darden, and the 2d, or booby, prize to Mr. R. C. Strong, Cashier of Lottin's Bank. We will say in this connection that although the Cashier was pronounced the booby of the sewing circle, yet he proved himself a booby not to be, when he displayed his great skill, adroitness and banking experience in bribing (?) the committee that awarded him the much-coveted acquisition. The committee reported several as deserving special mention in reference to both prizes. The prizes were harmoniously and appropriately delivered by the ever-ready and genial Dr. H. D. Harper. After the hemming of the aprons, all partook of the elegant and sumptuous supper that had been prepared, and when the evening had passed, entertained most pleasing recollections of the hours spent at the Rainbow Party. Wm. Darr.

THE DEMOCRATIC COUNTY CONVENTION. Cor. of the News and Observer. TRENTON, JONES CO., N. C., May 7. The Democrats of Jones county held their convention here today. Delegates were appointed to the State and Congressional Conventions. The congressional delegates will go to F. M. Simmons. The State delegates are not instructed. Henry R. Bryan, Esq., of Craven, was here and being called upon, made a speech to the convention, which was calculated to do great good to the Democrats of this section. DELEGATE.

THE YOUNGER MEMBERS OF THE HOUSE. The younger members of the House are said to be making the best tariff speeches.

CONGRESS. PROCEEDINGS YESTERDAY IN SENATE AND HOUSE.

MR. VOORHEES MAKES A GRACEFUL APPOINTMENT FOR THE REMAINDER PROVIDED BY THE EXPIRING INDIAN. OTHER NEWS.

WASHINGTON, May 8.—SENATE. At the conclusion of the morning business Senator Voorhees arose, and after stating that he had been ill for a week, said: "Referring to the discussion in which I participated last week I desire to say to the Senate that however severe the provocation which was given, yet I made use of language at that time contrary to the rules of this body—parliamentary rules and the decorum of the Senate. I regret having used such language and now tender the proper apology to the Senate of the United States for doing so. My high respect for the dignity of this body, of which I have so long been a member, as well as my self-respect, induce me to make this statement. The Senate then proceeded with routine business.

MR. INGALLS WAS IN HIS SEAT upon the floor of the Senate and Mr. Harris occupied the chair during Mr. Voorhees' remarks. When Mr. Voorhees had concluded, without any comment on his part Mr. Ingalls resumed his seat as presiding officer. The Senate then resumed consideration of the railroad land grant forfeiture bill, the question being on an amendment offered yesterday by Mr. Palmer to one offered by Mr. Spooner on the 30th of April. The question was discussed by Messrs. Berry, Spooner, Teller and Palmer. The discussion was interrupted at 2 o'clock for the purpose of taking up unfinished business, the animal industry bill, but on suggestions from Messrs. Callom and Blair unanimous consent was given to proceed with the land forfeiture bill until its completion, and so the discussion went on. Finally Mr. Palmer's amendment was rejected.

MR. SPOONER'S AMENDMENT, confirming the title of all persons holding or claiming certain described lands in the State of Michigan, was agreed to. Mr. Palmer offered an amendment that nothing in the bill should be construed as excepting from forfeiture unfinished business, the animal industry bill, but on suggestions from Messrs. Callom and Blair unanimous consent was given to proceed with the land forfeiture bill until its completion, and so the discussion went on. Finally Mr. Palmer's amendment was rejected.

MR. BRYCE, of New York, rising to a question of privilege, read the language used by Mr. Woodburn, of Nevada, in reference to Congressman Hewitt having apologized to the British Minister for offering a resolution of inquiry as to the case of O'Donnell, under sentence of death in Great Britain. Mr. Bryce stated that he had denied the correctness of the statement and in vindication of his denial he had read a telegram from Mayor Hewitt energetically denying that he had ever apologized to the minister and a letter in which he details the circumstances of the case. The following is the telegram: "Have just seen the reports in the newspapers. Woodburn's statements as reported are simply untrue. Brumm's statement is probably due to forgetfulness. He is entirely wrong. I never made any statement whatever in the House on the O'Donnell business, and never made any apology there or elsewhere. There is nothing to explain or to apologize for. The story that I apologized to the British Minister was a lie which I contradicted at once in the newspapers in which it appeared. No charge was ever made in the House and hence I never had occasion there to deny it. The newspaper charge was utterly false and was contradicted by West as well as myself. You were quite right to interpose a flat contradiction, and I thank you for it. Will write more fully." (Signed) ABRAM S. HEWITT.

MR. HEWITT'S LETTER was also read. It is an amplification of the telegram, and begins with the statement that "he once started never ceases to circulate, and every time it appears it comes up with new additions." The subject was then dropped and the House went into committee of the whole on the tariff bill. Mr. Stockdale, of Mississippi, took the floor in continuation of his speech in favor of the bill, which was interrupted by adjournment last Saturday. He said that the cotton planter had received little consideration in the legislation of the past. The cotton industry was the favorite of the colored man. In the name of justice and humanity he appealed for relief for the colored people. They should no longer be held in servitude to the gigantic protected industries from which they derived no benefit and to which they were under no obligation. Mr. Hopkins, of Illinois, opposed the bill. He entered his solemn protest against this attempt to overthrow the great business industries of America.

MR. MANSON, of Missouri, delivered an exhaustive speech in support of the Mills bill and contended that the internal revenue system should be maintained for the payment of pensions and the remainder of the war debt. Mr. J. D. Taylor, of Ohio, denounced free trade as a fragment of the rebellion and as being as dangerous to the country in 1888 as secession had been in 1861. Free trade had no more right to supplant protection than the Confederate constitution had to supplant the constitution of the United States. The Dem-

JUDGE FOWLE AND THE LETTER IN THE STATESVILLE LANDMARK.

"DEMOCRAT" WRITES ANOTHER LETTER IN WHICH HE SAYS HE IS CONVINCED THERE WAS NO GROUND FOR HIS CHARGES. Special to the News and Observer. STATESVILLE, N. C., May 8.—The following communication will appear in the Landmark of this week: Editor of the Landmark: I perceive that an article I wrote for the last issue of your paper has created a great stir and enquiry through the State, and I am glad of it. Let the characters of all the aspirants be thoroughly sifted before the convention meets. I have myself examined the evidence in the reports of the Fraud Commission and am now satisfied that Judge Fowle did nothing in the matter of the bonds of the A. T. & O. R. R. but what any other lawyer might have done with a good conscience, and that he is in this matter free from blame, and the Judge's explicit denial of the allegation that he has ever offered to run as a Republican candidate is conclusive on that matter. Judge Fowle is a man of truth. I had no motive in my last article but the good of the Democratic party and have none in this but to do justice to Judge Fowle. I believe, with these matters set right, Judge Fowle is one of the most popular men in the State, and would get as large a vote as any and for setting them right his friends may thank DEMOCRAT.

THE DOCTORS. THIRTY-FIFTH ANNUAL CONVENTION OF THE NORTH CAROLINA STATE MEDICAL SOCIETY. Special to the News and Observer. FAYETTEVILLE, N. C., May 8.—The thirty-fifth annual meeting of the Medical Society of North Carolina opened here today with a very appropriate prayer by Rev. J. H. Wheeler, a very cordial address of welcome by Hon. G. M. Rose of this city, and a response by Dr. R. H. Lewis, of Raleigh, N. C. This was followed by the usual order of business. At the afternoon session a very interesting report of the section on surgery was made by P. B. Harringer, M. D., of Davidson College, N. C. The Society was then highly entertained by an address by the president, T. D. Haigh, M. D., of this city. At the evening session the annual essay was read by W. C. Galloway, M. D., of Snow Hill, N. C., and a lecture was delivered by W. C. McDuffie, M. D., of Fayetteville, N. C., on the subject of Dietetics on Health.

THE CREW OF THE EUREKA SAFE. By Telegraph to the News and Observer. PHILADELPHIA, May 8.—Capt. Quick of the steamer Eureka, which was in collision with the steamer Benison on Sunday and who, with his crew of thirty-eight men, were supposed to have been drowned, arrived here this morning with the entire crew safe and uninjured. The Eureka crew were brought here by the steamer Dessoug, having been transferred to that vessel from the brig Caroline Gray, which picked up the ship at six o'clock Sunday evening after they had been in their boats for about five hours.

A TERRIFIC EXPLOSION. By Telegraph to the News and Observer. MANCHESTER, N. H., May 7.—A terrific explosion occurred in the sash and blind shop of J. Hodges, on Elm street this morning, totally wrecking the boiler house, engulfing all the windows for rods around and landing the heavy portion of the boiler on the corner of a dwelling house 300 feet away. It is stated that three bodies have already been removed from the ruins and that several persons have been injured by flying missiles.

TRAGIC DEATH OF AN AMERICAN IN LONDON. By Cable to the News and Observer. LONDON, May 8.—As Mr. Mahlon Sands, an American, was starting out for a ride in Rotten Row last evening his horse fell and rolled upon him. Mr. Sands was removed to Saint George's hospital, where he died two hours afterwards. He married a niece of the American banker, Mr. Levi P. Morton.

WINSTON MUNICIPAL ELECTIONS. Special to the News and Observer. WINSTON, May 8.—The municipal election here yesterday passed off quietly. The vote was full on both sides. Buford, Dem., was elected mayor over Dwire, Rep., by a handsome majority. The board of aldermen is also Democratic. There was no political issue in Saleen, Vogler, Republican, was elected mayor.

THE EMPEROR PASSES A BETTER NIGHT. By Cable to the News and Observer. BERLIN, May 8.—The Emperor passed a better night and slept fairly well. The discharge of pus is decreasing and his fever is low. Hanged. By Telegraph to the News and Observer. PORT AU PRINCE, May 8.—Robert G. Hall and Denis Vincent were hanged at the county prison here at 10:13 o'clock this morning. Sale of Lots Postponed. By Telegraph to the News and Observer. BIRMINGHAM, Ala., May 8.—The sale of lots at Ensley is postponed till further notice. Bond Offerings to the Government. WASHINGTON, D. C., May 8.—The tenders of bonds to the Treasury of day aggregated \$4,015,000, of which Acting Secretary Thompson accepted 5,750 four per cents at 126 1/2. The prices asked for the others were too high. The Georgia State Convention. By Telegraph to the News and Observer. ATLANTA, Ga., May 8.—The Georgia State Convention assembled at Atlanta at noon today.

OUTLAWED. THE PEOPLE OF BLOUNT'S CREEK INDIGNANT.

WILLIAM ADAMS AND JOHN NEWTON, FRAZIER'S COMPANIONS IN INIQUITY, FUGITIVES FROM JUSTICE. Special to the News and Observer. WASHINGTON, N. C., May 8.—Wm. B. Adams and John M. Newton, the two men implicated with Frazier in the killing of Joshua Cox at Blount's Creek, this county, on Saturday last, have succeeded in making their escape. They have today been declared outlaws. They are armed with shot guns and pistols and are supposed to be in hiding in the swamps of this and Craven counties. Much excitement prevails at Blount's Creek. The Great Western Air-Line Railway Company's meeting was largely attended and much interest was shown in the proceedings. Col. W. F. Gorman was chairman. It is the general impression that the various townships will vote to subscribe the amount asked by the company to secure the building of the road through Franklin county. The line, it is thought, will run from Franklinton to Louisville, thence to Laurel, thence to Centerville. The company also asked a subscription of \$50,000 from Franklin county.

AMONG THE CROWD HERE YESTERDAY was Mr. Allen Perry, who is now 84 years of age. He is hale and hearty, vigorous and personally attends to the farming operations on his place. All his sickness added together do not make four days during his long life! He was at one time a member of the Legislature from this county. Another of our old citizens is Mr. Geo. W. Johnson, now more than 87 years of age. Mr. J. walks erect, reads without glasses and is a veritable store house of information about all kinds of stock breeding.

YESTERDAY WAS THE ANNUAL ELECTION of town officers. The council stands four Democrats to two Republicans. Two members of the former board, Judge Howard and W. E. Fountain, were re-elected. That the present mayor, W. E. Fountain, will be re-elected, there is little doubt. The union meeting at the Methodist Church continues. Quite a number have made professions of conversion. The Edgecombe Guards will leave tomorrow for Washington, N. C., to take part in the unveiling of the Confederate monument. We have had fine rains recently, and cotton is up and looking well. TAU.

THE MUNICIPAL ELECTION ON YESTERDAY resulted as follows: T. W. Goodrich, mayor; W. H. Walker, Redding Perry, W. E. Gary, J. D. Cooper and R. L. Daingerfield, commissioners. The Henderson Tobacco Company are now putting up the "Golden Hub" and "Clear the Track" daily. Your correspondent had a look at their apparatus and some samples a few days since and they seem well fixed for business. The walls of the new buildings on Garnett street are getting "well up in the air." The Henderson chorus left for Petersburg yesterday. We wish them a pleasant trip. There was a large sale of town lots, situated on the suburb, yesterday and from the prices they brought at public auction a man needs not much of Henderson's soil to feel independent. Rain is much needed and the numerous indications thus far have only served to bring disappointment. R.

SPICE AND GOSSIP AT THE SUMMER CAPITAL. Cor. of the News and Observer. ASHEVILLE, May 7. The May term of the Federal Court begins today. The docket is filled with the usual number of indictments, and the streets of the city show the usual increased crowd, witnesses, jurors and officers of various grades. Mason Superior Court also commences this week, Judge McRae, presiding. The Republicans of this township held a meeting Saturday and appointed delegates to the county convention which is appointed for Wednesday. No resolutions were passed. The attendance was very small. An executive committee composed of H. S. Haskins, Hardy West and H. L. Gudger was appointed. The township meetings of the Democratic party will be held on the 12th inst. Our county convention will meet on the 19th inst. Sentiment is divided between Siedman, Fowle, Alexander and Gilmer, with Siedman undoubtedly much in the lead. The French Brood Agency Baptist church, Rev. Dr. Carroll's, was opened yesterday. It is the second Baptist church in this city. Yesterday two Episcopal bishops held services here—One English, Bishop Willis, of Honolulu, and the other Bishop Lyman on his regular visitation. Bishop Willis participated in the morning services at St. Philip's chapel; Bishop Lyman ordained Rev. J. R. Harding to the priesthood in the morning at Trinity church, and confirmed a number of persons at the same church in the evening.

Sold by John Y. MacRae.

COVIES TO BE RENOMINATED. Special to the News and Observer. LENOIR, N. C., May 8.—At the Congressional convention of the eighth district to meet in Lenoir May 24 Mr. Cowles will be renominated.

REMARKABLE ESCAPE FROM JAIL. CHARLOTTE CHRONICLE.

THE GREAT CELEBRATION OF THE BATTLE of Guilford Court House has come and gone. The only speech that was specially prepared for the occasion was that of Judge Shenck. It is represented to have been elaborate, learned, able and eloquent. We are gratified to learn that the distinguished speaker proved to the satisfaction of his auditors, that the stigma of cowardice, which in tradition and history has attached to the North Carolina militia and that crucial day of conflict, was wiped out by a manly and complete unfolding of nation which we are told, the orator made of the retreat of the North Carolina militia from the conflict, of which so much has been said and written, was that General Greene had ordered them to fire so many rounds and retire, and they literally obeyed orders. This explanation was shown by abundant evidence to be correct. This is the conclusion we had reached long ago.

A FEW DAYS SINCE WE GAVE, at some length, an account of the transplanting of the corner of a rabbit to that of a young woman, a patient in the Germantown Hospital, Philadelphia. The operation in itself was entirely successful, but, as stated at the time, it will require some fifteen days to determine whether the patient's sight has been actually and permanently restored. On Wednesday last the patient, who had been kept in a dark room with her eyes securely bound, was visited by Dr. Fox, the operator, who proceeded to investigate by removing the bandage. The Times, in its account, says: Upon examination it was found that the eyelids had not developed the slightest swelling, every nerve was in a perfectly normal condition, the graft had remained exactly in place, the edges are all united, and the graft, which has a perfect appearance, is as transparent as crystal and has attached itself to the basement membrane. So good a result was not even dreamed of by Dr. Fox, who said, enthusiastically: "Von Hippel expects that at end of three days the graft will be lacy, but this is not so. It is at once transparent. I believe now that the opaque tissue which has obscured the sight will become transparent. At any rate, Mrs. Schick has now a fighting chance of recovering her sight." When the news of the success got abroad among the medical men of Germantown the telephone at the hospital was kept in constant use by physicians who lost no time in congratulating Dr. Fox.

WAKE FOREST V. BASEBALL. There will be an interesting game of baseball tomorrow at Baseball Park at 2 o'clock p. m. between the Wake Forest and Raleigh teams.

A WRITER IN THE OHIO Farmer calls attention to the unsightly surroundings of the houses so frequent about homes which insure as kept as neat as a new pin. The whole question is merely the extension of an idea. We never actually get rid of dirt. We remove it, or by fire change its form. Usually the thing to be determined is, How far shall dirt be removed? Some neat housekeepers are satisfied to throw dirty water out of the chamber windows and the dish wrappings out of the kitchen door. Their purpose is served if they no longer see the dirt. The chickens are always close to such a home, and while they are excellent scavengers they do not increase cleanliness in other ways. These convenient habits destroy all ambition to keep a nice looking yard, which is seen by 100 people to every one who sees the inside of the house. Besides, the soil becomes soaked with foul water, throws off a disagreeable odor and is positively unhealthy.
